## Effie Kit Morgan

Introducing Cowboys and Debutantes! Enjoy these clean and wholesome, sweet historical western romances. These riches to rags shorts prove that love can be found in the most unexpected places, and that money does not always make the man. But as our debutantes know, it sure helps!

Effie Stout is in her third season and beginning to worry if she'll ever find a husband. But just when she sets her sights on a good prospect, the unthinkable happens. Her family falls into ruin. Forced to become a mail-order bride by her step mother, Effie does her best to live like the other half and not get her or her would be groom killed in the process.

Forrest Lang agonized over whether or not to send away for a mail-order bride and when she arrives, he soon discovers he should've left well enough alone. The woman is a disaster! How can he come to depend on a woman who can't even peel a potato? Problem is, he married her. Now what? Find out in this fun romp full of humor, faith and love.

## **From Reader Review Effie for online ebook**

### **Norma says**

#### **Sweet, clean, and humorous**

This was a sweet, clean, and humorous story. I love how Effie adapted to her new life and learned to enjoy and respect it. My only wish is that there had been an epilogue.

---

### **Patti Brennan says**

#### **Nice read**

Good characters a believable storyline and great writing looking forward to more in this series Kit Morgan has a great writing style if you haven't tried any of her books you should

---

### **joy mansion says**

#### **New life**

Have you ever the about traveling across country to marry a person you never met ? To me it's very scary. The mail order brides were the strongest women's of their time . I loved the book.

---

### **Rae Novak says**

I was in the mood for a cowboy type book, but not one that was modern day. I was never one for the mail order bride genre but Effie sounded good when I read the synopsis. I was not disappointed. There were no gratuitous sex scenes which was nice because I was in the mood for a feel good, happily ever after story. I really enjoyed the way that the characters were portrayed. You could have easily disliked Effie, but I felt for her. The book is a quick read and isn't bogged down with unnecessary description or dialogue. I would have liked to know what happened with Alice and her husband and some of the other characters, but this wasn't their story to tell obviously. All in all, I really enjoyed this book, and would highly recommend it. I'm going to need to find more Kit Morgan books!!

---

### **Pat Christie says**

#### **Ebook, first in a series**

She's a spoiled NYC debutant. Her dad loses all his money and her stepmother sends her off as a mailorder bride. She can't cook, clean, sew or do chores for her new hog farmer husband, but with love they learn.

---

## **Ruth Jessen says**

### **Effie learns about life...**

A sweet romance complete with mail order brides, lost fortunes, cross country trips, misunderstanding and Romance. A spoiled city girl met her match in an unlikely way...

---

## **Brittany says**

I was looking for a good mail order bride series and decided to give this one a shot. It is a little different because the books are written by different authors. This review is for books one and two. We have a couple of brothers that lose everything and as a result their daughters have to find husbands quick. The first book deals with Effie a girl that really had no idea how to do anything but ends up finding love. I am looking forward to next one.

### **I'M SO BLESSED TO HAVE YOU**

Each of the Cowboys and Debutantes will read as a standalone book. The story will have the family of Effie Stout Stout in dire straits when a swindler damages her father's business and the reputation of the Stout family. From one day being a social butterfly debutant to the family being destitute and now Effie has been ostracized. Her stepmother makes plans for her, and her sisters are to make matches as mail-ordered brides and to send them westward.

Effie will travel from New York to Oregon to become the bride of a hog farmer, Forrest Lang, near the town of Baker City. The homestead is hours away from town, and the nearest neighbor will be five miles away, which takes an hour by wagon. Forrest wanted a wife, a helper, and someone to share his life, and what he gets is a woman who can't cook, clean, sew, and hasn't a clue how to do anything useful on a farm. "Well, Miss Deb-U-Taunt, whatever that is, you're gonna hafta work now."

The plot will Effie in for a rude awakening of life on a farm with physical labor. She finds herself married and out of her elements. "They were such opposites, but they were going to have to learn to deal with each other. And she was going to have to learn to deal with reality." Forrest is not happy with her attitude and lack of household skills. "She was selfish, stubborn, snobbish, spoiled and probably spiteful when she wanted to be. Maybe a few other S-words as well." With the help of their neighbor, Alice, and their friendship, Effie will slowly learn some skills. Can she prove to her husband that he did get a helpmeet in his mail-order bride? In spite of the hardship that befell her family, and change in her social status, Effie became richer with true friends and a loving husband.

### **Effie and Forrest**

Effie is a New York debutante, Forrest is a hog farmer in Oregon. Fate will throw them together after tragedy strikes Effie's family. When Effie arrives in Oregon as a mail order bride, Forrest isn't sure what he's gotten. Effie can't cook, can't see, and doesn't know anything about slopping hogs. Effie isn't too pleased that she'll be living in two room cabin and learns that not only will they not be making regular trips into town, but their nearest neighbor lives five miles away. Will these two opposites attract or will Effie find a way to go back home? The book is filled with humor, angst, and love. I quite enjoyed it.

---

## **Cindy Cooke says**

### **City girl weds country boy**

And they make a good life together. Hard to imagine the choices mail order brides had to make, but one has to wonder how many were not to live happily ever after. Fortunately, Effie learns quickly how to best help her husband carve out a life together in the western town where she lands after being turned out by her bankrupt father in New York. How she and her husband bond makes a very nice sweet read. I got this book in a mass giveaway, and am reviewing it in hope others will also enjoy it.

---

## **Sydney Tiemens says**

### **Quick, light, sweet**

Easy read. Good to pass the time. Clean novella. I wouldn't classify it as Christian but nothing offensive in it.

---

## **Debbie says**

### **Very good story**

Lots of good reading here. Very enjoyable. A fall from riches can't be easy for the rich. But if you are born poor you can appreciate what you do have and be happy.

---

## **Gloria Graham says**

### **Learning true values**

The story was a bit short, even more character development would help with that. I enjoyed the humor of Effie learning new values and the common sense tenderness and willingness of the couple to patiently work

toward goals.

---

**Becky says**

**Very humbling**

What a great book on being humble and how anyone can change.. Blessing me more than you know..  
Couldn't put it down.. Loved the story ..I would highly recommend this book to all my friends. Very good  
book!!! Looking forward to the next  
book.??

---

**Samantha says**

**quick read**

Story was interesting. It was a quick read. The moral was very good and well done. The writing was okay,  
but not great. The story was a tad choppy in places. But over all it was a good read and worth a short amount  
of your time.
