**Ashes** Emma Slate

Quinn O'Malley—a queen among warriors.

I'm safe in the arms of the man I love.

We have the chance at a future, but first we have to make it through our present.

Another man has come between us; another man's memory lingers in our bed.

He wants one thing: to see Sasha die.

Sacrifice for a sacrifice.

My life for his.

Fairytales are for little girls.

**Wow**

Best series I have read in such a long time. Read in three days as I couldn't put it down

### **Kathy says**

**Loved this series!!**

I read all 3 books in 2 days. Could not put them down. Twists and turns... not the usual mafia dark romance. Very well written great plot and characters. Will be reading more of Emma Slate!!

**Ember Series (1-3)**

Emma Slate, I love your books. Sins of the Rex series, excellent. Ember series, equally good. Quinn O'Malley, she used to have everything, now? She's burying her father, the man she loved had walked away. She's struggling, her father had left her his business, she's starting to come to terms with it and her life when she meets an Italian, she's attracted to him, but wary. Then she has a car accident and loses her memory, he lets her believe they are in love. She loved Sasha, but he left. She is lost and alone. Who will save her, who can she trust, who even knows where to find her? If you like your books full of action, death and love, you've hit the jackpot here.

**Great series**

Could not put this series down. So glad I had all 3 books together cos those endings would have killed me if I had to wait.

---

### **Terrie Dixon says**

I LOVE THIS Series!!!! I havent read sins... but I enjoyed this series.

## **Evelyn Ann says**

### **Wow**

Did you ever pick up a book and could not put it down?? Well I started the Ember series at 8 am and finished entire series by 2 am.. I so recommend this 5 star series. You will be hooked by love and devotion of Emma Slates characters

I didn't review books 1 & 2 of this series because I wanted to wait until I finished the whole story first. OMG, so damn good! Suspense, intrigue, deceit, lust, lies, violence and love all wrapped up in this series. Slate even throws a crazy love triangle in the mix. Really enjoyed this series, gotta say book 2 had me so frustrated, with Quinn vascilating between Sasha and Ori. Ugh, I just didn't know where her heart would land when it came to those two even though I had held out hope for the big sexy Russian, Sasha... But, love finds a way somehow and loose ends seem to tie up neatly after a crap ton of suspense and angst...

### **Page turner**

I read all 3 books in this trilogy in one day! I love these characters. Even though the stories aren't realistic, their relationships and love for each other are, and it's so easy to spend hours being dragged into their lives!

### **Great series!**

This series was the first time I had read anything by this author. So well-written. You really felt immersed in the story of Quinn and Sasha. Talk about overcoming obstacles! This book brought a perfect ending to their love story.

## **Vanessa Vargas says**

**Wow! What an incredible trilogy!**

This set of book will have you hooked from page one! I did not want to set my kindle down until I was done! I recommend this to everyone, be ready for an amazing read!

**The final one**

Quinn and sasha reunion... It's a real page turner. the characters and simple plot drive this although I was a little disappointed with the delivery, it was gripping but it was rushed at the end. It's very frustrating wanting to review a book without any spoilers so I will be as honest as I can, it's a cracking series and really worth a look with good characters and dialogue.

**Brilliant**

Well that was a rollercoaster of twists and turns brilliant loved it, I'm glad Quinn and Sasha got the HEA.....loved the way we still had all the characters from Sins of the rex loved it thanks

**Toya says**

**Good book!**

Loved this series just like the Rex with Flynn and Barrett. There is always so much action going on. And little twirl at and turns! I am wonder about Ramsey!?!? Will he get his own book?
