This was a page turner. However, I was a little displeased with the repetitiveness within the book. Also the editing needed to be better. Otherwise, the plot was awesome. I like these characters, they are full of DRAMA.

I rated this book 4 stars, because the editing was horrible. Words were repeated or missing, and I spent a good bit of time going back and re-reading to make sure I had an understanding of what was going on. As the story progressed, the editing got better, but there were still some errors and font issues. All and all, the editing issues did not take away from the story by a long shot. The story was off the chain, and was worth the wait. I just couldn't believe the ending! Talking about a SHOCKER!! I hope part three is right around the corner, because I am just baffled at what went down, and I am anxiously awaiting the outcome of the DBBs. Excellent storyline!

Did again

Them Duffle Bag Birches are dope. Jasmine need to get herself together before Korey take the kids and leave her. Shannon needs to stop playing with Zane feelings. Nisha is up to something & I can't wait until they find out. That damn Jay finally found love.. Glad Mac made it

Great

Seems like there will be a third book. The plot is great. Who is who and who is working for who. Dallas and his crew are crazy. Risking their life for money. Well Dallas just commands. The crew are the one really risking it. Plot is full of action and keeps your interest. I hope book three is out because I want to know how this ends.

Good Read

I read part one as a collection of books. When I read this story I wanted to know what happened to the crew. Thankfully I had part 2. I didn't get the satisfaction I was looking for, too messy, it had all kinds of scenarios running through my head. Now a cliffhanger. Oh well onto the third book.

Shanta Shaw says

Well Well Well, this story was awesome, although there were grammatical errors it did not take away from the story line. I enjoyed all the twist and turns that the story gave. Dallas and his team are bad to the bone and I just love the DBB crew they are freaking awesome. Shannon is that chick that everyone loves at least I did, and Zane was the man of the hour once again. Alicia this story was the bomb in my opinion. I am hoping that your bring us the Final installment...the cliff hanger was a good one. Thanks for keeping me entertained.

Stephanie Wiley says

OH MY!!!

This is only book two ... I think I am going to enjoy this series but what's up with all these grammatical errors!? I will give a proper review at the end of the series!

Wooooooow

That was so crazy mess. Dallas is a messed up individual but i guess he felt he did what he should to show he means business. I hope everyone is good though especially since FBI showed up but nisha is acting suspicious when she sneaks off when they come hmm mm. Do we have a snitch in the crew???

Andreana says

DBB

Yesssss OK you did that. These are some bad/good people in this story. I like I like I like. Thanks

Duffle Bag Bitches 2

Hurray, Mac is still alive, but at the hospital in a coma. I'm. really loving this series so much. Now that the Manhattan, NY trip went off without a hitch, the crew is on their way back to the Lou! Bombs go off at the airport before their flight leaves and Zane is hollering where is Shannon...where is my wife? Dang it time to read book 3...oh yes!!!!

Shannon says

What. ...I can't believe how this ended had me all hyped up and on the edge of my seat what an amazing series now I'm ready for the next book
