Three Wolves Mountain Bohra Naono

A “tail” of supernatural romance!

Reads R to L (Japanese Style) for mature audiences.

Way up in the mountains, far from any major cities or towns, Kaya Susugi runs a small cafe by day and guards a haunted cemetery by night. Then, one night, he comes across werewolf brothers Taro and Jiro. Cheerful but klutzy younger brother Jiro quickly falls head over heels for the capable loner Kaya. What results is a dive into the hot, tail-twitching delight of werewolf mating season!

Lapis Lazuli says

Avevo adorato questo manga in versione scanlation e leggerlo in volumetto è stato fantastico. I disegni sono deliziosi, i protagonisti sexy e dolcissimi, le scenette comiche divertenti. Un must per gli amanti degli yaoi. Peccato solo che siano brevi episodi e non una storia più articolata, ma ci accontentiamo.

Sophie says

I'd been looking forward to this, but I have to say I was disappointed. While I was willing to cut the whole werewolf thing some slack, the reason that I didn't like this was that the mix of humour and drama just felt too uneven for me and simply didn't work for me. Plus, the pacing was weird and I couldn't *feel* the two of them (or even just one of them) fall in love. Jiro was certainly cute, and Kaya your typical seme-type person (oh, that reminds me, the fact that there's switching was a point in favour of this one, but not enough to make up for the rest), but I didn't particularly like either of them.

It wasn't terrible - the art certainly was very good - but it left me cold.

Eve says

Wonderfully drawn. This is not a wolfy menage but a romance between Jiro (the younger wolf brother) and Susugi (the cafe owner/gravekeeper). Jiro looks human but with different colored eyes and pointy ears and a veerrrry bushy tail (he has to hold it out of the way so Susugi can fuck him). Jiro and Tarou have been kicked out of their pack by their father and are so hungry that they break into Susugi's cafe and eat his food. When they have no money to pay, they proceed to move in with Susugi to 'work off' the debt. Susugi is rude to the brothers but long-suffering, putting up with klutzy Jiri breaking his dishes and the wolves mooching off him, even brushing Tarou, who is in his wolf form most of the time and retains a wolf's head when in human form. And so Susugi isn't so alone anymore...

There are adventures with grave robbers and angry ghosts but this is at heart a love story.

The chibies are also super cute.

I found the digital version well formatted - I bought this on Kobo and read it on a Kobo app on my ipad. It reads back to front (swipe left). The pictures were easy to enlarge and looked focused even when enlarged. I had no issues scrolling or resizing.

Nicole Bunge says

The one star is for the art, although even that isn't great in it's consistency. The words "mature readers" and

this book do not belong together. The story is ridiculous on a lot of levels (half werewolves who only kinda change partially, and behave like bratty puppies? Oh, but his brother can go full wolf.) It just comes off as bad fanfiction some 14 yr old girl made up and posted on the slash forums. I couldn't even make it through half this nonsense. Even cliched airhead high school girl characters don't act this stupid.

Veronica says

Fluffy werewolf romance.

Olivia says

Very cute, with many amusing moments interspersed! I was very happy it didn't fall into many of the yaoi tropes, and was delighted with how sweet the romance was.

Natasja says

coot

Derekica Snake says

Well this is a pain in the ass. I wrote a review and it's not here. Argh. Sure all my good stuff is gone.

So, there's this hot socially maladjusted gravekeeper/teahouse owner who is in a mode of self destruction while he waits to die so he can be with his brother who committed suicide when he was just a little tyke. The reason why the bro decided to shuffle off this mortal coil was that the guardians who were supposed to look after them were sexually abusing him. Needless to say when the older brother was gone, they moved on to the little guy. So the end result is gravekeeper doesn't have any emotional attachment to people.

Which is good because werewolves show up. Both are from a union of human and werewolf but the oldest can change into a wolf, but not into a human (got a wolf head) and the youngest gets a tail and ears and some bitchin claws. The smallest werewolf sees the gravekeeper and goes into heat and decides to make him his own...from there on, any peace and quiet the gravekeeper had or wanted is gone.

Why 5 stars? I cried. Damn, I cried a couple of times. This is why I don't listen to country music. Bawls, sniffles and the like. Also Bohra Naono is an amazing artist who can draw *pretty* but likes those characters that are a little physically mangled or spiritually scarred.

Charles says

Not for the Faint of Heart - Three Wolves Mountain Vol 1 Review

Well back to the yaoi this week with Three Wolves Mountain, found on amazon and purchased now that there really isn't anything to get at the local bookstore. In some ways it is a sad fate, to not be able to find anything in town, to have to wait for things to arrive from the vast and mighty internets. But at the same time there is the fact that selection in the book store is quite limited, and selection online is equally vast and mighty. Which means that, drunken pineapple playing glorious music through my veins, I embark into a yaoi that is actually satisfying visually and imaginatively.

It's a strange thing (to date, at least) to find a mature (read sex-themed) manga that actually manages to tell a decent story while being naughty and fun. But I am extremely happy to report that Three Wolves Mountain manages to be entertaining, charming, sweet, funny, cool, and pretty damned sexy. It's good times all around. For those looking for a book that really succeeds in capturing both humor and a bit darkness and wrapping a sweet coating of sex around it, look no further. The story itself follows two brothers, both werewolves, as they search for and find a home with a human. It is an interesting premise, as one of the werewolves is mainly human while the other is mainly wolf (they have full moon versions that move toward traditional werewolves, but I liked the difference). They are kicked out of their home by their parents and are taken in by the human guardian of a graveyard.

And the stories are all solid, all fairly dark and definitely mature, and each growing the relationship between the more human werewolf and the human. They make a cute pair and along with the wolf brother become something of a family. This is while dealing with ghosts, family, and demonic possessions. It all just works, all just feels right. And while it is an aspect of the human's backstory, there is no actual rape in this volume. For a yaoi, that's basically unheard of, but here we get only consensual sex, only two people engaged in a loving relationship. And while the two characters aren't always perfect with each other, it works. I got the sense, at least, that these characters were fun and existed in a world larger than the one shown.

And, of course, the sex scenes are great. Probably out of all the adult manga I have read so far, this had the best art, the most detailed, and given that some of these characters have fur at times, that's really saying something. The scenes are steamy and well done, and there isn't really anything to be uncomfortable with. Here are two people in love, and finding out what it means to be in love. There's no censoring, no blurring or anything like that, and this is the first yaoi I've read where the guys are not locked into roles of who is the top and who is the bottom. And, somehow, that seems refreshing.

So yes, highest recommendations for Three Wolves Mountain. The drunken pineapple cries out in joy as it is crushed between my teeth and all is, for once, right with the world. The one real downside to this is that there is only the one volume, only the one set of stories. A part of me desperately wants more, wants to be able to keep following these characters. But I suppose I shall content myself with other stories, other naughty adventures, and know that at the very worst I have found a very good read. A 9.25/10.

Sushi (??) says

Naono Bohra per me è una garanzia. Fantasy, bei disegni e tanto sesso. Adoro gli hard yaoi e poi adoro gli uomini con le orecchie o mezzo animali. Quando l'ho visto sullo scaffale la mia mano si è spostata da BxB (che avevo già letto in scans) a quello. Sapevo di beccare bene nonostante la plastica sopra e non potendo sbirciare dentro.

Eh si, la Bohra farà sempre parte delle mie mangaka preferite.

- 1) Deutsche Rezension
- 2) English Review

1) Deutsche Rezension

Diese Geschichte ist dumm, aber meistens harmlos.

Es ging ziemlich schnell los, da es schon im ersten Kapitel Insta-Sex gab, aber zumindest war es erklärt weil Jirou zu dieser Zeit läufig war. Aber war es notwendig das Koya von seinem Bruder misshandelt wurde und jener Bruder ebenfalls misshandelt war? Das Koya Werwölfe einfach so akzeptiert, hätte doch schon als ungewöhnlicher Hintergrund gereicht.

Zudem wurde es so zur Hälfte des Buches recht predigend und kitschig mit seinen Botschaften und Gesprächen. Zudem gab es mal wieder das alte Problem das Liebesbeziehungen sich nicht wirklich entwickeln, und das gleiche mit den anderen Beziehungen, so dass all dies einfach passiert oder es wird einem erzählt. Recht schlechte Erzählweise.

Was dann wohl auch erklärt, warum so einige Fragen offen sind, z.B. wenn Jirous und Tarous Mutter Erika heißt, bedeutet das, dass sie Deutsche ist? Haben wir den alten Halbblut-Trick hier?

2) English Review

This story is dumb but mostly harmless.

It started pretty fast, as we got insta-sex in the first chapter already, but at least it was explained because Jirou was in heat during that time. But was it necessary that Koya was abused by his brother and said brother was also abused? That Koya accepts werewolves just like that, would have been sufficient as an unusual background.

At least at half of the manga this became quite preachy and cliché with its messages and dialogues. In addition we got the old problem that love relationships don't actually develop, and the same with the other relationships, so that everything here simply happens or you get told about it. Quite bad narrative style. Which probably also explains why so many questions remain open, e.g. when Jirou's and Rarou's mother is called Erika, does that mean she is German? Do we have the old half-blood trick here?

Teetee says

Not as good as some of her other stuff but I am thrilled to be able to own a paperback by her, all her other stuff is so rare I've just read scans!

Monika Robinson says

I read this book because it was about werewolves, but it wasn't the kind of werewolves that I liked. All the werewolves have different kind of powers and different kind of transformations (some only have the ears and tails, some always have a wolf form except when it's the full moon, etc.). What save the book, was that it wasn't always the same character who topped and it's pretty rare in a yaoi manga. Though maybe you should be aware that there's mention of sexual abuse, and that it's drawn (but not to graphic).

78sunny says

Das war ein richtig toller Manga.

Die Story war richtig interessant und witzig. Die Charaktere waren individuell, es gab einiges Übernatürliches (Geister, Werwölfe) und eben viel zum Thema Liebe, Familie und ein tolles Bruderverhältnis.

Der Zeichenstil gefiel mir ebenfalls sehr. Die Gesichter waren gut zu unterscheiden und die Wesen waren auch toll gezeichnet. Es gibt auch viele witzige Karikaturen.

Ein wirklich toller Manga. Schade, dass es davon nicht mehr gibt.

Bookwatcher says

Stupendo Yaoi!

Spero a breve di scrivere una recensione più lunga :)

nel fra tempo, sapete che DOVETE comprarlo se vi piace lupi mannari! Mi sono divertita tantissimo! Non ti fa sorridere... è no, ti fa scompisciare delle risate! Allora, beh, due consigli, **COMPRALO SUBITO** se lo trovi e cerca di non bere molto prima di iniziare
