Truth or Dare D.D. Prince

If you liked *The Dominator* you'll want to read the story of Dario Ferrano falling in love. Dario is Tommy's younger brother and after seeing his brother fall in love Dare's new motto is MAN WHORE NO MORE!

*****This story is told in multiple POVs and also updates you on Tommy & Tia with several T&T chapters!*****

Dare wants his own happily ever after.

But after Dare comes home from his brother's wedding and celebrates his 25th birthday he gets a posthumous gift from his father, one that'll change the course of his life.

Before my father died he arranged for my brother to get married, gifted him with a girl. After I saw the impact of that girl on my brother's life I joked with him that I wanted a mail-order bride for my upcoming birthday, joked about it with emotions about my now sister-in-law that I should not EVER have been feeling.

My father joked back that he was already shopping around and would find me a perfect fit. At least I'd thought he'd been joking. But when I got home from my brother's wedding I found out that before Pop died he had gotten that ball rolling. He'd gotten things rolling in a way that could not be stopped and that was going to be a problem. A messy problem.

See, my Pop was deeply involved in a human trafficking ring, one of the many involvements he'd neglected to tell me and my brother about as he prepared us to take over the family business. We never knew that what he'd had in mind for us was just the top skim off a cesspool of filth he'd been too happy to be wading in. We had suspicions but we had no clue just how filthy it truly was.

A little less than two months before my birthday he had asked me what I wanted in a bride.

"What's on your wish list, son?" Pop asked.

"Beautiful. Redhead. But she has to want what I want from life. She has to have an insatiable sexual appetite but want kids and a picket fence, too."

"How about if she's all those things because she does exactly what you tell her to do? How about if she's been schooled in all the ways to please a man in and out of the bedroom?"

"That's too good to be true, Pop. Too bad such a woman does not exist." I'd laughed it off and our conversation got cut short.

I'd always wanted a wife and kids. I wanted the picket fence and enough kids to start my own soccer team. But when I caught my fiancée cheating on me with the DJ we'd hired for our wedding my heart went cold and what my sister dubbed my 'man whore years' began.

After seeing Tommy's life change because of falling in love I decided that maybe it was time to open my mind up to the possibilities of connecting with someone again beyond a one night stand. But when I got home from my brother's wedding, ready to start the massive job of cleaning up the family business so that I could move on with my life and think about finding my own happily ever after I found out that Pop had already ordered my mail order bride. And I couldn't cancel that order.

She's waiting for me to pick her up in Bangkok. She's been told she has been sold and is going back to North America. She's about to turn 23, she's a beautiful redhead, and she's been in captivity for 2 years. There's no way I can accept this gift, keep a woman who was bought for me. I need to pick her up and set her free.

Don't I?

Warning:

Explicit sex scenes. Profanity. Dark themes.

This book's heroine is a sex slave that gets rescued. She's broken. The book does not spend chapter after chapter describing her abuse in detail but be warned that there is some explicit content related to her memories.

Reading The Dominator first is highly recommended. <http://bit.ly/tommyandtia>

All Dominator books & Saved are on .99 Kindle Countdown (US & UK) April 5-11!

I didn't initially plan for The Dominator to be a series and in fact, in my first versions of the Dominator started many moons ago, Tommy didn't even have a brother.

But I'm so glad that Dare, Tommy's pissed off and hot brother, came to me and even more glad that this story unfolded for me.

He's not as dark as his brother. Not even close.

But this story takes him down a very dark and bumpy road.

He's definitely sexy, protective, and has a voracious sexual appetite.

I hope you love him.

I hope you like my heroine, too. She's broken but Dare gives her hope.

You'll get to catch up with Tommy & Tia, too, as there are several steamy and heated T&T chapters.

I hope you enjoy!

I think I liked this one better than the first one LOL

my thoughts later!

after some time of thinking about it, i simply can't put into words what I am feeling, so I'll start with re-

telling the story and maybe I'll manage to express some of it through.

This was a **complex story** and quite frankly I was expecting something else BUT instead I got something completely different. Well, duh?

When you read a blurb saying the main characters is getting his birthday present in a form of a slave, trained especially after his needs and desires. Not that he actually knew anything about it, **Dario Ferrano aka Dare** can't believe it at first and honestly I don't really get the reason to go through with it other than curiosity that hits him at first then anger and desire to rescue that girl from that environment without actually exploiting her in the process.

So he chooses the latter and that's where the story heats up.

Felicia aka Angel is a broken 23 year old woman that was taken 2 years prior and beaten, molested, fucked, raped, abused in every possible way imaginable or not during the training to become a perfect sex slave and to be sold as such to rich fuck-ups who'd bet more money on her. BUT she was bought by Dario's father so she doesn't know anything about her new master -what he wants, needs, she doesn't know how to proceed and the first time they actually meet is pretty awkward cause Dario doesn't wanna touch her at all and she wants to be a perfect submissive...

The story picks up and ravel into their relationship, Dario waging on whether to let her go or to help her by keeping her. The attraction is there but all the past insecurities he has from previous relationship makes him vary and reluctant and Felicia/Angel is all of a sudden free BUT not really, and yet she's bound by more of her own mental and emotional cage than any physical might be there to confine her.

The road of setting her free is long, hard and excruciatingly painful as Dare falls in love with Angel while he tries to help her let go the mental and emotional shattered bonds.

very messed up story, but **characters were very well presented and described**, the **process of UN-BREAKING the BROKEN** is fantastically written and spiced up with the horrid flashbacks of Angel's memories from her torture/training as well as the sex induced scenes she needed to go through in order to break her panic attacks.

The insights of Tommy and Tia's life as newlyweds are shown and all of their stories intersect towards the one goal - to destroy the slave organisation that kidnapped and broke Angel as a part of the Ferrano's motion to cut themselves off from all the illegal businesses their father was involved with.

Shocking at times, sexy as hell in the process and yet I had a feeling that there was smth missing and I just cant pin point what that actually is... so therefore, 4-4.5 stars for me!

Bex (Beckie Bookworm) says

The second book in D.D. Prince's Dominator series, Truth and Dare was a delight to read.

The story carries on immediately after the events of Book one.

With Tommy and Tia over in Costa Rica, while the dust settles and Tommy's Younger brother Dario, Dare to his friends, handling and sorting out the family's business options back home.

Truth and Dare is mainly Dare's tale but with a sprinkling of the rest of the clan as we are kept up to date with this on-going saga.

Getting immersed in the everyday dealings of their father. Dare discovers that pops has obtained him a gift. Like his brother Tommy, Dare is to get a wife, but not just any wife a trained Krana slave. and shes already been picked out for him.

This second book in this fabulous series has a slightly different flavour than the first instalment.

I would say that Dare like his brother while possessive and hardened by the lifestyle has a much lighter personality. Don't get me wrong he is still prepared to do whatever it takes to protect his nearest and dearest, he just seems to have a more gentle approach to the whole courtship than his hard-faced brother.

So when Dare acquires His Angel from Krana he has no intention of keeping her.

But all the best-laid plans go to waste, don't they.

This story was ever so sweet in places, the way Dare cares for his Broken bird, his Angel, just wanting her to fix her and help make her whole again.

It was just so heartfelt and charming.

He was practically a prince compared to his Dark Devil of a Bro.

I also liked the way the rest of the family were woven into this book especially Tommy and Tia.

Was great to revisit with them, was fabulous to see Tommy trying to deal with some of his issues.

After devouring The Dominator and Truth or Dare again, I am now oh so ready to sink my teeth into Unbound.

Oh Boy, am I ready!!!

This series is so wonderfully written and such an epic page turner.

I don't think theirs anything D.D. Prince has written that I haven't loved and devoured with great gusto.

This lady is definitely an auto-buy fro me.

Good book. The hiccup being I couldn't get into 'Angel's mind. I understand she was broken and conditioned and all that, but I just couldn't get into her need to be mastered to be able to function. I was excited to hear more of Tommy and Tia's story, but it was so scattered. The pluses being Dare saved Angel from continued prostitution and the end wasn't too much of a cliffhanger, but enough to make you want to know what happens next.

Marie says

Since the first book by this author was so good I couldn't help but compare the two. Tommy in the first book was so deliciously head over heels for Tia from the very start. Tia was 'it' for him, the moment he saw a picture of her (without even meeting her) he was done. No other would do for him. He became completely obsessed and was the first to admit his love halfway into the story. I didn't buy Dare's love for Angel. In this book I felt like for dare any woman with submissive tendencies and a desire for family and kids would do. He mostly just felt lust and sympathy for the h until pretty far into the story. The first half of the story is mostly about the h begging the H to keep her while the H tells her he needs more time to think about it. I wanted the H to show his possessiveness and obsession towards the h which is the reason I fell in love with this author but we don't see that at all.

Tommy was in a similar situation as Dare but his want for Tia was way more powerful than the guilt he felt at forcing her to be with him. Here, Dare's guilt for 'thinking' about keeping the h is more than wanting to keep her.

Furthermore, I wanted him to hurt and take revenge out on the people who hurt the h but he is actually pretty cordial with them. You'd at least expect him to be cold towards the people who tortured 'his' angel. I get that they have to maintain a façade of friendship with them but he's pretty friendly with them. He shouldn't be capable of doing that. He should see red every time he's in a room with them. Unfortunately that doesn't happen. He does nothing to those people. He didn't like the acts committed against the h but we don't really see his rage and hatred towards the specific individuals who took part in it. He is a supposed mafia prince and even though they're trying to clean up their act, I expected him to gun down and torture the people who hurt Angel. Nothing of the sort happens.

I really hope the next hero by this author is more like Tommy because she really knows how to write a crazy in love alpha. I hope we get to see that in future books.

Obsessive Book Whore says

Must read!

I loved the story of Dare and Angel. It was gritty and real and with the dual pov you really got in their heads.

Angel has had a unimaginably hard two years working on getting from A to B and eventually getting to C. Enter Dare. He didn't want this. Didn't want her. Until he did. Now he won't let her go.

This book was well written and kept my attention throughout. I felt so bad for Lisa. I hope she gets her head soon. I'm anxious for the next book in this series to find out about the summit meeting. I also hope Cleo gets hers. Karma's a bitch.

If you are looking for a book with action, love and a little mystery, I would highly recommend this book.

Truth or dare?

baby I'll take Dare anytime any day!

Wow, this book is everything I expected it to be... Dare was left with a gift from his evil father for his birthday "a sex slave". Dare plans were to pick her up and set her free because let's face it, a guy like him would never have to force himself on anyone, but mainly because it wasn't right to keep her against her will... but things were complicated he had to keep her to maintain his 'and Tommy's' cover as they now were part owners/share holders of sex slavery organization they inherited from their father and set her free after they no longer are in that kind of business...

before I go any further with this, let me just say that I'm soooo happy that we get to catch up with Tommy and Tia, and yes he's still smoking hot possessive son a bitch that melt your panties in seconds... " He looks at

her the way James Deen looks at the women he's fucking in his porn movies. Such intensity" I loved the James Deen reference here its the perfect description of Tommy's sexual technics.

Back to the main point; Angel is severely 'mentally' damaged from being kept in slavery for two years and Dare doing his best to help her heal... There is a shocking truth about their father Tom and Lisa I didn't see it coming at all!!!! Wow!!!

I keep picturing Dare as Chris Hemsworth...

This book was an absolute five stars for me and not just because I became a DD Prince book addict after reading the Dominator but I believe it's exactly what the readers need after reading Tommy story.

Cheers :*

Great series!

I loved The Dominator and was afraid that this book would be a let down. So many series are either just the same story told over and over again with different character names or the second one deviates so much that it feels like the writer just ran out of steam. In her second book, DD Prince tells us Dare's story and Dare is very different from his brother. But this book continues to tell us about this amazing family who is trying to live down the father's bad decisions while wrestling with their own demons. Just when I thought I had it all figured out, Prince throws in a curve ball at the end which will keep me coming back for more!

Sonya says

Gah!!!! I need book 3 now! Omg.. Will Zack get his story? What will happen with Dare, Angel, Tommy and Tia? Will Lisa find happiness again? Agggghhhhhh... Amazing series!!!

Olja says

OMG... This book was much better than Dominator. I liked Tommy, but Dare.. He is hard, sexy, cool as hell. This is one of the best and most amazing dark books that I have had the chance to read this year. The sex is HOT! Angel is a sex slave trained in many dark areas of the sex world. Shes sold to new master to be his wife. Dare goes to Thailand and meets his Angel who he rescues and wants, but he also know how much shes broken. I really do not want to spoil therest of story. Im gonna just say that my five stars go for this sexy mob story:-)

Carol Miller says

Absolutely one of the Best sequels I've ever read!!!

First off, if you haven't read The Dominator, the first book, you MUST go back and read it, especially if you don't want to feel left out on some of the plots.

DD Prince has Hit It Out of the Park Again!! I couldn't wait for this book and Dare's Story and although I wish we didn't have to wait it was SO WORTH IT! Just like I know it'll be worth the wait for the 3rd book.

So many people are going to summarize this story that I'm not going to do it. There's no need. What I will say is that the subject of human traffic and slavery is an abhorrent practice. I think Ms. Prince handled it well. Showing how disgusted Dare is when he has to deal with these people. Although he and Tommy have to handle this part of their dead father's business dealing with great care so as not to put their entire family in danger, it would've been great if Dare could do what he really wanted and put a bullet in all their heads. Poor Felicia/Angel is more broken than even she realizes and Dare does an amazing job in trying to calm her and help reintegrate her into the real world. He's not one of those men who is too proud to ask for help from others. He's a REAL man!

This an extremely emotional book so be prepared. Explicit sex scenes and description good and bad. If you don't think you can handle the darkness of breaking a woman into being a sex slave then DO NOT read this.

May Ester says

Is there such a thing as a "sex slave" ??? A person molded through the use of torture to become a perfect sexual slave..... Far fetched ??? But I don't give a damn !!! Honestly, I love reading this kind of stuff.

The first thing that will make you fall in love to a story is if you adore the characters and I pretty much love all the characters (even the guards : Nino, Tino and Dex). I love the whole family !!!

Better be prepared... emotionally, because the story is full of vile and horrendous things....I took it all and devour all of it. Now I'm emotionally drained from all the drama..... the suspense..... the mystery.....and from knowing that it ain't over !!! There's more coming this 2016 !!!

I think the more dark and broken the hero and the heroine are..... the more powerful their LOVE for each other is. I think this is the reason why I am drawn in reading dark and erotic romance. Dare is not a sweet guy, he's badass and he'd done a lot of bad things but when it comes to Angel he's so sweet , patient and understanding. Angel is a fighter..... and I love her character pre-Kruna and post-Kruna. She's perfect for Dare. And they are having a BABY !!!! Tia and Tommy too !!!! I'm looking forward on their babies: hope its a boy !!! A little Dare and a little Tommy !!!

Kudos to D.D. Prince !!!!

5 stars !!!!

Nina Black says

DD Prince is ballstastic

Where can I start ??

Ok so we get some Tia and Tommy but it ties into the story so it doesn't feel like we're randomly reading

about these two. Then there's Dare and Felicia or Angel. Holy hell Dare is one hot piece of ass on top of that we've always known his super badass. Ok so when you start the story Dare pretty much explains how it is he came about Felicia or Angel (I prefer Angel) there really is no need to explain it here. Angel is not what I expected out of the story, I think when I first read the blurb I was expecting someone broken beyond repair. Angel has lived in a "resort" of some sorts. Basically she's a sex slave trained in many dark areas of the sex world. She also goes on to explain the hell she went through in the this "resort". It takes a lot in her to open to Dare but he stands there with her holding her hand the entire way. I loved how Dare used his own kinks to help her. The story seems like it may be long but it's not. There are some twists and turns, some things were not how I imagined them. It all just flows to easily and it paints the most awesome picture movie in my head. DD Prince left us with a WTF look at the end. Like I feel DD likes to emotionally torture us lol. Ok so for the sex scenes they are FIRE and more FIRE. If you have not yet read it stop what ever it is you're doing and read this instead. Once again this woman can do no wrong. Now it's a waiting process for the rest of her books. * and the reference to a Mr. James Deen* whaaaaaaaat for those who have read it will know what I mean. Please continue to write 5*****= Lelo Worthy
