Loved it! It's a great gender-bender, along with romance and comedy i read all 8 vols in one sitting!

I'm glad Hikaru got dumped. Even though that sounds terrible, I didn't enjoy her and the sensei together. I liked their attraction, but not them dating. It was a good time to move on, and I even enjoy the other developments too. If it gets anymore like *W Juliet* though, I'll loose interest. It's been nice getting inspired to read after spending months of having little peak my interest.
