3.5 stars Victorian Age Play Erotica. I don't think I need to say anything else!

I stumbled across this genre accidentally and have become fascinated with it. I love Ms. Faulkner's devious mind. The best way to describe it is say you're reading a Regency novel, this fills in a lot of those spots where it's left for you to fill in with your imagination in an attempt to keep the Regency at a PG-13 or mild R rating.

Ms. Faulkner is very wicked! As long as you, the reader, keep reminding yourself this is fiction, it's a fun read. It is not for the faint of heart and is very much on the dark side. I do believe a lot of this would make even Christian Grey blush and Ana would not make it through the first hour. Oh my!

The book has a lot of spanking but lacked love. Lacy seemed to be a toy. But overall the spanking scenes were very hot. This is not a romantic story but I found it a well written fantasy.

I enjoy Ms. Faulkner's intense scenes. This is not for the faint of heart and the subject is definitely taboo. This is not incest since there is no real family relationships. This is a lovely depiction of a world where a wife's place is to be treated, dressed and punished as a little girl. The intense punishment Lacy goes through is quite delicious. Her humiliation gives me a sadistic voyeur's high. Her nanny is delightfully strict and raises Lacy so well. This is non-consensual.

All four parts of Little Miss in one volume its great. This is definitely not for everyone for this is a noncon age play novel with very harsh punishments delivered by a firm but loving Daddy and Governess. Fans of Carolyn Faulkner should definitely get this.

Revised review: So it seems I've come far in my kinkiness because this one, on re read, was much better the second time around. Yes there is a lot of F/f - typical "littles" story device but overall the CP is great, the ageplay is fun, and there is a lot of story here to enjoy! New rating: 4 stars!

Original Review: Not quite sure how to explain this one. Def. a stretch book for me and that's saying something. I am pretty widely read. Some parts of this were pretty dang good - others just kind of freaked me out. Overall I liked it o.k. from a purely interesting viewpoint. Edited: I have now read a lot more ageplay and consider this one a solid effort but perhaps not the best in the field. I did enjoy the CP aspects but it was as much about the female/female as the male/female.

This is one of those YMMV type of books. For those into age play, they probably loved it. I'd never been exposed to it before and it kinda creeped me out. Plus it was way too brutal for me. This girl was brainwashed and the "hero" had no conscience about it. Plus, it was all about the punishments and too little sex.

I would have to say it was very erotic, but at the same time very intense. I have to admit at times it was a little unnerving with all the bruising and welting, and maybe not necessarily my cup-o-tea, but it was definitely a different read for me. It was especially so because of the father/daughter/husband/wife dynamic. For me, that was rather weird and sometimes hard for me to wrap my head around. It could be a read-again for me -- after a break. :)
