Robert Jeffress

Not All Roads Lead to Heaven: Sharing an Exclusive Jesus in an Inclusive World Robert Jeffress
An urgent call to reclaim the message of salvation

"In *Not All Roads Lead to Heaven*, Dr. Jeffress has given the body of Christ a great tool. The exclusivity of the Christian gospel is not just a theological issue to be debated, it is the heart and soul of the gospel."--**Dr. David Jeremiah**, senior pastor, Shadow Mountain Community Church; founder and president, Turning Point Ministries

"Jesus said He was the exclusive means to come to His Father for salvation and a home in heaven. Either Jesus was right or He wasn't. Robert Jeffress believes He was right. Whether you do or don't, this book deserves a serious read. It asks and answers one of the most critical questions of our time--the one that actually determines a person's eternal destiny."--**Dr. Mark L. Bailey**, president and senior professor of Bible exposition, Dallas Theological Seminary

"Dr. Jeffress masterfully addresses the common arguments against biblical Christianity and equips us to engage with those who disagree with Christ's claims about Himself. Dr. Jeffress aims to help us to more clearly articulate the good news that Jesus came to save sinners because He loves them. Read this book. It's a must-read for the day in which we live."--**Susie Larson**, talk radio host, national speaker, and author

"What a shock it will be someday for many people who will arrive in eternity only to discover all roads don't lead to heaven. This book will provide solid answers as to why this is so. You will learn why Jesus alone has the qualifications to be the Savior."--**Dr. Erwin W. Lutzer**, senior pastor, the Moody Church, Chicago

"*Not All Roads Lead to Heaven* will help you remember the greatest answers for believing and defending the true gospel story. I wholeheartedly recommend it to all Christians, pastors, and Bible teachers, for it will warm your heart and mind with 'the reasons for the hope that is in us.'"--**Dr. Tim LaHaye**, pastor, author, and Christian educator

Michael A. says

Truth, by its very nature is totally intolerant. If 1 apple + 1 apple = 2 apples, it cannot be 17 apples, no matter how sincere you insist it really is 17 apples if you just feel it hard enough. Jesus is intolerant. He insists He is the way, truth and life, and no one gets to heaven except through Him.

So Mohammad can't save you, Buddha can't save you, Vishnu can't save you. Indeed, if you read what they said, they admit that they can only show the way and you must do it yourself.

Only Christ can do the saving, and all you must do is ask Him.

Sandi Stover says

This is another great book by Dr. Jeffress. He explains there is one true God and you must believe in Jesus in order to be saved and have eternal life.

Kathy says

At one point in His ministry, Jesus asked his disciples, "Who do you say that I am?" (Matthew 16:15) We all have to answer this question -- our eternal destiny depends on it. Dr. Jeffress presents the gospel -- the only true way to heaven -- in this straight-forward, Bible-based commentary. At the end of the book, he provides simple answers (talking points) to complex questions that often arise when one is sharing the gospel message. This book is well worth the read.

Jennifer Dowden says

I admire Pastor Jeffress for his ability to talk about his Christian faith to non-believers in a non-aggressive, but loving way. I read this book looking to strengthen my ability to talk about my faith with non-believers.

Vicky Sue Tye says

Apologetics for believers.

Finally a way to explain what we know and profess. A must read for every Christian seeking to explain the exclusivity of Our Saviour.

William Struse says

Ready to Give an Answer -

What is Christianity's most offensive belief? Tough question, isn't it? Well, according to Dr. Robert Jeffress in his latest book *Not All Roads Lead to Heaven*, it is the Biblical teaching that faith in Jesus is the exclusive way to heaven.

We have all heard the secular religious mantra that all faiths are equally valid and that all of us are basically good people. But what does the Bible really say? In this well written and accessible book Dr. Jeffress draws upon his extensive knowledge of the Scripture and his personal exploration of the subject to provide a compelling case for the exclusivity of the Christian faith.

Undoubtedly this is a controversial subject and Dr. Jeffress pulls no punches but his straight forward approach to the subject is tempered with a genuine love for those who have not taken that "leap of faith" as he describes it.

A few chapters which really spoke to me were those addressing the questions or in some cases the accusations we are often challenged with when sharing our faith:

1. Christianity's Most Offensive Belief
5. The Intolerant Christ
7. What about Those Who Have Never Heard?
8. What about Those Who Could Never Believe in Christ?

Dr. Jeffress addresses these questions and several more with sound and simple Biblical arguments. After reading this book I know I am better equipped to fulfill the Biblical mandate to give a reasonable answer to some of the most difficult and important questions of our Christian faith.

1 Peter 3:15 – But sanctify the Lord God in your hearts: and be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear

Lily says

The Holy Gospels as fulfilled by Christ reveal that only through the grace of Christ are the elect saved. This book provides the support needed to understand how Christianity is the only TRUE religion. An excellent and essential read for those who want to understand exclusivity.

ken whitsitt says

A must read!

Everyone needs to read this book, if they are in any way concerned about getting to heaven, whether they are already believers or not.

Sharon Thurnell says

I received this book as a #goodreadsgiveaway. I was interested to see what Dr. Jeffress had to say. All I can say is NO!

Blake Western says

Robert Jeffress lays out clearly the Biblical claim of the exclusivity of Christ. He surveys the Biblical teaching thoroughly. He shows that to deny the claims of Christ would lead to faith falling like a chain of dominoes. Effective use of illustrations emphasize the truth claims that he makes. This is a much needed book in a world where relativism is rampant.

Justin says

This is a very good and quick read. It was good to brush up on the doctrine of the exclusivity of Jesus Christ, He's the only way to salvation. I think many in the church have forgotten that, become very comfortable, and forget to proclaim Him to our lost world. I know that's been my case often. I give this book a 4/5, I thought it didn't go deep enough into answering the question of what happened to people before Christ. The rest was pretty solid. It will help equip you with some good and concise answers.

Shannon says

This is definitely a book every Christian should read! In today's society Jesus being the only way to salvation, eternal life has been watered down and turned into one of the ways.

"...the single greatest stumbling block for nonbelievers coming to faith in Christ is the issue of exclusivity."
pg. 14

Sadly, it is not just lay people watering down the way of salvation but pastors/ministers, and popes, too!

We are trying to make Jesus fit the world, and this is not how salvation works. We try to make the Bible say what we want it to say, so as not to offend anyone. Jesus spoke the truth at all times, and it's only through the truth, that we and others can make it to heaven.

"In this book, I will provide you with clear, biblical answer to the seven most common objections to the exclusivity of Christ." pg. 16

Pick up this book, read it, study the Scriptures shared and as you do you will be challenged, encouraged and more. The goal of this book is not to win an argument.

"Instead, always and foremost, our goal is to do the most loving thing we can do for any person-to win him

or her to saving faith in God's only way to eternal life: through Christ alone." pg. 193

I give this book 4 stars.

Nancy says

For the most part, very solid. However, he did lose me a little when he talked about how the Old Testament-era people could be saved even though they didn't have the opportunity to know (therefore, believe in) Jesus. I don't disagree; his point on this was just a little meandering and indirect and not as convincing as it could have been. And the same goes for his mention of mentally-challenged adults, babies, children, etc. and the fate of their souls. Again, I don't disagree, I have just heard it explained much more effectively and convincingly elsewhere.
