## Up in Flames Shyla Colt

The only child of a business mogul, Kirk Watford's had his life planned for him since birth. After years of playing the field, and partying in college, the time to take his rightful place as heir of Watford Industries is at hand. His plan for one last hurrah goes awry when his plane crashes, and he finds himself stranded with an incredible woman who makes him believe in the impossible. Cut off from the world outside he discovers the man he's always wanted to be, and what might be true love.

Liandra Powers has been an outcast her entire life. Hearing impaired she's grown a thick skin fighting against the ignorance of society. When she loses her hearing aids in the crash she's forced to lead on the attractive man who makes her long for things she accepted would never happen for her. The beauty of the island and Kirk's ability to see her and not her differences fill her with hope. Until they're rescued and the realities of their lives rise up and began to test the foundation they laid.

# **From Reader Review Up in Flames for online ebook**

## **Christina Boronkas says**

I was provided this as a beta reader. I didnt know what to expect but I love this book. It had so many great moments, that you will be surprised at the direction it takes. I laughed smiled and was like omgoodness! I wish my hubby was here right now!!!! Thank you shyla for being able to experience this book, I love it to pieces and I look forward to reading more from you. This is a must read for anyone, you will not be disappointed. A one of kind unique love, one we all wish we could find.

---

## **Fashionista says**

Really great novella. Loved the couple.

---

## **Debbie says**

I really enjoyed this book, it was a short read but it was packed full with a little bit of everything. A real love story born out of tragic circumstances.

---

## **Eliza says**

I liked the premise and thought the story had legs to be a little longer. There were many opportunities for plot expansion that I think we're missed. Cute ending.

---

## **Tiffany says**

Where do I begin....I had the pleasure of being a beta reader for Ms Shyla and this book is so worth the read. The book takes you on a journey about finding true beauty in oneself and not letting your limitations hold you back. Up In Flames is about Kirk and Liandra and what happens when they are involved in a plane crash. Kirk is a billionaire who is at a cross road..does he follow the path his parents have set out for him or venture out on his own path. Then you have Liandra, who is hearing impaired but hasnt let that stop her from reaching her goals of capturing true beauty in photography. These two people are thrown together by circumstance and discover that no limitation or difference can tear apart true soulmates when they meet. Not giving anything away but let just say that they come into their own and stand together to make a future for themselves...there is a surprise at the end that will warm you heart....I hope Ms Shyla revisit this couple later in another book because they are truly lovable....I read this book in one setting because I could not put it down and trust me you wouldnt either...Awesome Love Story :)

## **Jamieon Oyungu says**

### **Cute**

Cute before bed story.. the only reason I gave the story 3 stars is because it was so short. Will read more from this author.

---

## **Selly says**

It's a short book so I'm not gonna complain over the lack of conflict or character. I enjoyed it though.

---

## **Brittany A. says**

### **An unexpected love**

Wow this was a unexpected and quick read! Liandra is a beautiful, curvy, intelligent, and deaf. She doesn't let her disability stop her from living life to the fullest. Then you have Kirk, who is handsome, rich and just wants to have fun before he takes over the family business. These two come together when their plane crashes and they are forced to depend on each other to survive. This was a very quick love story that nice to read on a rainy day like today. I'm a big fan of Mrs Colt's writing and look forward to more! I loved how the author wrote dual points of views and how Kirk went after Liandra, I also liked Liandra spunky personality. Only complaint is that I wished this book had been longer! ?

---

## **Teinevai says**

Short and sweet

---

## **Rita says**

It could have been a good story had it been more in depth. It had no substance at all. Story was too short.

---

## **Kelly says**

### **Loved it!**

Short but sexy! I loved how she wrote her heroine who has a handicap in such a positive manner. Kirk is sexy & alpha; my kind of guy!

---

### **Nichole says**

Well written story of love to the rescue! Liandra and Kirk are in a awful plane crash and have to depend on each other for survival. Along the way, they find out each other's flaws and manage to heal each other from within. What happens when the rescue party shows up and they go back to reality?

I LOVED this story and Ms Colt did an excellent job of writing about Liandra's hearing impairment. I hope there is another story to this one because it could have more to say.

---

### **Mspraise50 says**

This is a short, sweet, romantic read. This is Liandra and Kirk's story. Kirk is my kind of guy he stood up for his girl against his own. I enjoyed reading this book.

---

### **Marie says**

#### **A good read**

A sweet, short story with a happy ending. It was enjoyable, but I would have loved more. A chance to delve more into the character's lives before the crash would have been great.

---

### **Brandi Jones says**

#### **Pretty good**

this book wasn't bad. it got straight to the point, It was a really fast read for me, and I would have loved to know how the wedding was, if they had a boy or girl, and if they had more children... I also loved the fact that she was plus sized and that he was fit but didn't care about her size. I was more people were like that.
