Biiiiiiiiiiiihhhh

Baby! When I saw that it was revamped all I kept thinking was this isn't going to be good but I was proved wrong. This book absolutely gave me life. Kept me on my toes. Kept me wondering who was doing what. Now Mack got GC. LAWD where's the next part?

Good read

This was a good re-release that I didnt mind reading again. The plot held my interest from cover to cover. I know Karma is young but I still questioned some of her actions. There was quite a bit of tic for tac going on in this book. And of course, there has to be the jealous, deceitful friend that adds to the drama. If you truly love urban fiction & all of the elements involved...you will love this book. Just waiting on part 2.

Pamela Johnston Ward says

Even better this time

I loved this series the first time around, and I have to say that it is even better this time around. Being revamped makes the storyline jump right out of the pages. I started reading and couldn't stop until I was done. What a great refresher. It made me want to pull out the rest of the series. As usual, the author did not disappoint, and I am anxiously waiting to see what's next.

KARMA!

I love Santana for KARMA and Nisha for Dee she is truly a rider. Mack is the devil and I hope GC is good! Hopefully KARMA carries her baby with one b.s., Hopefully Dee and Nisha are next.

I love this book!!

This is my intro to this writers work and what an intro it was. I've had the pleasure of talking to this writer and she is as exciting as her characters. I'm a definite fan and cannot wait to read the part two to this work as well as her other works of literature. I'm hooked and you will be too. I recommend this author's books, this one in particular to anyone and everyone looking for a good, fast paced, well written read. Great job S. Yvonne!!!

Karma

Karma has been through so much since moving to Florida. I don't know how she deals with it. Now she is pregnant and GC is in danger. What else is going to happen? A very action packed booked. A must read.

Good read

Okay so this book had me hooked from the beginning. Karma she was so niave smh. She should've listened to what GC said to her when she first got to Miami but instead she had to learn the hard way. I pray GC is okay part 2 needs to hurry up.

Alesia Russell says

It getting real now!

Karma came to Miami and found friendship and love. Santana is the Man for her. What she experienced with the crew is getting ready to bring her into her own. Mack is an idiot, not only does he have to worry about Dee and Santana, but everyone is underestimating Karma..

I was already hooked on S. Yvonne pen game, but she just pulled me in more with this series! I'm like Bonnie and Clyde who, it's Dee and Kanisha with Santana and Karma coming through! Karma about to show her ugly head in this series and I can't wait to read all about it!

Tarmeshia Harris says

Karma's a bitch!

When I first started reading this book, I was like get to the point...but I actually like how it turned out...Karma and Santaana have a relationship where they love each other but petty with each other...Kenisha has been with Dee for so long, she knows he know where home is no matter what they go through...I just hope he is really gone keep doing right by her...I can't wait for part 2, I am dying to know what happened to GC!

Latoya says

Great read

Karma had some life. I loved her relationship with Santana. The bond she shared with GC, Dee, and Keisha was the true definition of family having your back. I hope GC is ok. Can't wait to start book 2.
