Ojo por ojo. Ése era el lema de Mason Knight en la sala de juntas... y en el dormitorio. Y, desde luego, se aplicaba a la cazafortunas Helena Davies. Aquella mujer deslumbrante y preciosa había pasado una inolvidable noche en sus brazos, pero al día siguiente se había casado con un hombre mucho mayor que ella. Doce años después, Helena, ya viuda, apareció en la casa de Mason afirmando que su hijo era realmente hijo de él y que haría cualquier cosa para asegurar su herencia. Oh, sí, finalmente Mason Knight podría llevar a cabo su venganza.

Final book in a trilogy about brothers. This is the guy who was a total pinhead through the whole book and then everything is magically forgiven in the last three pages.....real life, no I hope not but a nice fiction book.

\*\*\*\*\*Spoiler alert\*\*\*\*\*

Well written series although some of the characters I found kind of empty, or maybe I just didn't connect with those characters - such as the father of the three brothers....he was sort of on the outside but really no detail about the father other than losing the boys mother to cancer. I think all three stories would have been better if more info about the father would have been included.

Kejamm!!!! Novel ini kejam sekali membuat gue nangis bersimpah air mata padahal konfliknya sekedar kesalahpahaman antar hero dan heroine.

Berkisah tentang Helena yang terpaksa menghubungi ayah kandung anaknya-dari hasil ONS- semalam sebelum menikah dengan mempelai pria yg puluhan tahun lebih tua darinya.

Kesalahpahaman mereka begitu menyedihkan karena sama-sama menjadi pihak yang terluka. Helena berjuang mati-matian agar bisa bebas dari kesalahan dan kesalahpahaman. Sedangkan Mason juga ngotot dengan asumsinya sendiri. Btw gue suka sama penjabaran sosok Patrick-mendiang suami Helena disini. Ia terkesan hidup dalam kenangan orang-orang yang dicintainya. Patrick mengajarkan kita bahwa "siapa menanam, dia menuai" dalam hidup bersama manusia :)

I didn't like the hero in this book, he seemed like a total douche. I know most heroes are arrogant and can sometimes be cruel but this one was over the top for me. I felt sorry for the heroine and considering this was the last book in the series, it was really a doozy! I can't say that I was all that impressed or all that unimpressed, I was walking the line. So three stars.

3 Stars ~ Twelve years ago Mason had rescued a young woman from her car that had skidded on ice into the river. Quickly he'd pulled her into his big rig and turned up the heat and urgently helped her strip out of her frozen clothes, and then he striped too and used his body heat to stop her shivering. Both exhausted, they fell asleep, until Mason woke to find her reaching for him, pleading for him to "show me I'm alive". In the morning all she'd asked was to be dropped at the nearest town and when he'd asked her if that was it, she'd confirmed with finality, "yes, that's it". Hours later, while Mason waited as best man with his mentor, he's shocked to see that the beautiful bride is the woman he'd rescued from the river.

With her husband's recent death, Helena is desperately trying to hold onto the Davies Freight for her 11 yr. old son's future. But her husband's oldest son by adoption in a previous marriage, wants to bleed the company dry, and he insists on having Brody's shares in the company too. Somehow, Evan has learned of her past before she'd met Patrick and he's willing to use her secrets to destroy her reputation and torment her son. Leaving her lawyers office after the reading of the will, she's surprised by a letter and medical documents that Patrick left for her. In the letter, Patrick tells her that if she should ever need help that she's to go to Mason, and he further tells her that she needs to tell him everything. The medical documents attest that Patrick had been infertile and that there was no way he could have fathered Brody. Somehow he had figured out that Mason was Brody's real father, something Helena had never considered. With Brody's inheritance at risk, Helena has no choice but to go to Mason.

Mason doesn't know how Helena has tracked him down to his retreat, all he knows is she's not welcome. With the weather threatening to storm, he can't very well turn her away. Hearing about the trouble Davies Freight is in, he seriously suspects it's all Helena's doing and not Evan's, even though he despises the creep. When she tells him that Brody is his son and that Davies Freight is Patrick's legacy to the boy, he doesn't believe her. Reading Patrick's letter and then the medical documents, Mason boils inside at the betrayal. How could the man he'd once loved as a father have kept his son from him? But had he? Helena was no angel, how did he know that he'd been her only other lover beside her husband. She's a conniving gold-digger. Insisting on paternity testing, Mason returns to her the city, and then he seeks out Evan. Making a deal Evan can't refuse, Mason leaves that meeting the owner of the other half of Davies Freight. He'll now get to the bottom of what is really going on and who is responsible. And should Brody prove to be his son, there is no way Mason is leaving him in Helena's clutches to ruin.

Ms. Lindsay's middle Knight brother is one who is very bitter, bearing emotional scars from battles with his father and betrayal from one of his father's mistresses. He'd never forgotten Helena and had always regretted not speaking up at the wedding. Helena is a strong woman willing to do just about anything to protect her son's future. When Mason ruthlessly takes control of her world, she has little power to fight him. Mason is brutal as he ekes out his revenge, which makes it hard to warm up to him. Harlequin was steering their Desire authors towards more ruthless heroes, which makes redemption a challenge. Ms. Lindsay does redeem Mason quick nicely in the HEA. An epilogue for this story and for the trilogy is sorely missing.
