*Kaye Blue*

**Reign** Kaye Blue

HIM:

Marrying the enemy's daughter proves my loyalty, and that's what I need to do to move up. I didn't count on her getting under my skin, tempting me to feel things, do things, that I never have before.

If this agreement doesn't hold, it'll mean war. I need her...and now I want her. But can I trust her?

HER:

Our marriage is all about keeping the peace...at least on the surface. What my husband doesn't know will definitely hurt him when I turn the tables and win control of the family.

But he isn't the man I thought he was—and neither is my father. Now my loyalties are divided, tearing me in two. Should I help the family of my blood...or my heart?

## **From Reader Review Reign for online ebook**

### **Lisa says**

Once again Ms Blue has blown me away! Her books just keep getting better. Very strong characters and intense world. And the relationship between Sergei and Daniela will melt your heart. I got so caught up, I felt like I was in the same world as the characters. Oh how I loathe Daniela's father! I won't say what I want to say because it would spoil it. But this heroine was such a strong person. And I can't wait to see what book is next. I hope we get more of this couple. I think they are now my favorite. We did get to see more of Maxim and Senna. Read it, you won't be disappointed and you won't be able to put it down.

### **Lin ( Nerdy Bookworm) says**

\*\*\* Received a copy from the author in exchange for an honest review \*\*\*

If you haven't read Possess which is the beginning and ending to Santo's psychotic flippancy and the introduction of Sergei, it is alright because this is a standalone series and it isn't essential to this story but I recommended it. Because they are both( Possess and Reign) fantastic action packed gripping stories that it limpid your first insight into the syndicate fight and the world they reside in. The story describes Daniela Carmelli( Santos's daughter) arranged marriage to Sergei Vetrov to keep war from festering within the organization after an abhorred act. The arranged marriage was for that purpose, but is it enough? Will Santo keep the agreement he made with Maxim or become deranged or unhinged? The plot story of this book was very well written and fast paced, I literally could not put it down. The author is able to weave stories together that instantly transport me into worlds of greed, crime, and betrayal. I've always loved books by Kaye Blue because she never disappoint her readers and this series is truly evidence!!

---

### **Iva says**

I read all the books in Romanian Mob Chronicles series so I had to read all in this series. So, I love this author and I love all her books. However in some books it doesn't have the epilogue which is okay but I just love those books when you read that the characters have baby or something like that. So I hope in all the other books in this series there will be an epilogue because without it I feel that the book is not finished. Maybe author did that so it would look like the series will continue but I think that is not necessary because all books can be read as standalone. Although there are no epilogues I like books from this writer because the books are easy to read in a one day and they are amazing to read with all that alpha man, passion, crime and everything just fit perfectly together.

---

### **Leslie says**

These books are these best. They capture you from begging to end. And I always want more. I can't wait for the next one.

\*\*\*\*\*ARC provided by author in exchange for an honest review\*\*\*\*\*

I was eagerly anticipating this story next as I thought Sergei was beyond sexy and adorable in I'll murder you if I have to, kind of way. Lol. In this story we have Sergei attempting to solidify his place in the Syndicate to take over former mob boss Santos's area. Under Maxim's order Sergei is to marry Santos's daughter as a way to control Santos and watch his next move. As I stated in my last review on Maxim and Senna's story, Santos should not have been allowed to live. Oh well, I guess Maxim had a plan in place. As Sergei and Daniela engage in a marriage that is duty bound due to their situation, they realize that there is an instant attraction, which turns to love for each other, as their relationship progresses. There is the scorching hot sex as per usual with Kaye Blue stories. I do want to mention that what attracts me the most to these stories is that Kaye Blue is very light on the H/h physical descriptions. We have just the minimum to know that they are attractive. The focus of the story is not on their beauty but on the meat and bones of the story. I was slightly disappointed there wasn't more murder and death but oh well a girl can't get everything she wants all the time right? Lol. Loved it and enjoyed it immensely. I really do hope Adrian's tale is next. There is such an air of mystery shrouded around him that I'm dying to know his story.

---

## **Susiq says**

I received this copy free for a honest review. Can I say Kaye Blue, is getting better as she continues as an author. Hands down this my favorite book so far.

This is a story of Daniela and Sergei who've met in the previous story. The story opens up with them getting married. From there the story slowly escalates. I love that Daniela does things out of loyalty, so does Sergei. They are equally matched.

I don't want to give too much away, it's a quick read. Kaye Blue is becoming a better author as she is progressing. Go out & purchase.

## **Pamela A. Bryant says**

### **Love them all**

Can't stop reading them . They make me feel like part of book. Have followed her for a while. Great books.

---

## **Flip says**

I received this ARC for an honest review. Um..... I like it until the end. I felt like the ending of Sergei and Daniela story could have been done better because their story started out hot from the very beginning and I'm not just talking about sex. But other than that I enjoyed it very much. Daniela is the sweet daughter of the creep Santos if you read Posses with the awesome couple Maxim and Senna then you'll know all about that cruel and evil man Santos. And you'll also know who Sergei is too, don't get me wrong he made an

impression in the first book but now he really got to shine in the sequel. I did love how the both weren't really feeling this whole arranged marriage but that quickly melted away and a whole new outlet was formed it became about loyalty and love. Like I said I did love this book and Sergei defended his woman and Daniela chose to stick by her man. Even though Daniela's choice almost cost her her life. But in the end everything worked out and now those two lovebirds are happy and a united pair. I can't wait for book 3 to come out because I'm really excited!!!!

---

### **Mspraise50 says**

I love this author and I have yet to read a book I did not thoroughly enjoy by her.

This is Sergei and Daniela's story. I loved that the story was mainly about them and their relationship and how they responded to the outside forces trying to make an impact on their union. The marriage was arranged but how they found love through that difficult situation was beautiful to me. I love the honesty they had in the relationship even when Daniela first tried to hide her attraction to her husband. I loved how in tune they were to each other. Sergei could tell just by looking at her when she was off even when she tried to hide it. However, at all times he was tender and loving towards her. I truly loved this story. Daniela was truly a good woman.

I would highly recommend this story.

---

### **Tony says**

Not bad, a little slow in parts. Daniela and Sergei were likable characters and it was good to catch up with Maxim and Senna.

---

### **\*Dee's Reading Time Matters says**

Reign by Kaye Blue was a great page turner and kept my full attention!

Kaye Blue had done it again! She weaved yet another smexy mafia story that made me say "hot dang" with a devilish grin!

Note: If you haven't read Possess-do because Sergei was first introduced in Maxim and Senna's story--- the first book of the Syndicate series.

According to Merriam-Webster's online dictionary, Reign means "the period of time during which someone or something is the best or the most important, powerful, etc." Well the most important mafia in the area now is the Syndicate lead by the brooding but reverent, Maxim... duh, duh, duh dun...

Reign's H/h, Sergei and Daniela's marriage was a duty-bound union due to Maxim's Syndicate taking over the area and crazed Santos living to tell another tale after Senna chose not to allow Maxim to gut him. In the end Santos is stripped of his mob boss title and left broken and his daughter was used to bring the two groups

together. There might have not been any love on their wedding day but there was a strong connection and the story moves swiftly with both characters being lost in each other yet surrounded by their obligations to separate mafia connections - h to a ruthless father, Santos and H, Maxim's Syndicate Boss (Sergei wants more responsibilities and ready to prove himself). The antagonist, Santos makes Sergei look like an angel-- well let's be exact... an avenging angel because he wants his title back one way or the other!

As their relationship grew, lust turned to love while loyalty changed the dynamics of relationships and Daniela had to chose sides--- new husband or former crime boss and ruthless father Santos. There are twists, turns and revelations to both dutiful and good girl Daniela and •alpha to the 3rd degree, Sergei.

Read it! You won't be sorry because I assure you that all will be shocked to the lengths of some of the characters in Reign!

Looking forward to the mysterious Adrian's story... say with the doctor (hint-hint).

This ARC was gifted to me for a honest review.

---

### **Monica says**

(ACR) Let me start off saying that absolutely love this book my only problem is the ending seems to be rushed that is what accounts for my 3 star rating. Reign is the second book in the Syndicate series. It tells the story of Sergei and Daniela. Sergei marries Daniela as a way to prove his loyalty to Maxim and The Syndicate. Where as Daniela marries out of a misguided attempt to keep a promise to her mother to save Santo from himself. I love how they both ffought the attraction for one another and slowly understanding what the meaning of Love Is. You are allowed to see Sergei grow and find a meaning to his life and Daniela eyes are open to the man Santo is and not whom she wants him to become.

---

### **Natashia says**

I received an ARC in exchange for a honest review. Daniela and Sergei had a powerful instant chemistry that I enjoyed watch grow into so much more. I would have loved to hear more about both of their backgrounds but it didn't take away from the story. I was glad to get a follow up on Senna and Maxim! All in all it was a quick page turner that had me constantly waiting for the other shoe to drop.

---

### **Deena says**

I enjoyed Sergei and Daniela's story. I liked Sergei in the previous story, so I'm glad that he was the next soldier to fall in love. Daniela growing up in the lifestyle put a bit of a different spin on the story, which was nice, because while not knowing specifics, she knew what was up and wasn't as green as some of the heroines in the other stories. She will definitely be an asset to Sergei as he moves up the ranks. So nice to see Senna and Maxim in this one!

So, who's next? Adrian? Vincent? Looking forward to whoever you're cooking up something for next.

Keep up the good work, Ms. Blue!

---

**Betsy :D says**

I really liked it but I wanted an epilogue or at least more it just ended.

---
