Highland Heaven Ruth Ryan Langan

The Campbells and Lamonts were enemies sworn...

For the sake of his twin, Shaw Campbell would storm the gates of Hell. Yet his brother was not in the hands of the devil, but of Merritt Lamont, a female firebrand who would defend her family's honor to the death...and readily take Shaw with her!

In these vengeful times of clan warfare, Merritt knew there were few men she could trust. Yet there was something in the eyes of Shaw Campbell that spoke of a man of peace. A man who could all too easily capture her troubled heart!

Booknblues says

Sometimes a light hearted romance is just the thing for a summer afternoon.
Two twin brothers and two sisters in a rollicking romance.

Pregy Preglo says

read it

Usagi Tsukino says

[I knew, knew, it was him! (hide spoiler)]

Penelope Ericksen says

Typical romance, though dry and the plot didnt follow through as well as the author may have wanted. Not horrible though.

Bev Walkling says

Having read several romance novels recently that were way more erotica than plot, this book was like a breath of fresh air. Set in Scotland in the time of Robert the Bruce, twin brothers Sutton and Shaw are born in the middle of a battle and although seen initially as being an evil omen, the enemy are scared off by their birth and their father is named the new leader of the clan. Move ahead to when the twins are adults and left in charge at home while their older brother the Laird is off to Edinburgh. Someone is attacking local people, stealing horses and sheep. They suspect that Upton Lamont, their father's one time friend turned enemy might be behind the attacks but when . Sutton sets off to confront him, he is attacked and wounded to the point where he is not expected to live. He is saved by Lamont's two daughters who bring him back to a home that is suffering from neglect and lack of resources. Twin Shaw was expecting to devote his life to the church, but when his brother fails to return home, he birds his father's sword and sets off for Lamont land.

The story develops from this point on and while I won't go into further plot detail I will say that I felt the characters were well developed and the romance (s) were not rushed. I appreciated that the author did not resort to using descriptions of sexual encounters to further the story. There was a brief description of a sexual encounter near the end of the,story but it was not graphic in nature.

I was able to figure out who was behind the attacks fairly early on so would deduct half a star for that but

overall this was one of the best romances I have read in a while.

4.5 stars

Jack Washburn says

Great series

I thoroughly enjoyed this series. All of the books were interesting and the plots had many surprises. One of the books had a listing of more Highlander books, when will they be available as electronic books?

Gemma says

The hero is supposedly about to become a monk, yet when he meets the heroine, he constantly kisses her to shut her up. I hate that cliché.

Jaclyn Holly says

Exciting, adventurous, action-packed and pretty hot for a romance novel, I'd definitely recommend this book. It's about adult male twins who find themselves in enemy territory, being tended to by the daughters of their family's sworn foe. Great plot, heart-warming family scenarios and of course, gut-clenching romantic anticipation.

Janie Weimer says

He gets over his internal torment about being a monk and duty, etc., pretty quickly when he sees the heroine. So that's maybe a bit more shallow than it should be. But a really fun read, good action and intrigue, and of course romance and sexy characters.

Adriana Fogaça says

Série: Highland 01 - O Inimigo - Ruth Langan

Título original: Highland Heaven

Título: O Inimigo

Autor: Ruth Langan

Tradução: Carmita Andrade

Série: Highland 01

Editora: Nova Cultural

Ano: 1995

Oh, daria tudo para estar nas montanhas verdejantes da Escócia em 1315, deveria com certeza ser uma visão belíssima, mas como nem tudo é perfeito, teria que lidar com as guerras entre os clãs. Além da beleza do local e do período conturbado não podemos esquecer das pessoas.

A autora já conhecida pelos personagens forte e corajosos, mas quando se dedica a escrever romances históricos que passam na Escócia, sempre nos presenteia com escoceses fabulosos, guerreiros fortes, carinhosos, que estão dispostos a enfrentar tudo pela pessoa amada, onde há sempre varias batalhas, vingança e traições das pessoas menos prováveis. O casal sempre passa por algumas aventuras perigosa, além é claro, dos personagens secundários que são ótimos...
