Shades of the Past Brian S. Pratt

During his expedition to find the lost priests of Morcyth, James learned in part what he was brought to this world to do. But to accomplish what needs to be done, the City of Light must again be free of the Empire. In order for that to happen, however, he must devise a campaign through which that can be made a reality.

Once the spring thaw begins, and the passes are once more clear, he leads all but a few from The Ranch over the mountains into Madoc. Beginning at Lythylla, the capitol of Madoc, he sets into motion events which he believes will drive the Empire from Madoc's soil.

A friend's past brings unexpected allies and James stumbles upon a dark secret buried deep beneath the ground for centuries. A secret better left alone.

The saga continues for James and Miko. Miko comes into his own here and James faces many new trials and tribulations. A story of friendship, good vs. evil, fighting battles and finding the courage to do what is right. There is a new magical element introduced in this book and is a interesting addition. Love, friendship, teamwork and mercy prevail.

love it

Muhammad Gibran says

The war has begun. What arsenal that james have in his sleeves?

Après 5 livres, on pourrait croire que l'auteur pourrait se planter dans ce sixième opus. He bien, détrompé vous car ce livre est encore une fois une réussite. Le build-up que l'auteur prépare pour le livre laisse présager un septième livre vraiment grandiose, mais non, surprise, le gros fight a lieu dans ce livre.

Encore une fois, des éléments de cette histoires ont été utilisé pour donner du piquant à une aventure de Warhammer que j'aie écrit. Les joueurs ont non seulement adoré l'histoire, mais en plus ont applaudie la fraîcheur de ces idées. Donc dites vous que j'ai aussi apprécié le tout dans ce roman.

J'aime la manière dont l'auteur fait ressortir que le Héros, bien que puissant, ne peut pas tout faire. Il ne

connait pas tout et est limité par ses propres connaissances. Même quand il a accès à encore plus de puissance, ce n'est pas suffisant car il ne l'utilise pas bien.

Encore une fois une réussite et un roman que je recommande à toute personne qui aime les histoires de type "héros venu de notre monde" car malgré un début qui laisse penser à l'échec, ce roman lui est loin d'échouer dans son but de divertir et de nous garder accroché à l'histoire.

becoming that which you hate

revenge, even for the right reasons, is a gut-wrenching decision to make. planning to take it against an entire country is destruction that burns to the soul. The Empire is being pushed back by James and his friends, but the horrors burn both ways and the burning magic leaves scars

Ramdas Ormond says

Great story, weak writing. This is the case throughout the whole series.

"Then we do stood a chance," he said with a grin.

This quote, lifted from the third book is only one of many examples. I read the series anyway and enjoyed it. The writing did set my teeth on edge at times.

Kane says

Haven't been disappointed by any book in this series so far. Highly recommend it, it's an easy read and a great one at that.

Alan Thompson says

I think written for teenagers but reminding me of BelGarion, love this series even tho its style is simple, I find that refreshing and interesting too. Looking forwards to more of James in the future. His story can end with the last book, surely?

Gloria says

LOVED the entire series!!

Johnathan Cooper says

I recommend this book because, long story short they lose a friend somehow and they need to find him before something bad happens.
