After Tonight Erin Nicholas

Sex. God. Those are the words used to describe Derek Wright around Sapphire Falls. But now that Derek wants to date nice-girl Lucy Geller, those words are coming back to bite him in the ass.

His best friend's little sister, Riley, isn't about to let Derek turn his attention on her sweet friend Lucy. Derek isn't good enough for Lucy, and Riley has no trouble telling him that. But when Derek asks for her help in reforming him from rouge to romantic, Riley can't resist the opportunity to mess with the irritating, know-it-all playboy a little. Because she is not a nice girl.

After Tonight

Thank you Erin for another wonderful book and Sapphire Falls story! I love Derek and Riley! I laughed, did a little cry and definitely had the 'Awwwww'.

It was wonderful to get to know more about Lucy and looking forward to her and Kade's story?

I loved that the Bennetts made a visit as well as Levi.

Thank you again!

Patti says

Wow Great book and love this series!! I want to move to Sapphire Falls and be friends with the Bennetts, go have a drink at the Come Again so I can stare at Derek Wright and just be a resident with these great people!! Love this friends to lovers story!! Derek Wright and Riley Ames seems so different on the cover but after growing up together and having a brother /sister relationship..it all changes when Riley finds out the Derek is a sex god!! After a lot of banter between them, Riley decides to teach Derek how to be a good boyfriend....what could go wrong with that???? Holy moly this book was so good that i devoured it in one sitting!! Don't hesitate to one click this great love story!!

Love Sapphire Falls! And I absolutely adored this book! Derek & Riley are just perfect for each other! Sexy, steamy and sweet, this story made me smile!

Nicole Westmoreland says

I LOVED this book by Erin Nicholas! I love how Derek FINALLY notices Riley!!! I love the way they find their way to each other even though they thought it was a no-no. I have loved this whole Sapphire Falls series! Erin Nicholas is a fantastic writer! This has a wonderful story line! Derek loves to irritate Riley and Riley is trying (half-assed) to prepare this playboy for a serious relationship with her sweet friend, Lucy, even though she knows he isn't good enough for her. This was a fun read! I love the HEAs that Erin writes!

Wow! This book made my heart happy. Derek had known Riley since the day she was born and obviously she was meant to belong to his heart and to him. He protected her like a brother but loved her differently but

couldn't act on it. This story gave me goosebumps because Derek was such a kind and thoughtful man! He had the whole town in the palm of his hand, but what he really wanted and didn't know deep down in his heart he needed Riley. The only person he could be totally honest with and would always tell him exactly what she thought. Who knew the sparks would fly when they started really seeing each other as more than friends!!! Love this book!!!!

I loved Riley and Derek so much! I adore Sapphire Falls and basically want to live there. But Riley was such a spitfire and Derek was so surprised to realize that not only was she grown up but that he was crazy attracted to her. I laughed out loud when they both realized it. :) This is such a fun book and I'm sad that it's the last of the Sapphire Falls series...at least for now. The ending of this book had me so happy and wistful all at the same time. Erin Nicholas has a way of creating a story that you absolutely fall in love with and lingers in your heart for a long time after the last page.

Such an excellent small-town, brother's best friend, antagonists to lovers story.

Riley Ames has known Derek Wright pretty much her entire life. He's her brother Kyle's best friend, and he's always been around, like one of the family, the annoying teasing one she didn't really miss when she left Sapphire Falls behind to make her own way.

But now she's back, and it's no surprise she doesn't recognize Derek from the description she overhears two women whispering about--he's apparently left a string of VERY satisfied partners in his wake since she'd last seen him.

Derek's best friends have found the loves of their lives, and if he's honest, he's starting to feel a little envious. But when he turns his sights on the lovely Lucy Geller, Lucy's friend Riley, a royal pain in his rear from ages past, is determined to protect her from his playboy ways.

What she proposes is her assistance in readying him for real dating, rather than his string of one-night stands. What neither expects is to find the other the one their heart's been looking for.

Erin Nicholas has written another fun, fabulous romance, about the ways we see ourselves and how the way others see us can and should (or shouldn't) matter. And how the love of someone can help us see ourselves in a different and wonderful light.

After Tonight is one for the keeper shelf!

Another amazing story by the wonderful Erin Nicholas. Derek is totally a sex god and Riley was just too funny with him. They were so cute together. Their bantering and interactions made me smile and laugh out

loud at times. But their sexy times were HOT! I absolutely loved this frenemies to lovers story. I'm still sighing over Derek. I really hope this will not be the end of Sapphire Falls. I really love this series.

Another wonderful couple from Sapphire Falls!

Derek Wrigth is the best friend of Riley Ames's brother, Kyle, they've known each other since she was born, they were almost brothers, they were never best friends, but they were friends and they rivaled each other, but since Riley returned to Saphire Falls and she's been working on Come Again, every day until late, she and Derek are getting closer, but when she overhears a conversation of two women, at the next table, saying that Derek is Sex God and he decides to want find a woman who has known him for a long time and who can live with him what the best friends have found, a real love, Riley and Derek come closer and closer...

I love all the stories of Saphire Falls, I can not choose the best, I just know that I want to change and live in this charming city and be friends with all the locals and help in the community and all the projects. Please Erin be sure to write about this city.

Sapphire Falls is Hot After Tonight

I love Sapphire Falls. This Ever After subseries is sassy, sexy and humorous. In this book, Derek is the Come Again bartender, local good guy who helps everyone from grandmas who need lawns mowed to lovely ladies who need to reclaim their mojo. He's a nice guy sex god, quite a combo. Riley is s sassy, smart techno geek. She left Sapphire Falls for the big city but returned, humbled, after some bad choices. Derek and Riley have known each other their whole lives, because Derek is Riley's big brother, Kyle's, best friend. But this is not the typical crush on big brother's best friend plot, nor a friends (more frienenemies) to lovers trope, not even an opposites attract storyline. This is a delicious blend of all those plots making it original, captivating and fun. Derek and Riley's story is one of the right time and place for two destined souls to link up and discover the strengths in themselves and each other to meld into one delectable, spicy hot relationship. This is a terrific tale of love with community, friends and family making it real and wonderful.

My kind of book

I adored After Tonight. Riley and Derek made a fun and exciting couple. While the book touched on the very serious problem of human trafficking, it was in no way a dark book. Thank you once again Erin Nicholas for giving me Sapphire Falls to escape to for a little while. It will always hold a special place in my heart!

Crystal Singer says

Can I give this one 10 stars? Because seriously, it was that good. I adore Erin Nicholas' town of Sapphire Falls. Every time I "visit" I form a deeper connection with the town and it's people. I am not emotionally ready to say goodbye. I am not willing to admit that this is possibly the last book of this series. Nope. You can't make me.

For those of you who haven't read any in this series, fear not! This book can be read as a complete standalone. You will completely fall in love with Riley and Derek. They just fit together. They make sense. Their build up was so fun to read! Their bickering and teasing was the best kind of foreplay. I laughed, cried and swooned while reading. Nothing makes me happier than a happily ever after and After Tonight produced a great one!

Happy reading!!

I'm obsessed with Sapphire Falls!! This final book in the Ever After trilogy had me smiling, crying, and a little anxious that this might be the last ever visit to one of my favorite towns of all time.

I loved the banter between Riley and Derek. But the heat between them was the most intense part of their relationship. This might have been the sweetest and hottest Sapphire Falls book yet, although I feel like I think that every time.

I love this town so much, I hope there's more visits to Sapphire Falls!!

Finding your way

Riley is back in Sapphire Falls. She has always gone against the flow trying to establish her own personality & identity. She thinks life is too "easy" in Sapphire Falls. Derek is a hometown man & her brother's best friend. He's also been her biggest Pain In The A*s while growing up playing plenty of practical jokes on her. This book has a lot to do with relationships with family, friends to lovers, & fitting in to small town life where everyone knows your business.

Annmarie says

After Tonight by Erin Nicholas is part of Ever After in Sapphire Falls. As a fan of the Sapphire Falls Series, this third book in the Ever After component flows easily into the small town life. Derek and Riley are entertaining as they navigate their way to relationship status. I recommend this book, as a contemporary romance that can be read as a stand alone, especially if you enjoy the sweet romance books that leave you with a smile.
