Nukkin Ya

Phillip Gwynne

Nukkin Ya Phillip Gwynne

Nukkin Ya is the sequel to Deadly, Unna?. Fifteen-year-old Gary Black, 'Blacky', isn't sure what he wants or where he is going. The one thing he does know is that he wants to escape the small country town he's grown up in.

Harry Mckenzie says

I HATE THIS BOOK!!! - The reason why I hate it is because this is number 2 of a two book series and i wish it was a trilogy. A beautiful story and again - like Deadly Unna?- beautifully executed. The only reason it is not received as well as the first book is because Deadly Unna? was so good, nothing could of topped that. A great end to a great story. Please o please Mr. Gwynne give us third book.

Cass A says

Teen fiction. #2 following 'Deadly Unna.'

Nikki says

It was a little harder to get into than the first book, but it was really enjoyable to read. Some of the content is heavier than the first book, and so some of the humour has been sacrificed. But overall, I think this is a really good sequel, and really takes the story further than where *Deadly, Unna* left off. I'd recommend for older readers, because of some of the heavy themes (and specifically violence in this one).

Hung says

4.5 Stars.

Reading this book did not change my life, but I loved the book. The characters are more developed and has more depth. The story actually went somewhere. Would love to read Gary Black next adventure.

Kerry says

The sequel to "Deadly Unna". Not as good but still a fascinating read.

Shane says

A fantastically simple story that sums up how it could feel to be a teenage boy growing up in an isolated country town racked with racial tension. Not quite as good as Deadly Unna, but still very very good.

Jes says

I read the first book for english and decided to read the second one. It's alright i liked the first one more

Vanessa.Willetts says

I have read Deadly Unna so many times - to many classes who have all enjoyed. For some reason I never thought about reading this, the sequel until this now. It was a great read. Blacky is a really likeable character. But I think what is best is that all the relationships shown here are complicated - there isn't any neatness in what is going on and that is really important in YA writing and doesn't always happen. The writing seems very real and true to life for me, and I'm sure it resonates with many other people who have grown up in that time and were either living in a rural community and/or were 'povo'. Highly recommended.

Tadashi Hamada says

Damn. These characters have grown on me, especially Blacky. I'm gonna miss him. I hope Adelaide treats him well.

Wish there was a third book coming out though, but that's highly unlikely.
