Body Work Bonnie Edwards

In an erotically-charged novella, Lisa Brady Delaney hires her first crush, Tyce Branton, mechanic to the stars, to prepare her classic cars for auction.

Every woman needs a good mechanic and Lisa quickly learns Tyce is a hands-on man: in the garage and in the bedroom.

Tyce is angry to see Lisa again, but has to wonder if she's the same girl he knew or an independent beauty that will never need him again...

Silvia says

4 STAR

its a very short story for me but hot as hell...tyce and lisa were childhood friend but they seperated and met again when lisa tried to auction her cars but she needed to fix them first..then came tyce..hes gettin hotter now and their chemistry blew up the roof he he he...their hot scene really sexy and awesome...they had to overcome their misunderstanding to get together forever...but after seperated in years they became mature and willing to understand each other...and finaly they could be together.HEA

Christine says

I loved it!!!! Great and fast easy going hot read right before bed!!! Awesome! I loved that she isn't a freaking gold digger! And I also loved that he didn't irritate me with bull crap either! I really did love this. Something I will definitely re read that's for sure!!

Sebrina says

Enjoyed this one....

A quick and spicy read. Very well written. It made me giggle and also brought tears to my eyes. You can't go wrong with this one.

Laura McKellips says

I got this book free. It was a good quick read. I loved the story of revisiting a first love and of course the cars. I wish it was a little longer, I would have loved just a little more tension between the main characters.

GTR33GURL says

This book was just ok for me I kept rolling my eyes very predictable and the plot was weak I liked the message that you don't need anyone to get you out of the gutter with determination you can do it on your own and Lisa and tyce did just that

LaGina says

LOVE a story about "the boy next door" and even better when they go off to do their own thing and then reconnect a few years later. This story really touched my heart because I could put myself in their shoes and could feel what they were going through.

? One Click Romance ? says

A quick steamy read. I enjoyed it a lot.

Lisa is on a mission and in order to get it done she has to call in a man from her past. Can a childhood love be rekindled? Can the past be left where it's at? Grab a copy and check it out... but keep your battery powered friend handy or your shower ready, you'll need it.

Fee (Ebook Addicts) says

Tyce and Lisa were childhood friends who grew up in a trailer park, flash forward many years and Lisa is now a widow of wealthy husband and Tyce has a successful body shop business and is the best mechanic around.

The reconnect when Lisa calls him in to fix up her husband's old cars for auction and she is determined not to let him have an effect on her.

Only that doesn't happen,

This is a quick steamy read and about second chances.

4 stars

Kathy Harrington says

Once upon a time there lived 2 kids in a trailer park.... Fast forward 12 years and you wouldn't know that about either one of them. Take one rich widow add one super hot mechanic and that equals hot sexy days. The story was well thought out with just enough teasing to make it fun.

Lisa McManus says

Spicy, sexy and a great story - loved it! Terrific strong heroine, tough but tender hero - loved their story. Great read for car buffs, and a better read for those wanting great writing!

Debbie says

Quick hot read about reconnecting with the one person from your past who you've always known was your

soul mate, and the one person who you've every really loved.

Lisa and Tyce both grew up in a run down trailer park and both had dreams of getting out. Unfortunately, Lisa left before Tyce and didn't believe him when he told her he'd get them both out if she'd just wait and let him prove it to her. Since then they have each missed each other. Years later, she's the widow of a wealthy man and Tyce is the best mechanic around and the only one people say to use. In accordance with Lisa's late husband's wishes, she is selling the high dollar car collection her husband owned and she hires Tyce to get the cars ready for auction. When they meet again, the same fire still exists between them. Will they be able to push the past aside and come together for the future?

You get a HEA with this one.

Katerina says

I was pleasantly surprised by this!

Not just full of steam with not much of a story, but with an underlying message.

Great!!!

I will look out for more books by this author!

Melissa Feist says

Body Work was Hot Hot Hot!!!

I loved this book, the history between Tyce and Lisa was unique and bittersweet. I cheered for them from the beginning. Tyce was sexy as sin with a perfect blend of tough and tender. Lisa was Tyce's equal and smart as hell. She wasn't your typical trophy wife and I liked that. While they both had hard shells, it wasn't overly dragged out and once the sex started.....ON FIRE! I'll read more by Bonnie Edwards, I read the tease for Love in a Pawn Shop, and can't wait to finish it.

C.J. Fallowfield says

Phew, some one turn on the air conditioning, Bonnie Edwards knows how to turn up the heat in her sexy little novellas! This is my second read by her and I wasn't disappointed. A story of second chances, childhood sweethearts Lisa and Tyce came from a trailer park, Lisa in particular having a difficult childhood with a drunk and abusive mother. She swore to get herself out of that life, and when Tyce asked her to stay, she was too young and determined to move on to say yes. When they meet again years later, Lisa is now the widow of a wealthy husband who has left her his valuable collection of classic cars, and Tyce Branton is the man with the reputation to fix them up and have them presentable for top dollar at an auction. Trouble is his sterling reputation for servicing just cars isn't the only thing he's renowned for. Will their renewed first impressions of each other as a gold digger and man whore stick, or will second time around be the charm? Really enjoyable and steamy read.

I received an ARC from the author in exchange for an honest review.

Cyndi Hackett says

Nice story about second chances. Hot and sexy read with a great back story.
