## **His Distraction** Tanya Gallagher

He wants to save the world one vibrator at a time. She'd rather feed the homeless.

Jeremy Glass, CEO of Seattle's hottest sex toy company, has a fantastic life: he's single, rich, and has a parade of "product testers" to help him warm his sheets at night. He's about to land the deal of a lifetime and finally prove that his untraditional business is more than valid. The only problem is he just fired the one woman his client insists handle their account. He knows if he hires her back, Vanessa Reese will be a distraction—after all, she's gorgeous, sweet, and witty. Jeremy knows better than to mix business and pleasure, but he suddenly finds himself chasing after a woman for a change, and this one's determined to keep him on his toes.

When Jeremy asks Vanessa to come back to X Enterprises, she isn't interested in what he has to offer—not his pretty face and sculpted body, and certainly not his arrogant attitude—until Jeremy makes her a deal: spend ten weeks in his employment, and then he'll help her land the social work job she really wants. When Vanessa agrees, she finds herself plunged into a world of sin and indulgence she never imagined. Despite the attraction between herself and Jeremy, Vanessa is determined not to give in and hand over her dignity and her chance at a steady paycheck. Probably. Because the more time she spends with Jeremy, the more she uncovers the kind, charming man hidden under his cocky exterior.

Can a sex toy CEO and a bleeding heart ever find love, or will their connection destroy everything they've worked for?

## From Reader Review His Distraction for online ebook

### Sharon Mariampillai says

This was a disappointing read. It just was not for me. The storyline did not interest me at all. I thought there should have been more to the characters. I thought that they were not relatable to me. I wished there was more of a background on their characters. Also, I thought that the romance between the main characters was not as interesting as other books that I have read. The ending was the highlight for me because I managed to finish it. Overall, a meh read.

---

### Beth says

Great read, I had to laugh at this business man and his company ...but i guess that is a reasonable this day and age with all the folks who want supplies and such ...but talk about girlie giggles. how could or would you not laugh?!! I know grow up but still .. can not imagine????? ... fun time. quick read and great style!! i enjoy a lady who is power and strong, no weak ...she make snarky comments, always being silly or maybe sarcastic is a better word there? i will look more into Tanya soon enough. check her out!! must read. ( ;

## **Alexa Dudley says**

His Distraction follows the story of Jeremy Glass, CEO of major sex toy company X Enterprises and Vanessa Reese, a recent college graduate just starting out in the workforce. Interested in social work, Vanessa is caught off guard when she learns that the temp agency she is working with has temporarily placed her at X Enterprises. Jeremy and Vanessa soon make a deal that in exchange for her working at X Enterprises for 10 weeks, Jeremy will help her land her dream job,

I really love Tanya Gallagher's writing. Similar in style to her previous book, A Slippery Slope (check out the review [HERE](#)), the author does a really great job of maintaining a realistic dialogue and banter between the characters. One of the primary reasons I don't read too many romance novels is the fact that they always seem a little farfetched for me. Although the story line itself was a little atypical (it's not every day that you read a romance novel set at a sex toy company) the hilarious banter between the characters really drew me in. I genuinely couldn't put the book down!

I especially loved the banter between the two main characters and Jeremy Glasses' character was absolutely perfect. Overall, I would give this book 4.5 stars. The only (very minor) problem I had with this book was the ending. Not that it was bad, just not what I was expecting. Definitely one to check out!

## **MyLoveAffairWithTheWrittenWord says**

I was given a copy of this book in exchange for an honest review, and I thoroughly enjoyed it! I'm the first to admit that the romance genre isn't typically my thing, but if every romance was written like this one, I could get into the habit of reading them more! Handsome, chiseled Jeremy Glass is the owner of X Enterprises, a company that makes and sells sex toys, and is all business. When Vanessa walks into his office to do what she thinks is going to be just a temp job, Jeremy is smitten, and worries that she may become the distraction in his life to takes his eyes off the prize: selling his company to the infamous Yessir Unlimited. With her good looks, resourcefulness and smart business sense, could Vanessa's presence in the company distract Jeremy from his ultimate goal? What could it possibly mean for the future of the company, and Jeremy's own personal future? Filled with steamy sexual tension, and one of the hottest will they/won't they plots of any book, His Distraction is a satisfying read that will leave you wanting more.

## **Kim says**

I really enjoyed reading this interesting take on an office romance!  
I love how Tanya incorporates such a taboo subject in a very casual and relatable way.

The two main characters couldn't be more different. Where Vanessa is kind-hearted, and puts everyone's needs before her own, yet she is confident enough to put someone in their place when needed!  
Jeremy is the true definition of a corporate a\*\*hole, and I loved every second of it! Nevertheless, he proved his worth with how much he ended up loving Vanessa.

As always, the writing was phenomenal and enjoyable to read. Tanya has a real talent for writing about unusual settings and turning them into a heartwarming and enjoyable read! I can't wait for the other books in this series!

### **Katie says**

His Distraction is an interesting take on the hot boss-sexy employee trope. It has all the wonderful elements of forbidden love thrust into a sex toy environment. I love that Tanya Gallagher can take something so taboo in everyday culture and bring it to you in such a relatable way. Everyone should read this book if only to eliminate some of the stigma that revolves around usage of sex toys on your own or in your relationship! I also learned a little about how dildos are made... who knew (insert shrug here).

Vanessa is a bleeding heart social worker and I can relate to that as a social worker myself. Nothing makes forbidden love sweeter than a social worker falling for a corporate asshole. She was a confident, hard-working, sex bomb of a lady with a penchant for putting others needs above her own. What more do you need out of a heroine? Plus she's oh so good about putting Jeremy in his place. She's not the type of woman who's going to bow down to a man simply because he's hot and rich (but man, Jeremy really is hot and rich).

Jeremy was an aggravating son of a bitch who slowly gained my appreciation once he stopped being such a tool. But that's the attraction of a cocky boss, no? Vanessa's influence on Jeremy is a slow but steady approach, but I loved that he was willing to put aside his instinct to control everything in order to be the best man for Vanessa. Nothing is sexier than a powerful man coming to his knees for his woman.

I think Tanya Gallagher has a real talent for creating dynamic characters who push each other to be better people. His Distraction is a really fun read for those who fancy contemporary reads with a sexy twist. Forewarning there's sex and tons of it between these pages and with a sex toy creator as a main character the sex can get...creative. Be ready to expand your knowledge of play in the bedroom... and restaurants.

\*\*This book was provided by the author in exchange for an honest review. I do not post reviews of books on my blog unless I truly enjoy them, regardless of how they were acquired. My own personal policy.

### **K's Secret Books says**

3.75 - 4 stars

I read and enjoyed slippery slope so when Tanya reached out to see if I wanted to read an advanced copy of this one, I jumped on it. His Distraction is book one in a new series of standalones. This sexy new romance

will leave you fanning yourself. It is HOT!!! I love that this bok/employee relationship takes place at a sex toy company. I know have a whole new understanding of sex toys and the fact that they come from a business and not just a secretive box. They have offices and even testers ?. This story was sweet, funny, and sexy.

### **Marisela Chavez says**

Jeremy and Vanessa. What can I say about them? The first time they met he knew he was in trouble. Jeremy knew Vanessa was going to be his biggest distraction. So he pushed her away by firing her.

Vanessa felt the instant attraction right away too. She didn't want to work at a sex toy shop but she did until she got the job she really wanted. Her dream job is being a social worker and helping others. When he asks her to come back he promised he will get her the job they wanted.

Nothing goes as planned. Once they start spending time together. You see the chemistry fly. Jeremy was there when she needed him the most and vice versa.

This was such a great read and I honestly couldn't put it down. I just loved the back and forth between Vanessa and Jeremy.

### **Brittany&Elizabeth's BookBoutique says**

*A book that will leave you blushing, but in the best way possible!- Brittany and Elizabeth's Book Boutique*

*"I would do anything for you"*

His Distraction is book one in X Enterprises series- a brand new series by Tanya Gallagher. I really enjoyed reading this take on an office romance and it definitely left me blushing MANY times!

Jeremy and Vanessa have an instant connection, one that cannot be ignored. As dirty (but in a totally good way!) as he was, there were many times I found myself swooning head over heels because he wants to do good. He is a man that holds many admirable traits and one that is definitely desired.

Vanessa is also a female character that is a hard worker, that doesn't take no for an answer and one that just can't ignore the desires of her heart. She is a strong lead, and made me want to do more with my life!

Tanya has definitely hit a homerun with this and I really enjoy her style of writing. The characters are quirky and the scenes are definitely HOT HOT HOT! but she is definitely an author you should watch out for and add this series to your TBR. If you want to read about the rest of the characters, check out her releases coming soon!

## **nikkigracereads says**

Tanya Gallagher does it again!! \*slow claps\*

HIS DISTRACTION is book one in the new "X Enterprises" series, which centres around a sex toy company. I had the pleasure of reading Tanya's first book A SLIPPERY SLOPE, so I already knew to expect BIG things from this one - and I wasn't disappointed.

This book has everything you would look for - brilliant storyline, kickass heroine, insane chemistry and lots of naughtiness along the way. I read A LOT of weird shit, so I'm no prude, but Gallagher manages to write sex scenes that leave me blushing...Jeremy is one dirty-talking businessman, and as much I wanted to punch him in the face a time or two, I fell for him just as fast as Vanessa did!

The rest of this series will follow various employees of Jeremy's company, and I just know that they are going to be every bit as good as the first book. If you haven't read a book by this author yet, you seriously are missing out.

## **Anna Valsa says**

So boring. Skipping most of the book. ?

---

## **Amanda says**

Wearable vibrator. Hot boss. Savior of kitties.

If that didn't catch your attention, then I don't know what will. HIS DISTRACTION is full of the above and more. I read this baby in one sitting-- I just couldn't get enough of this office romance. The way they challenged each other as co-workers, helped those in need as friends, and then Jeremy popping boners all over Seattle as...more than friends.

This isn't your typical office romance-- this guy is THE CEO OF A SEX TOY COMPANY. Yes, you heard right! Sex toys! His Distraction is funny, informative, and addictive-- pick this baby up now!

---

## **Katy says**

His Distraction is one of my favorite romance tropes, the cat and mouse game. Jeremy Glass is the CEO of successful Seattle's hottest sex toy company; he's rich, single and happy with the way his life is going...until Vanessa shows up. The woman he fired who he didn't realize (for some super strange reason?) handles their money accounts. Yikes.

Vanessa clearly wants nothing to do with the man, but he offers something she can't refuse. These two end up tangled up in a dance together whether they want to or not. Vanessa also has no idea the lifestyle Jeremy leaves, sure he may be the CEO of a sex toy company but not everything as it seems. She surely didn't think she would find him to be kind and caring, especially under all that sex toy CEO, bossy exterior. They both start to realize they are falling for each other and unplanned love brings its own set of problems.

His Distraction is a good contemporary romance book with just enough dirty to spice it up for readers who want something more than a vanilla type of story. Definitely worth a read if you like two unlikely people falling for one another.
