### **Leslie says**

Pick a page and get a thought that moves you - that's what's so nice about this book.

---

### **Jay says**

A book of inspirational quotes long written before there was the internet and sites like Instagram and Pin it to give us possibly life changing quotes. The book is suppose to be used as a guide whereby you ask the universe a questions and you flip the book open to some page and your answer will be there. I enjoyed reading the quotes and found some of them to be very useful.

### **David Townsend says**

Nice eclectic reminders- still useful

---

### **Libby says**

An awesome book for using when holding a question or problem in your mind and opening yourself up to some divine guidance. The only problem I have is the use of the word "Advanced" in the title of the book. This book is for all souls and life is not a competition where we are graded according to our "levels" of understanding...

### **Brittany says**

I love this book! It is full of great thoughts, quotes, etc.

---

### **Jo says**

really liked this book lots of quotes and sound advise

---

### **Kaz says**

Have used this often over the years when holding a question or problem in your mind and opening yourself

up to some divine guidance.full on divine inspiration.

---

### **DeAnne Wolfgram says**

Beautiful quotations ~~

---

### **Masa Baggio says**

every time,i face difficulty or hardship,i remember the existence of the book.like a phraise written on its cover,i do belive "nothing by chance".So,I can keep my chin up and go forward

---

### **Jim George says**

Easy reading, fun, simple tidbits of wisdom.

---

### **Jilly says**

"read"

### **Teri Temme says**

To find yourself, Think for yourself. ~ Socrates

---

### **Bridget says**

This is a fun book. Think about a problem that you have and then open the book. There are quotes inside to help you on your journey.

---

## **Steven Walker says**

This is not the type of book that you would necessarily read cover to cover as it is simply a collection of insightful and inspiring quotes. However, it is great to read a quote or two each day to spark thought and creativity.
