In My Tree Sara Gillingham , Lorena Siminovich

Turn the colorful die-cut pages of this irresistible board book to discover just what makes little owl's tree so cozy. Is it little owl's sturdy branch and snuggly roost? No, it's his loving family! Bright pictures, reassuring messages, unique layered pages and an adorable felt finger puppet attached to each book combine to create interactive reading and playtime fun!

Michelle says

What an adorable board book about a baby owl. It has a finger puppet owl that can see thru each page.

JV says

Great first book for babies!

Amie says

DD loved trying to figure out how the owl moved.

Christie Angleton says

This can be sung flawlessly to the tune of the Beatles' "In My Life" for extra read aloud goodness.

Micah Stav says

Amanda gave me this book.

June says

Went over pretty well with the lap time crowd. Finger puppet owl kept everyone's attention, not much story.
10/24/12

Used again this year in Lap Time and since I only had a couple active 2 year olds for Story Time again for that. The 2 year olds were very taken with the finger puppet owl and came up to touch it and try it out after the story. 10/24/13

I love gimmicks. Worked great at lap time.

Alison says

Beautiful little book!!

Amanda says

We bought this when El was in utero, so I adore it. She loved it between 4-6 months, then hated it for awhile, and now loves it again. The cut-outs are great for her fingers and she wishes that the owl would come play more. Good one. Someone's making a killing on these suckers. :)

Katie Fitzgerald says

Read at Baby Lap Time on 7/29/11: [http://storytimesecrets.blogspot.com/...](http://storytimesecrets.blogspot.com/)

Annie says

It's so short you can read it to your child in, like, 20 seconds. But, it's the first book my baby reached for and seemed interested in, so I will always love it. The illustrations are absolutely beautiful, and the whole thing is just really fun :)

Mary Luzader says

I've read a few in this series and have enjoyed them. They are all pretty much the same just with different animals (which is a-okay with me). The little finger puppet in this one, however, had a hard time fitting through the hole for the last page.

Cheryl Belt-Jackson says

Picture Book

birth to elementary

A picture finger puppet book with one sentence details of an owl in a tree.

Children will have so much fun with this owl finger puppet book. It is very entertaining for young children.

There are bright colors and the pages intertwine with each other. The owl allows you to move within the pages to create interactive movement.

Michelle says

The illustrations are really cute and the owl puppet is adorable but feels a bit awkward since it doesn't really wiggle comfortably and you have to force it through the last cut out.

Jenne says

This is a very cute owl book, with a finger puppet that goes through all the pages. My daughter loved it, and grabbed hold of the owl with each page turn.

Pamela says

"In My Tree" by Sara Gillingham was very cute...similar to "In My Den," this book uses a hand-puppet to help convey to their readers that the bird is in all the scenes featured throughout the book. However, the only place the bird finds its "true" comfort is with its family. Moreover, Lorena Siminovich does a fantastic job with the illustrations...they compliment Ms. Gillingham's words very well.

As a parent, I thoroughly enjoyed reviewing this book. My daughter loved this book, and it helped her learn her colors so much. I'm very excited about exploring the other books in this series.

I give it 5 stars.
