Take Me Upstairs Randi Stepp

He always liked teasing her.

He used to pull her hair when he wanted to tease her. It's grown into much more. Julia and her the Man of the House are back under the same roof again. The teasing is unbearable, but tonight is different. When does teasing turn into foreplay?

Julia comes home from her summer job to a man on a mission. Bao is done playing around. The two are alone for the night, and it's perfect timing to get everything he wants. He wants to work her up and have her begging for him to take her front and back.
