**See below for English description.**

Maude n'a pas mis ses vêtements sales dans le panier à linge et elle n'a plus rien à porter! Le seul vêtement propre qui lui reste est un t-shirt que sa grand-mère lui a offert, sur lequel on peut lire: "Bisou s.v.p." Maude a peur que les élèves de sa classe se moquent d'elle. Elle ne sait pas encore que, grâce à ce t-shirt, elle deviendra l'enfant la plus populaire de toute l'école.

With his classic style, Robert Munsch takes a normal, everyday situation and turns things upside down! When Lacey goes to get dressed for school she finds she has...no clean clothes! Her mom tells Lacey to wear the shirt her grandma gave her. It's a weird shirt that says: "Kiss me, I'm perfect!" Lacey just knows the other kids are going to make fun of her. On the way to school, Lacey meets a cat, a dog and an eagle. They all read her t-shirt, and give her a kiss! Then she meets a moose, who gives her a large wet moose kiss, right up the front of her face and over the top of her head. Lacey is thrilled - maybe this shirt is wonderful, not weird! "This is a story about Lacey, a girl from Stewart, B.C. All the animals in the story are really in Stewart. Not near Stewart, IN Stewart. The day I made up this story the kids could not go out for recess because there were two grizzly bears on the playground. Lacey was in grade one and was wearing a t-shirt that said, "GIVE ME A KISS HUG," says Robert Munsch.

No Clean Clothes was a favourite of mine when I was younger. Robert Munsch is an author who really understands kids. A girl pulls her room apart trying to find clean clothes and finds nothing clean. A crisis occurs and she doesn't know what to do. Will she eventually find clean clothes?

No Clean Clothes! Is a story about a girl who has absolutely nothing to wear! She is forced to wear a "strange grandma shirt" that she received from her grandmother; it says Kiss Me I'm Perfect on it. At first, it seems like an embarrassing shirt, but on her way to school, she gets all sorts of animal kisses!

I want this shirt; it's a magical, strange grandma shirt that has powers to make animals love you? I want fifty!

A book that teaches kids good habits about their laundry, but also about the consequences of never putting out your dirty laundry. If you don't do it, you'll have to wear an embarrassing grandma shirt to school. Fortunately for the protagonist, she also learns that what she originally thinks is an embarrassing grandma shirt, is actually the best shirt she owns! Double moral! Can't go wrong with Munsch!

No clean clothes is about no clean clothes and also the kid is kissed because her shirt said kiss me I'm perfect. And a dog kissed her and a cat kissed her and a moose kissed her and she went to school and there was green slime all over her and her teacher made her clean up her face. My favourite character was the girl

who had no clean clothes because she fed her underwear to the dog. I was ok with this book because it was kind of gross. Like when the moose licked her he put green slime all over her that was green like the grass and shiney and gross.

I would recommend this book absolutely to teach kids to put their laundry in the laundry basket like me or else this is what could happen.

(read as part of the book "Munich Mania")

not one of my favourites.. but it was cute all the same! I loved the incorporation of animals and animal kisses! I don't remember this one from when I was young.. may be my first time reading this one .. I liked the ending a lot! the note from Robert after the story was a nice personal touch.. it tells us how the story originated!

This cute and funny story is about young girl who doesn't have a clean shirt to wear so her mother recommends she wear a shirt her grandmother gave her that says "Kiss me, I'm perfect". At first, Lacey didn't want to wear the shirt but she soon realized how great it was because a bunch of different animals started to kiss her. First it was a cat and then a dog and then a bird and then many other animals. When she got to school she was even kissed by a boy! But her favorite kiss was by a bear and soon Lacey got everyone a shirt that says "Kiss me, I'm perfect". I would recommend this book for students 1st-3rd because it is picture book but also has more text than what younger children may like. But the illustrations are fun and lively that show movement very clearly. The theme of the story is try before no to something this could be taught in a classroom. Lacey didn't know what a good reaction she would have wearing the shirt and she learned just how great it is.
