### **Jackie O'Donnell says**

I was given a copy of this book for an honest review. No! No..no..no Nova! It was not supposed to end like that! What am I saying? You have had me hooked since book one. Kaidan, Devon..I am not sure which brother I like best any more. Both are worth reading about. I cant believe the twists and turns. You have me shouting no to the characters one minute and then cheering the next. There are so many unanswered questions that I hope will be reveled in the last book. Will Kaidan be found guilty ? Will Kaidan and Devon patch up their relationship? Will Kaidan and Hayley have a life together or be torn apart? Will Hayley be able to rescue her brother? And will there be a story about Rowan?

### **Robyn says**

In the third installment of Kaidan and Hayley's story I am left with more questions than answers. There are just too many secrets between the two of them. I have a hard time rooting for them as a couple until they can start trusting each other. I found Kaidan to be unbearable at times and I wish Hayley would just stand up for herself. I realize that her family did not leave her with the greatest self esteem, so I'm hoping in the last book she gains a bit of a backbone.

With the whopping cliffhanger, I can't wait to see what happens next. What's going on with Kaidan? Does the jewel play a part in why the thugs are after Hayley? Can Kaidan and Hayley work through their pasts to finally have a happily ever after?

I received a copy in exchange for an honest review.

2.5 stars. :-/ I read it all at once so I'm gonna review it all at once. The plot points in this book were resolved WAY too easy and predictable. It lacked the angst I was looking for. Then the story became a repetitive cycle. They get together, Kaidan treats Hayley like crap, then Hayley threatens to walk away, then Kaidan sort of apologizes for being an ass, then they make up, and finally Hayley feels guilty for not telling Kaidan her secret, and the cycle repeats over and over. It did become dull. But what I did like was when Kaidan and Hayley did finally become a couple they were sweet together...well for the most part.

OMG !!! WHAT CAN I SAY NOVA RAINES YOU HAVE DONE IT AGAIN !! EXCEPT THIS TIME BETTER THAN EVER!! I received a gift of this book from the author Ms Raines in exchange for an honest opinion. This is Mismousey's very honest opinion of STOLEN DESIRE.

With each book that Ms Raines writes in the VIP series of the Kaiden Stone Lust List books. They just get better and better. Each book leaves you wanting more of the story of Kaidan and Haley Wade.

Ms Raines writing style is truly unique - the way that she can bring a story to life. One that seems like it comes right off the page of the headline of the newspaper or Entertainment Magazine. This book has so many twist and turns in it. It keeps you on the edge of your seat- edge of the page turner.

This is book #3 out of 4 books and you need to read all of them as they are not stand alones. In order to know what is going on to whom and where an what has happened.

In Stolen Desire- It takes off right where the last book left off - with the car accident, Haley was being chased by all the paps. One of them hit her and ran her off the road. Kaidan had been having her followed - now he has rushed to her side and is taking her to his doctor to make sure she is ok. It is at this point that Haley finally brakes down and tells him all about her money problems. No money for anything- to fix her car- go to the doctor anything.

Things are still off track with the couple when Haley is asked to do a benefit in honor of her brother. But she has to show up with her boyfriend. Yup you got it, KAidan Stone has to be at her side. Everyone thinks of them as a couple. Things get really mixed up at the benefit - she ends up with the diamond . The drug dealers are still after her. But will they get her or her brother?? What happens between her an Kaidan??

Stolen Desire leaves you in a huge cliff hanger. You are wanting an needing the last book which is SCANDAL EXPOSED COMING IN APRIL 2015!!! I recommend this book for readers over the age of 18 . And MisMousey gives it a firm a 45 out of 5 stars. The plot, cover, skill of writing everything of this book is what determined my rating. NOW WHAT ARE YOU WAITING FOR ?? RUN AND GET YOUR COPY TODAY!!! MAKE SURE THAT YOU HAVE BEEN FOLLOWING THE LUST LIST OF KAIDAN STONE !!!

This is the third book from Kaidan's series and is not a S/A - you do need to read the previous books.

This was my favourite book of the series so far and a real page turner. This instalment was action packed and was pretty fast paced throughout.

One of my major issues with this series has been the fact that I've felt that we haven't really got into Kaidan's mind at all and at times it can be a little off putting when reading as I find my mind drifting off on a tangent, for example, I would love to see more interaction between Kaiden and Devon. Who knows maybe we'll be getting their POV in the future. I certainly felt that I got more from Kaiden than ever before in this instalment but I would like more.

This book fell on a major cliffy and there are still so many questions left unanswered - looking forward to the final book and hopefully everyhting will come together.

And the drama ... suspense ... questions get kicked up a notch in Stolen Desire, the third installment in the Lust List series.

This book was filled with twists and turns that kept you on the edge of your seat. Just when you think things are evening out and questions will be answered ... boom more questions ... another twist ... this was awesome!!!

Peyton has stepped out of the limelight in this one, this one focuses on more of just Hayley and Kaiden. Stolen Desire is hot, there are some steamy sexy scenes, the writing is absolutely phenomenal, the plot points are deep, and while there were moments where i was going hey what just happened the story was so intriguing i didn't slow down for a second, and it totally consumed me.

There are lots and lots of unanswered questions about our fabulous couple and this one ends in quiet a cliffy ... lucky for me the 4th book is already out ... so bring on the drama ... answers ... and celeb sightings!!

I am sooo loving this series - 5 stars

It is now the day after Hayley spent the night with Kaidan at the hotel penthouse, after the HIT awards show, when Peyton dumped a drink on her and ruined the dress she was wearing. Hayley is running scared, thinking that the drug dealers her Dad dealt with, are going to kill her brother since she hasn't paid them the money they are demanding. They trashed Rowan's apartment and he is furious, saying he is going to put an end to this his way. Hayley is not happy that her brother is turning out to be more like their father.

The paparazzi are still following her every move and eventually end up causing a crash with her car and one of the paps. Kaidan's driver comes to her aid (seems he was following her as well) and she is not too happy with him. We learn a lot more about Kaidan and the baggage that he carries from the past.

In my opinion, Hayley is a little bit of a ditz, but in a lovable way. The cliffhanger at the end of this book is a doozie and left me with my mouth hanging open. I can't wait to see what happens in the next book and how things play out for all of these characters.

This one had a good cliff hanger. I never would have guessed that it would have ended that way with Kaidan. Hailey's ending was expected, but not Kaidan's. Since the diamond plays such a big part in Hailey getting her inheritance, I am thinking that it is part of scam cooked up between her brother and lawyer, and supposed drug dealers. With her history of stealing, they are probably using her to get the diamond for their own reasons. The part with Devon's drug use is not surprising, but I am glad that it was included because it shows what he is up to. Both brothers are very moody to where I am thinking something genetic runs in that family. Looking foward to the last book to see how this series is going to be wrapped up.

This is a 4 books series. I'm making only one review, because they're all short stories and could have been told in only one book.

Harley Wade's rock star dad just passed away and left her in a terrible situation. And then she meets Kaidan, an asshole in disguise of prince charming.

This book was too much for me. Hailey is too stupid, Rowan is too aggressive toward Hailey, Char is too shallow and Kaidan is too much an overbearing asshole who likes to play hot and cold just like Perry's song.

Esta é uma série de 4 livros. Eu estou fazendo apenas uma resenha pq são histórias curtas que poderiam ter sido contadas em apenas um livro.

O pai rock star de Hailey acabou de morrer e a deixou em uma péssima situação. E então ela conhece Kaidan, um babaca disfarçado de príncipe encantado.

Esse livro foi demais pra mim. Hailey é muito bocó, Rowan é muito agressivo com a Hailey, Char é muito superficial e Kaidan é um babaca muito arrogante que gosta de bancar o bipolar com a Hailey., igual a música da Katy Perry.

I have no words... The ending of this part was just ugh! It was a great way to end it, but now I cannot wait for the last part. This is my favorite part so far. I loved Kaiden even more in this one because I felt more connected to him and I was able to understand him better. He's such an amazing character and I love him so much. Hayley... She's definitely grown within the series and I can't wait for the next and final part. This was a great series and this third part will have you on the edge of your seat for the final installment. Five stars without a doubt!

I was kindly provided with a copy of Stolen Desire to read and review.

This is the third chapter of the Lust List: Kaiden Stone series and very easily became my favourite so far. It had just the right amount of mystery, intrigue and romance all topped off with a jaw dropping cliff hanger ending. Hayley and Kaiden have both really grown as characters as much as Nova Raines and Mira Bailee have certainly settled into writing two such engrossing series. As much as I am looking forward to reading the fourth and final outing for this secretive couple in Scandal Exposed, I will be sad to say goodbye to them. From feeling desperately sorry for Hayley and her seemingly hopeless predicament to racking my brains to try and work out what exactly Kaiden is trying to cover up I thoroughly enjoyed every moment of this highly entertaining book. I definitely recommend reading the Kaiden Stone series.

## **Shannon says**

This book grabs your attention from the get go, all the twists and turns that a reader would have never imagined.

Peyton and Kaidan seem to have come much closer, but there are just too many secrets and my mind is in overdrive coming up with the possibilities.

Stolen Desire is completely HOT!!! The characters have moments where you feel the bliss, then in an instant the rug is pulled from under you and hands go in the air and shout "WHY, things were going so well.?"

The book ends with a major cliffhanger, which left me out of breath and totally unexpected. when you think you figured it out and just waiting to read the next line, Wham! Your completely wrong. I absolutely can not wait for the next in the series, thank you Nova Raines for such an exciting read.

Received ARC from author for honest review.

Squeals, but groans due to major cliffhanger!

I really really want to squeal and scream! The book as always is fantastic and Nova never ceases to amaze me by her writing. I could honestly give her a bear hug right now. This book is filled with allsorts of twists and turns that a reader would have never imagined. There could have been a possibility, but that would've been scrapped out because of the way the story has been pitched to us.

Our main characters, Peyton and Kaidan seem to have come a little closer, but there are just too many secrets and hidden answers. We have the questions, but the answers lie in the next book (for which I have been waiting to get my hands on)

Stolen Desire has an aura of hotness around it, and trust me when I say that the writing is brilliant. The plot goes deeper and the characters somehow connect to each other and for fraction of minute at regular intervals have heart-to-heart conversations. And when you think that you're enjoying the book too much, and too good to be true, then it probably is.

Because the book ends with a major cliffhanger and you will find yourself dumnsdumbfounded. Something will hit you hard and you won't even know what. I had to scream at my kindle while reading the end of this book!

Puff, I need the next one....SOON!

### **Christel says**

I'm so nervous, just one more book and that's it! But I have so many questions, more than ever and now I'm preoccupied! How it's gonna work everything?.

I enjoyed this book, because, I liked to see another side of Hayley and Kaidan as a couple! But at the same time it's hard for me to see them as a couple, because I feel that Kaidan hasn't earned it. He was hot and cold and sometimes a little mean, and Hayley just forgave him, instead of make him work to win her forgiveness! And that infuriates me! Because being honest I want to see him suffer a little while trying to win Hayley. And they need to come clean with each other, I can't stand anymore the half truths anymore. All said, this

book was awesome, a little on short side but so good nonetheless, everything was unexpected! But like always, I need Kaydan's POV, I want to know what's on his mind! And his story and I want to see him with his brother without them fighting and I need to understand what happened between them! I'm so confused!

Received and ARC in exchange of an honest review.

### **Meetta says**

I have enjoyed the series so far. It is not a standalone, so you need to read all the books in order. It's hard to believe that there is only one book left. There are still a lot of questions and secrets hanging out there. I don't get Kaidan. He's like a walking contradiction. Sometimes I don't think he deserves all the second chances that Hayley keeps giving him. I wish we knew more of what he's thinking. It was nice to read more about Rowan and Hayley though. This book definitely ended on quite the cliffhanger. WTH!! Didn't see that coming at all! I look forward to the fourth and final installment of this series.
