Their Juicy Woman

Sam Crescent

Their Juicy Woman Sam Crescent

Casey, Parker, and Shawn Smith have grown up in a family with two fathers. They've never really fitted in, but they didn't care to either. Owning a ranch, they don't have time to mess around, so when they decide on a woman, she is the only one who matters.

When her mother dies after a three-year battle from cancer, Poppy doesn't know what to do. Her best friend Shawn and his brothers have the perfect answer. She can take the role of their housekeeper, helping to run their ranch.

But the Smith brothers want Poppy as more than just a housekeeper—they want her as their woman. Each brother made a vow to her mother to love her and take care of her. Poppy will belong to them. It's a seduction of the senses, and the one thing the Smith brothers don't do, is lose. They're going to win their juicy woman.

However, someone is killing animals on the ranch. Can the brothers protect Poppy from this unknown threat? And will Poppy choose a life with three men, or walk away with nothing?

ValerieC says

3.5 Stars

I've read a lot of Sam Crescent's books. They are (usually) short and sometimes sweet, and this is one of those. What I do like above all, is that all of the men in the story get 'equal time', which is a fault I have found in a great many menage stories. So you can know each guy equally and feel they receive equal affection... a very good thing.

EliseSReads says

4 STARS

Lately I've been enjoying Sam's new releases. This is a completely safe book and I liked all the characters.

Spoilers included-

Safety gang details-

The heroine and the youngest brother are virgins. The older two brothers have both been celibate for quite some time (the oldest brother being celibate for 3 years) as soon as they knew they were in love with the h, they weren't with any other people.

Victoria Craig says

Triple the Fun

Three men in love with one woman in love with the three men . Holy smokes !! This steamy romance was a

joy to read !! I recommend it to anyone who loves,a good romance with a triple hea !! Lol !!
Just when you think you know Sam , she'll have you in awe all over again !! Proving why she is tops in our hearts !!

Heidi says

3 men 1 woman can life be as awesome as that?

Poppy has had a hard life she's grown up with a brilliant mother and a non-existent father. But when her mum sadly passes away her world crumbles to a million bits... how can she carry on.

Casey Parker and Shawn love Poppy with all there heart and now is the time to show her what she truly means to them.

I surely do love how the author balances true love and her characters the author is one of the best and knows how to make my heart skip a beat.

4 Out Of 5 Hearts From Cariad Books

Sylvia Haenga says

Great Story

Loved it from start to finish. Casey, Parker and Shawn were so attentive and lovable to Poppy especially after losing her Mum. There is a someone who is not happy about the Smith brothers loving their woman. A beautiful menage story.

Carlise says

You just have to love a threesome

I grabbed this book on a whim and was pleasantly surprised that I liked it. It started off slow and steady, give ins lots of background and creating the roles of each person. Then, BAM! once the relationship was solidified, everything happened quickly. Now granted, they all grew up together so there was no real need of courting or beating around the bush, but the quickness of how everything moved was startling..add to that, at no point did you think Poppy had a sexy, kinky side..who knew. Shawn, Casey, and Parker have always wanted the kind of relationship that their parents had and it looks like their good friend Poppy is the lucky one.

Great story..

Morilyn says

You can't go wrong choosing a Sam Crescent book - she is that good. Their Juicy Woman was a sweet & gentle romance about a girl, Poppy and the three brothers who loved her. A charming story but not too sweet to be cloying, Casey, Parker & Shawn knew that Poppy would be theirs & they waited, patiently, for her to realise that she could love them all, equally.

Elysian Fields says

I was so pleasantly surprised with this story. This author has been a bit of a hit or miss with me lately. Not because of interesting and unique reads but because of editing, spelling, and grammar issues. There have been a few books lately that I was so disappointed in but this is NOT one of them.

It was a bit slow in places and could have been speed up but over all it was a heart warming and amazing story. There was so much more to this story than just three men and a woman. There was thought, heart and passion. I loved it and do believe it is one of the best story that this author as written lately and dare I say ever. Truly a great wonderful story. Worth a read.

Allison Gill says

OMG Sam Crescent, you have out done yourself on this book.

I love your writing, but this book is one of your best so far.

The way you start from the beginning of the friendship and give snapshots of the building relationship is spellbinding.

This book has everything. Love, sex, strong men and an equally strong woman.

There is equal bitchiness from people and even a killer in disguise.

It's a really good book.

I Voluntarily reviewed a copy of this book

I love this author, I think out of all her books there has only been like 1 or 2 that I didn't enjoy that much. This one was just okay for me.

I loved the fact that all three brothers started with liking her and they developed a friendship first before the other stuff came. And even though Shawn was more her best friend, I felt like he was the last one to actually be with her. I think because Shawn was the best friend he should have been the leader. But I guess it didn't matter, since they all got to spend time with her individually and together. And I was convinced at the end that they loved each other and that they were meant to be.

At the end of the day she had three men who loved her and wanted to do anything to make her feel loved,

what more could you want!

Mary Murphy says

Disappointed

Normally I love her books, this one to me fell short. The problem I had was to me, it seemed as only Casey was the one that mattered. Spoiler alert ... He was the last to fall in love with her but he was her first and the one that she married. Everything to me was determined by birth order.

Shawn was her best friend but the story really didn't portray that. She needed someone to talk to, she talked to Parker, she wanted to boss her it was Casey. Shawn seemed more background-ish than her bf. They grew up together that seemed to be the only connection she had with Shawn.

Was hoping Shawn played a bigger role in the story.

Never Stop Reading or Dreaming says

4 stars

I really like this but Sam needs a GOOD editor. It says she has one, but if she does they need to be fired. Even the blurb, " they never fitted in." It's simple common knowledge stuff. I'm not sure why it is so hard. Now that being said. I love Sam's concept of stories. So much that I over look the HORRIBLE editing and actually read the book. I thought this story was very sweet. I did enjoy it.

Victoria says

why, Casey?? It should've all been Shawn 1st, even if, Casey was the oldest. ??

Why bother to show us Shawn and Poppy's relationship bluming through the years, while growing together, if to give everything to Casey???

Lauren says

I really enjoyed this book. I read this book in one sitting and wasn't once bored. I loved the storyline for this book! I loved the heroes and heroine in this book.

I really liked Poppy. I liked that not once did she judge Shawn or his brothers. She loved all three men but she didn't want to ruin a friendship nor be cast aside after spending the night with them. I liked that Shawn, Casey and Parker took their time. They loved Poppy. They waited three years to claim her as theirs. They didn't rush her into a relationship.

I liked the danger in this storyline. I liked that it wasn't rushed. As the story progressed, the danger started halfway through and was paced until the end of the book.

The storyline for this book is easy to follow and an enjoyable read.

Tina Price says

Perfection as always from Sam Crescent. I swear there isn't a book of hers that I haven't absolutely loved. A quick but sweet read. The Smith Brothers are each swoon worthy in their own way. Casey and his protective nature, Parker and his playfulness and Shawn with his tender heart. Yeah I would definitely read this again .
