Will Christina make a new friend at camp--or a new enemy?

Christina Reese is so excited. She's going away to riding camp for three whole weeks! Christina is sure it will be a blast--until she meets Eliza.

Eliza can't stand Christina's, just because her parents own a famous racing barn. She tells all the other campers that Christina is spoiled and stuck-up. But then Christina discovers a secret Eliza has been hiding--something Eliza is desperate to keep the other riders from finding out.

Christina knows she should keep quiet. But it's hard not to tell the truth about a girl who lies....

Rena Sherwood says

Cute book in the ever-increasingly cute Thoroughbred series. Nice emphasis on the horses, though, although such a super riding camp is only found in fiction. I'm glad there was a character who wasn't rich, but it would be nice to add a character a bit more like real people -- who can only afford to ride in their dreams.

A nice book to read to relax to. Nothing too deep or earth-shaking here.

Really good apart from the romance bits.
