Promiscuous Missy Johnson

When you're a twenty-year-old triple platinum singer you get an image. Except mine was all wrong. On drugs; pregnant; fucking my manager... they were the kind of lies I'd wake up to every day. But they didn't know me. Nobody does. People see what they want to see, and think what they want to think. I was a good girl. I played by the rules, kept to myself and it got me nowhere.

I spent the last year in love with a guy who I was paying to fuck me. A guy who fell in love with someone else. One minute he was my life and then he wasn't. I've experienced it all my life. People around until they got what they wanted. Being left on my own at age fifteen was the best thing that happened to me. Until I met Ivan.

Trust nobody but yourself, because everyone hurts you in the end. That's the lesson I've learned. I'm done caring, and I'll do whatever is necessary to get through this. No matter what the cost. Because at the end of the day, I am in this alone.

***WARNING! SPOILERS!** They are minor, but still!

Ok so Tease was pretty light-hearted and now we have book 2, Promiscuous, and the tone is holy hell a lot darker. I'm warning y'all there's a rape scene and it is brutal to get through. Despite the dark direction this series is taking (and I'm totally betting on some menage action...or at least Roman watching) I weirdly like where this is going. It's really out of my realm, but I think Missy likes to challenge readers sexual perspectives by introducing us to characters that are unapologetically adventurous. That being said she handles these scenes without it coming off as crass...or at least I think so.

When we first met Beth I knew there was more to her than meets the eye. I was intrigued by her and when she came on the page with Coop there was this desperate sadness and loneliness about her that made me empathize with her character. I was really excited when I found out book 2 was about her and then I was greedy to get my hands on it when the blurb came out. She was a woman burned by life and she was ready to scorch the Earth with her pain. But then she meets Roman and he just wants to be her rock. I don't know what everyone's opinion is about Roman considering he's keeping some major things from her, but damn I loved him. I mean sure, he has a bit of a hero complex and maybe she's drawn to him because she's got some daddy issues but who the hell cares?! He's such a caring man and his sex life is damn hot. I'm picking up what you're putting down, Mr. Hale!

The book ends with a bit of a cliffhanger and I'm very excited to see where Missy will take us in book 3. Especially since Coop mentioned some interesting things about his feelings concerning Mia and Beth. And can I just say that I always felt a little lukewarm about Mia? I never felt she was that developed in book 1...and I'm starting to think maybe that was on purpose! Unless I'm waaaay off in which I'm sorry for all the conspiracy theories peeps! Been watching A LOT of Criminal Minds lately ;)

If you loved book 1, I think you'll really enjoy this installment! Fully recommended for those with an open mind! *ARC provided in exchange for honest review!*

I loved this book of Roman and Beth. There is so much angst that you never know how it will end until the very end. This author has become a favorite of mine!!

Jess says

Promiscuous starts with Beth in a restaurant waiting for Coop but then receives a txt saying he's sorry but he can't come. Beth's manager Ivan is there and offers to have a drink with her and she accepts but is still uneasy around him but decides it's just a drink, why not.

Ivan rapes Beth and leaves her feeling like she deserved it and feels that no one will believe her if she goes to the police. Beth thinks she will be labeled worse by the world if she comes forward and everyone will call her a liar.

"I'd scrubbed so hard the skin had begun to break. And it still wasn't enough. I could still feel him. I could still smell him."

Beth struggles after the rape, everyday is very hard for her. Beth starts drinking and going out to numb herself and forget what happened to her.

"Alcohol transformed me from scared, vulnerable girl I had become into someone with no problems and no inhibitions. Without it, I don't know how I'd have survived the last month."

Beth then meets a beautiful blonde woman in a club and decides that she may as well go with it and be with the blonde as that's what the magazines will say about her anyway. The beautiful blonde takes Beth to the VIP area where Beth meets Roman. Roman watches as Beth and the blonde be intimate with each other.

After that night, Beth can't get Roman out of her head but doubts she will ever see him again. But Roman comes to her home the next day to see her wanting to see if she is okay. Roman can see through Beth and can see how scared and lonely she is.

Beth is confused why Roman wants to spend time with her and when Roman explains he can see how lonely and scared she is Beth tells him that she doesn't need to be fixed. Roman keeps trying to spend time with Beth and she still seems surprised why, most people have only wanted things from her but she can't figure out what Roman wants.

Roman has his own secrets that he is frightened of Beth finding out. He thinks if she finds out she will run from him and also thinks he probably isn't good enough for Beth.

Roman falls head over heels for Beth and tries really hard to show her he isn't going anywhere. He knows she is hiding something but doesn't push Beth to tell him until he finds something that tells him all too much.

"I was becoming obsessed with finding out her secrets. How did this beautiful creature harbor so much pain?"

Beth and Roman are doing really well in their relationship until one day Ivan asks Beth for a favor. Beth is furious that Ivan would dare ask her of anything and does something very stupid. She knows she is in big trouble and doesn't know what to do except to call Roman.

"The door opened, revealing a terrified-looking Beth standing behind it. She is literally shaking like a leaf, her eye's are wide with fear."

Roman decides to take matters into his own hands and hides Beth away until he can deal with it all. Beth is

scared Roman is going to get hurt. Will Roman get hurt? will he return to Beth? well you will just have to read Promiscuous to find out!

Why I gave this story 3 stars... Promiscuous has a lot of potential, but I struggled to connect to all the characters. The situations Beth put herself in after her rape were just ludicrous to me, and made me angry. I don't mean her actions, I mean the situations that left her vulnerable, but she did them willingly. Some of the scene's were very quick they flipped from one to another with no warning the story had changed days or places. There was some word confusion for me. I wouldn't really class this as a love story either, Beth seemed to still be in love with someone else up to about 86% but then a few pages later she was saying she loved Roman so that was very confusing. Overall it was a good read but I didn't love it.

First let me say this that Missy Johnson totally rocks my socks off with her writing. I mean I have never ever felt so many emotions in one second than I do when ever I read one of her stories. Missy can take your heart and stomp on it and rip it out and put it back together all in the span of one sentence. I started reading Promiscuous at 8:00pm and finished it by 1:00am because I could not put it down. I was like oh my God is that happening why is she is doing that what the heck just happened then I was mad because I don't really do head games and one of the characters who I will not name because this is a MUST READ to get the full effect but this one character was playing games and I don't even think this character new what they really wanted so the decisions reflected that and that pissed me off because Beth deserved so much better.

See Beth has gone through a lot and if you read the first book Tease you would know what I am talking about. I mean in Promiscuous I wanted to throttle Beth because she was so crazy with the wishy washy behavior. She wasn't sure who she wanted or what she wanted because she had a broken heart and a broken heart is a dangerous thing to have because a women scorned is a very bad thing. But Beth has some serious decisions to make because she knows she can't continue to drink and sleep her way through life. There is no light at the end of that tunnel and as she navigates through her crazy ass life she realizes that she better do something soon because effing everything that comes her way and drinking all the booze she can stomach is going no where fast.

Will Beth meet the right guy and let her walls she has placed around her heart down or will she continue on her path of destruction? This is such a must read I loved it and I will re-read over and over again! Thank you Missy for such a crazy ass ride!

2.5 – 3 Stars

Promiscuous is the first book I have read by this author and unfortunately it just didn't work for me. I didn't connect with the characters and the way the story played out just didn't make sense to me. So I will keep this short.

After reading the blurb for this book I was expecting Beth to be a fighter and for me she just wasn't. She didn't have an easy life growing up. But that didn't stop her. She became a successful singer and was living the life. After something terrible happens to Beth she goes from being a "good girl" to being a "bad girl". This just didn't make sense to me. I know what happened was horrible and I know she felt like she had no one to help her but becoming a sexy party girl just didn't work for me. The things she does and situations she puts herself into kind of aggravated me.

I wanted her to be stronger. I wanted her to fight back more. I thought Coop should have been more present in the story too. I needed to understand the two of them better. She was angry with him but her reasons confused me a little. Things weren't making sense to me.

Then we meet a mysterious man named Roman. We learn that someone has hired him to watch over Beth and keep her safe. He is definitely hot and sexy but how the two of them come together was just a little strange to me. As their relationship grows, I just didn't feel the connection. Maybe it was rushed or maybe it was the age difference, I'm not sure but something was off for me.

I wish this had worked out differently for me. I felt that there parts in the book that were unnecessary and then there were things I wish were added. I don't know. Maybe if Beth had that perfect girlfriend I might have connected with her character more or if we got more of Coop throughout the book I might have felt differently.

I did like a few parts of the book. Some of the sex scenes were steamy and there moments when Roman would do something that was sexy or say something sweet but ultimately it just wasn't enough for me.

After finishing Tease, I was quite intrigued and couldn't wait to get my hands on Promiscuous. From reading the synopsis, I never expected what I unraveled in these pages. Rather than this story being about Coop, it is all about Ms. Bethany Masters. After Tease, I wasn't necessarily invested in her, but I totally am now!

From the very first chapter, Johnson slams you with a lost, wandering girl who then becomes just utterly broken. I loved that the beginning of this book was essentially the ending of Tease from Bethany's point of view. It helped us as readers to understand a different dynamic to the scene. If you didn't really feel anything toward Beth in the first book, I promise that you will experience a total 180. I went from nothing to

sympathy, admiration, love, frustration – I ran the gamut. I really did admire her strong desire for her independence though; it's not something we see very often in heroines.

My biggest peeve with Beth was her inability to be consistent – which she had admitted as a fault herself. One moment she wanted to see or hear from Roman (or Coop) and once she did, it was like she couldn't get away from them fast enough. I think my favorite line was something along the lines of "I'm more hot and cold than Katy freaking Perry"! I just wish that she was able to make up her mind a couple of times rather than being so wishy-washy about the situation.

We are also introduced to the sexy, mysterious Roman – who I freaking adored! That suspenseful nature and not fully understanding all of his motives just hit all my favorite spots. I loved that he had this perfect mix of fierce protectiveness, but knew not to push boundaries. He wasn't your romantic gestures hero, but he was romantic in the way that he could just sense what Beth needed, and didn't need.

If you're looking for the steam that was present in Tease, there are a handful of scenes that will get your blood boiling – especially the club scene. However, I think this book was about much more than that. It was more of a journey for Beth and about her finding her strength again. She needed to begin to heal and that's what we see start to happen in this book. Overall, I really liked Promiscuous, maybe even a little bit more so than Tease. The beginning was a little slow for my pace, but it picked up pretty quickly and then I couldn't put it down. I honestly cannot wait until Book Three comes out - I am anxious to see what happens to all these characters. Whereas in the first I wasn't overly invested in them, I couldn't seem to get enough in this book.

There was no cliffhanger, but definitely some things left open that I want answers to. I want to know the mystery behind Roman and what secrets he has buried (and thinks we won't find out)! I want to see how the dynamic between Beth and Coop develops (especially with revelations that came about), as well as the relationship between Beth and Roman plays out – particularly after she unravels his mysteries. If you haven't picked up Tease yet, go get it and then scramble to read Promiscuous! You definitely will NOT be disappointed!

My rating: 3.5 of 5 ??

The way the world sees her and the real Beth are two different people. Even though lately Beth has done her best to live up to her reputation, not caring much or feeling much anymore for that matter.

Her former (paid) lover and best friend up and fell in love and was no longer available to her leaving her feeling more alone and vulnerable than she ever had. Vulnerable to be taken advantage of in the worst possible way. Something she unfortunately is still confronted with day in and day out.

So she drinks and she parties.....and she has sex, indiscriminately and numbed by alcohol.

Club owner Roman, has been keeping an eye on the faltering singer from a distance, until one night he

decides to step in and take matters into his own hands, before she comes to any harm.

A tentative friendship develops and although Roman is clearly interested in helping Beth through her issues, she is not ready to open up. So he is patient, making himself available when she needs him and in the meantime trying to keep her safe.

But Beth is never quite safe, not when the object of her downfall is one so close to her daily affairs. And as her resolve to keep her secrets quiet for Roman crumbles, he has trouble staying on top of the lies he's been telling Beth.....

A pretty tragic story, really. And one that is only too easy to imagine close to reality.

Other than one decidedly hot scene, I did not find this book extremely erotic or even sexually charged. Perhaps it was the using sex as a manipulative tool at times, that took the sensuality right out of it for me. That doesn't take away from the fact that Missy Johnson knows her way around an erotic scene, because she most definitely does!!!

The story line is a compelling one, somewhat disturbing in terms of exploitation and, in warning, a rape that occurs, but also the psychological prisons people sometimes build around themselves when dealing with trauma in their lives.

What was a bit weaker was the story behind Roman, his presence on the scene is explained, however, the anticipation is built up in the course of the book and the resolution is almost anti climactic. Almost a non-event. I felt through the entire book, when I looked at the pages left, that there would be NO way the story could be told in that short a fashion.....and was a bit disappointed that indeed, it could.

Roman was fantastic as a character, I absolutely adored him. Beth was perfect as woman/child, strong but so fragile, touch her the wrong way and she breaks apart. Character portrayals were right on the nose.

I enjoyed the book, but it didn't leave me feeling quite satisfied. Almost as if we just skimmed the surface.

?A haunting and provocative read?

Promiscuous by Missy Johnson is the second installment to the series *Tease* and focuses on Beth Masters. In *Tease*, I adored Beth. I thought she was sweet, loving, caring and a great friend/companion to Coop. I was one of those readers who was rooting for a possible romance between her and Coop. As much as I hoped that Coop and Beth would get together, I couldn't wait to read her story in Promiscuous. I wanted Beth to get her happily ever after. As I started to read the first couple of pages, Ms. Johnson shocked me. I didn't see any of that events coming along and it made me want to dive further along to read Beth's story.

In Promiscuous, it picks off where it last left off in *Tease* and Beth is deeply hurt and devastated by the loss of Coop, her only true friend. She loves Coop but he loves another. When a tragic event hits Beth, she begins her downward spiral of numbness to ease the pain, heartache, and memories. As a reader, you can truly feel the heavy emotional and physical pain that Beth is going through. As she continues to act out, she meets Roman Hale.

Roman is attracted to Beth and vice versa. He sees the walls that Beth puts up. Roman sees the real Beth: a broken, sad, woman who is need of love and affection. Roman truly cares for the safety of Beth and so he goes out of his way to make sure she is fed and given the attention she needs. His comfort eases and relaxes Beth. And for the first time, Beth doesn't think about Coop. When she's in trouble, Roman has the been the one who invades her thoughts and comes to the rescue.

What can I say about Roman but I adored him. He was sweet and understanding of Beth. His actions truly showcased that he cared for her deeply and will go at all cost to make sure she is protected. As for the relationship between Coop and Beth, these two really showed how much their friendship meant to each other. It was great to see Coop reaching out to her and never giving up on Beth.

As for the ending, I didn't see that news Coop announced coming. I was truly happy to see Beth happy and in love with Roman. I can't wait for *Scandalous* and see what happens with Beth, Roman and Coop. I'm looking forward to finding out more of Roman's past and secrets.

I finished Tease and immediately started reading Promiscuous...I know it says you don't have to read Tease before you read Promiscuous, but I am going to have to disagree...it helps you understand where Coop fits into this storyline and how their relationship/friendship began and ended.

****CONTAINS SPOILERS****

Beth finally professes in an email to Coop that she loved him and this is why she has been avoiding him since she showed up to dinner at the home he shares with Mia...she was coked out and naked under her trench coat...we find out why she was in that condition in "Promiscuous"...a life altering event happened with her agent Ivan and Beth begins to spiral out of control. This event happens on a night Coop was supposed to have drinks with her, but cancels at the last minute because Mia is jealous and not comfortable with their friendship since Beth was a client of Coop's when he was an escort. Beth wants to blame someone for what happens to her, so she blames Coop and shuts him out of her life without telling him what happened to her. Coop calls or texts her almost everyday, but she never responds, until she finally tells him she had been in love with him and how it hurt when he wanted to be with Mia. Coop never expected that was the reason and he continues to email her and they would talk occasionally.

In the meantime, she has met Roman and fallen for him...and the scene from the night they meet is hot. Problem is Roman has been hired to watch her and didn't expect to start a friendship with her and fall for her.

This is where things get eh for me...Beth is in danger so Roman takes her to an old abandoned family camphouse and Coop shows up and tells her he's having problems with Mia and thinking about her everyday after she told him she loved him. She tells Coop she's happy with Roman and chooses him even though she doesn't know that he had been hired to watch her. When did things get shaky between Coop and Mia? Just weird that he shows up at the camp and Beth and Roman is ok with that and no real explanation about Mia. Beth also wonders if she loves Coop or is in love with him...

Roman owns an exclusive Swingers club and he finally tells Beth about it and offers to take her when or if she is ever ready. We see in the preview of book 3 that he takes her to his club and things get hot between them. Does Beth stay with Roman after she finds out he was hired to watch her and especially by who hired him or does Coop leave Mia and he and Beth get together? Guess we will find out in book 3.

Michelle ♥ The Romance Vault ♥ says

I was a little shocked at this book, shocked because I wasn't expecting to connect to Beth as much as I did and feel very emotional towards her and what life was throwing at her. I normally shy away from books containing 'promiscuous' heroines but I actually really connected with Beth and really glad I read this book.

I liked Roman - a lot, he's her knight in shining armour, although I am not so keen on his secrets..... I wonder at what is going to happen when the truth comes out. I also began to feel differently towards Coop in the book even though he's hardly in it, I just felt so bad for Beth. I wanted to strangle Coop for a couple of things. (This might well be influenced by my left over feelings at how I thought Tease should have panned out.)

All in all, I really enjoyed this easy to read sexy as hell romp with Beth and Roman. A story that does engage you, it has it's nasties that you want to castrate, has situations that leave you feeling questioning and from that I wonder at where their story is going to go in the next book and I'm sad that I've got to wait till it's release to find out and see if exactly what is going through my mind is what is going to play out for them all, but truthfully this story could go in any direction and probably will go in one that I wasn't expecting. ? Just to throw me into a loop!

I think I should mention again that I wouldn't normally read books where the heroine is 'promiscuous' and it just goes to show sometimes it really is worth giving something a try. I wasn't expecting to really enjoy this and I did and like I said I am definitely looking forward to book 3.

ARC received from author in exchange for honest review.

I absolutely loved Coop in Tease (Tease Series Book 1) and I've been waiting patiently for Promiscuous (Book 2) ever since. Missy Johnson doesn't disappoint with this book.

I wasn't a huge fan of Beth in Tease, I really thought she was immature. I have totally changed my mind about her though. Even with her being so young, she is so strong in Promiscuous. If you remember, she was the young singer who used to pay for Coop's services and ended up falling for him. We don't see much of Coop in Promiscuous because Beth suffers a physical and emotional trauma in the beginning of the book and ultimately blames Coop because she doesn't know what else to do.

Beth finds herself at a club one night, self-medicating with alcohol and a cute girl when she meets super sexy, mysterious, rock-hard Roman. Can we just stop here? Because OMG he is absolute perfection. Oh, Missy sure does know how to write sexy heroes. She also knows how to create such emotional characters that are easy to root for, even if they are a bit flawed. Beth is a train wreck from her trauma and has absolutely no one to turn to...until Roman.

He has secrets, but wants to protect Beth. He's got some pretty huge secrets, but really he shows nothing but compassion and love for Beth. This is not the end of Beth and Roman's story. There is actually another book coming that includes Coop, Roman, and Beth. Maybe they'll still get their happily ever after. It seems that they are heading that way at the end of the book, but there are still so many loose ends and secrets.

This is a dual point of view book, told from both Roman and Beth's perspective. I love that you see both sides to their story, especially during the end of the book. Oh, lets not forget that there is a lot of sex happening in this book. Sex in a VIP room, sex on a car, and sex in a swinger's club.

A huge kudos to Missy Johnson on this continuation of the Tease series and I'm going to be waiting (patiently) for book 3. Scandalous will be out mid year.

Helen Stothard says

I've been eagerly waiting for this story and I wasn't disappointed. I was blown away by the first chapter, is sad and shocking and sets the tone for the rest of the book.

I liked Beth from the original book, but in this book you see the real, broken and very lonely Beth. You want to just pull her into your arms and hug her.

There's a hot scene in a nightclub with Scarlett that surprised me, it's not really Beth, but then for most of this book she's not really Beth. The events of the first chapter have changed her that much.

Roman is an intriguing character, I'm looking forward to book three just to see more of him and how he'll eventually explain some things to Beth that are left unanswered in this book, don't get me wrong, it's not a cliffhanger, in fact I think the ending is pretty good, I'll admit to being satisfied with certain events that occurred, but you know there's a lot more to come in this story.

As much as I wanted Coop to end up with Beth in the first book, I think Ramon is a better fit for her, although I'm not sure what she thinks she feels for Coop was ever real, after all, it was all based in him being an escort in the first place, and he makes a decision that threatens even their friendship.

As for Ivan, her manager... I have no words for the depth of my feelings for him, you'll understand.

This is one of those books that's hard to review properly without spoiling the story, so for now you'll just have to trust me when I say it's a great story.

There are times that make you cry, times that make you smile, and times where you think hell yeah... Very quickly followed by oh crap, maybe that wasn't such a good idea. It's a book where you get involved with the character, you talk to them, you plead with them and you cry for them.

I loved this book.

4... ticking... time bomb.. smooches!

Coop had been such a big part of my life for so long. Much more than he'd ever realized. For him, I was a client and a friend, but for me, he'd been my only real friend.

Promiscuous is book two in the Tease series. It is Bethy's book. I sort of expected light, fluffy, and sexy book candy. This book was anything but. When Coop fell in love with Mia, Beth lost not only her lover but her best friend and the only person she trusted. She is depressed and self-destructing. In the midst of her downward spiral, Bethy gets another huge blow.

What the fuck was so wrong with me that I had no luck whatsoever with men? Sure, I could find plenty of guys who'd love to fuck me, but a relationship? It was like I was doomed.

And then Roman enters the picture and seems to be everything Bethy is missing in her life. He genuinely cares for her... wants to really get to know her. He wants to be her friend. Actually, he may already know her... a little too well. While Beth is a bit creeped out by this, he is the first man to truly affect her since Coop. She sort of lets that creepy stalker bit slide....

She was a girl in trouble. A girl who I wanted to help, who I needed to help... The only question was, how much was I willing to risk to save her?

Roman is a man with secrets. That is apparent early on. As the story develops those secrets snowball and by the end... well let's just say that there are a lot of ticking bombs... waiting to go off. While I wouldn't say that the ending is a cliff-hanger. It definitely leaves you anxious for Scandalous. I can't wait for the fireworks that are sure to go off!

- O Roman, Roman! Wherefore art thou Roman? - SMOOCHES

She struck me as the kind of girl who would enjoy it, but with her I just couldn't quite tell if all that promiscuity was just an act.

I'm struggling a bit with my review of this book. I liked so much about it but, in the end, I felt kind of gypped.

I really enjoyed Tease and went into Promiscuous expecting more of the same. Bad assumption. This book was nothing like Tease it starts off with a horrible thing happening to Beth which completely caught me off guard.

Sucking it up and moving on was my way of not letting him win.

But that didn't stop the nightmares, or the pain I felt, or that every time I closed my eyes he was what I saw, over me ... inside me.

She spirals out of control (understandably so) and finds comfort in an unexpected place, an older man she meets at a club. His name is Roman and, frankly, we do not get enough of him in this book. Roman's meeting her was not by chance though. He's been hired by someone to 'watch' Beth so he's basically had a front row seat to her self-destructive ways for months. Once he meets her though, his need to protect and save her overwhelms him so much so he crosses every line to be close to her.

Did I mention we do not get enough of Roman in this book? I won't divulge his line of work but let's just say he keeps it interesting!

As the story progressed though, I got a little overwhelmed with all the different directions it took. I felt a little like the book was having an identity crisis ... not enough to make me not like it but enough to make me wish things were simplified and better developed.

And where's Coop you ask? He puts in a small appearance or two but I have a feeling we'll be seeing more of him in Scandalous ... or maybe I'm just hoping!

The sneak peek of the first chapter of Scandalous (book 3 in the series) at the end of Promiscuous got me hyped about the next installment. Had it not been there, this review might be a bit different.
