A Day Away: One Summer / Temptation

Nora Roberts

A Day Away: One Summer / Temptation Nora Roberts

One Summer

A summer spent traveling across America with brooding photojournalist Shade Colby was not celebrity photographer Bryan Mitchell's idea of a dream assignment. She found Shade to be arrogant, cynical... and infuriatingly sexy. Plus they disagreed about everything. But there was *one* thing they had in common - the fierce attraction for each other they could not deny!

Temptation

Socialite Eden Carlbough knew running a girls' camp wouldn't be easy, but she didn't expect to be run up an apple tree by the little monsters. She was equally surprised to come crashing down into the capable arms of orchard owner Chase Elliot. While her handsome neighbor's overbearing ways were highly irritating, his touch ignited feelings she'd never known.

Sandy Forman-Johnson says

what's not to like about Nora Roberts especially when it's a 2 for 1

Sherri says

I found the first story "One Summer a long story" I did enjoy "Temptation" better

Casey Rock says

First is One Summer - This story was a complete bore. I'd give it 1 star. I typically enjoy Nora Roberts but One Summer was pointless. The story was a straight line to the ending with no twists, turns, or problems. Every chapter told the same story with no forward progress and no plot. It was just a story about 2 people who fell in love in a traditional way. No fantasy, no passion, no excitement.

Second was Temptation - this was better. Cute, short, enjoyable.

bella Sandberg says

I usually love her books and this just didn't measure up. The first story's pacing was slow and it didn't satisfy. The second novella was more of what I expect from Roberts, and simply too short to have the richness of development as a full novel.

Mary says

The first part of the book was One Summer....totally boring! This was your typical boy meets girl romance...every chapter was the same. Nothing really happens.

The second part of the book was Temptation....this story was cute and more enjoyable but still not that interesting. I give it one star because for Nora Roberts this has to be one of the worst books of hers that I have read.

Rebecca Dean says

I really didn't like this book much. Really shallow, not much to it. I expected more from Roberts. Sorry.

Cyn says

I liked the first story better than the second but both were nice easy reads.

Moira says

Two quick and easy reads - always enjoy a book by Nora Roberts. Enjoyed the interaction between Shade and Colby and how they both overcame presuppositions about the other photographer in the story. You can't judge a book by its cover nor a photographer by their photos!

The hilarity of Eden running the camp and Chase the neighboring orchard with all the tricks played by the girls made for a fun story.

Heather says

Great beach read, easy, sweet and romantic.

Darlene says

3.5 Interesting story about a photojournalist and a celebrity photographer on assignment to spend the summer traveling cross country documenting summer.

Jocelin Villarreal says

Who doesn't love a summer romance?

Che says

It took me forever to read this book and I do not know why. It's my first time reading a Nora Roberts book too and I kinda not feeling the story. I read so many romance books but this one kinda turns me off.

Laura says

I liked the first novella in this book better than many reviewers seem to have. I love photography and the two main characters are photographers. There were few details that "dated" the story a little -- the fact that they

were shooting and developing film (which I know is still in use, but a lot less than back in the '80s when the book was written) and the lack of technology like cell phones and the Internet. Also, the main male character smoked and while I'm sure you could still find characters who smoke in current fiction, it doesn't seem to come up much in romance or women's fiction. The tide has changed on that particular habit! I didn't like the second story as much as the first. I felt that the female lead was more fully fleshed out than the male lead. The male lead was a bit too pushy for my taste, right from the moment they met. I liked him a bit better by the end. The book overall was okay, but not as good as other Nora Roberts books I've read.

Vee Dunn says

I did not care for the first story at all. Had a hard time finishing it. I almost didn't read the second story because the first one was so boring. I read the second story anyway and it was much better than the first one! If any one reads this book, skip the first story but read the second one.

Sultan * Baby Mama Smut-a-teer* says

The first story was ok. Kinda the same ol same ol.

I enjoyed the second story. It was your typical feel good short romance. I listened to these two short stories on this new device my library has called "playaway", they make the day go by soo fast and I have been a very productive bee.
