## **Bleach, Volume 20** Tite Kubo

End of Hypnosis

The shocking truth behind the collapse of the Soul Society is finally revealed! The magnitude of the conspiracy is far-reaching, and the perpetrators wield staggering power. Is this the end of the Soul Society?

Having achieved Bankai, Ichigo rescues Rukia in the nick of time and defeats the fearsome Byakuya Kuchiki!

Meanwhile, Soul Reaper T?shir? Hitsugaya discovers the corpses of the Council of 46 and hurries to get to Momo before the murderer does! And as Rukia and Renji race for safety, they find themselves facing a foe far worse than those they have fled ...

## From Reader Review Bleach, Volume 20 for online ebook

### Sandra says

As Bleach is one of my favorite novel series, I had no problem with giving this a 5 rating as this is where Aizen has shown his true colors to everyone around him who thought he was a good captain, and a friend. (Or at least Momo did more than most.) Up to this point Aizen has shown that he was a kind person who cared about his subordinates, and, in some ways was the sanest member of the 13 court guard companies. For those who like long series, this is one of the best.

### Kate says

Unexpected things happened.

---

### Holly Letson says

Just sat at Books-A-Million, and read this around 1/2 an hour ago. Trying to close the gap in the \*Bleach\* mangas that I have read. I still need to read V21-V47 now.

-----  
This volume focuses on my fave \*Bleach\* bishi, Aizen. And, sadly, this is the volume where he kills Momo. As he explains, he has powers of extreme hypnotism, and has been using them to fool everyone. Aizen killed off the council of 46, and was--along with Gin--sending out orders to everyone in their place. That way, everything went as he wanted, and he was sure that Renji would turn Rukia over to him. But, Ichigo came along and spoiled that plan for him.

Aizen explains that Urahara had perfected a plan for hollow-fied soul reapers, but that it didn't go as planned, so he buried the ingredients--in Rukia. And, Aizen needs Rukia, so he can extract them. After he extracts that from her, I fear she will have served her purpose as well.

But, no need to worry, as several others show up.

-----  
What will happen next?

---

### Annchan Maulana says

Bleach

Ichigo Kurosaki has ability to see ghosts.

The story begin from the day when he meet with one of the member of Soul Society name Rukia Kuchiki.

The member of that society are called shinigami.

The shinigamis are have a duty to fighting a Hollow - evil spirit from humans who display psychic energy.

And after Ichigo know the truth about the world he live with his family is one full of dangerous spirits, he learn to become Shinigami, and his job now along with Rukia is to protect the world from Hollows and help the spirits to find peace.

The battles are incredible!.

---

### **Vendea says**

Všechno bylo součástí jeho plánu. Hehehehe.

---

### **Angela L. Clay says**

I wish I had the cash to own all of these in paperback. Volume 1 is sitting lonely on my bookcase so far. Have had to read the rest on my iPad. But talk about awesome. I never thought in a million year I would get into comics/manga, yet here I am, at the ripe age of 34 and immensely enjoying them.

---

### **Mal says**

I'm really glad I bought this one. I actually read it before I bought it, but it was like -- BAM. Damn this one nailed it! Like a season finale that just blows your mind. Gin's on the cover. He and Aizen are front and center. And everything is awesome <3

---

### **Megan says**

This volume is absolutely non-stop action. It never lets up, not until the very last page, and the plot twists and turns just keep coming. I love the parallels between Renji and Ichigo, Aizen's awesome villainy, Byakuya's sudden, unexpected rescue of Rukia, the depiction of the betrayal "Doggie" feels, the quick flashbacks to demonstrate the impact of events on certain characters. All of it is very well done and every single panel contributes to the climactic, frenzied feel of the events unfolding.

#### **Overall Rating: A+**

*Synopsis: Ichigo Kurosaki sees ghosts, and fights...a lot. All of this is pretty normal for Ichigo, but then he meets Rukia Kuchiki, a Shinigami (Death God) and member of the mysterious Soul Society. When a Hollow, an evil spirit, attacks Ichigo and his family, Rukia attempts to defeat the Hollow, but is wounded. To help him save his family, she lends Ichigo some of her powers, but something goes wrong, and Ichigo absorbs every*

*last drop of her energy. Ichigo becomes a temporary Shinigami, and works with Rukia to handle the hunting of hollows until Rukia can recover. At least, that was the plan...*

Before I picked up the manga, I saw the first four episodes of the anime at Stellarcon '06. It was a fansub (this was before it was airing on Adult Swim), so the translation wasn't great, but I fell in love with the characters and mythology of the series. I immediately started picking up the manga and planning a costume for Ichigo. A few months later, I cosplayed Ichigo at Heroescon, had read all of the manga that had been translated, and watched as much of the anime as I could get my hands on.

So, what's the big deal, right? I think it comes down to the characters. There are dozens of of them, and the writer Tite Kubo takes the time to give them all detailed backgrounds and relationships. I'm 19 volumes in, and while there's plenty of action, it's the character development I'm hooked to.

In the first 19 volumes, there are three main groups of characters, humans, the Shingami, and the Quincies. When humans die, their souls become Wholes or Hollows. Wholes are normal spirits, but the spirits that become Hollows are corrupted souls that must feed on the souls of the living (kind of like spiritual vampires). The Shinigami release Wholes and help them cross over to the Soul Society (the spirit world), and cleanse the Hollows so that they can cross over as well. They do so using big ass swords called zanpakut?.

The Quincies use bows made of spiritual energy in the form of bows to hunt Hollows, similarly to the Shinigami. However, unlike the Shingami, who purify the souls of the Hollows preserving the balance of souls between the two world, the Quincies destroy them. This endangers the balance of the world, and as a result the two groups went to war. The Shinigami won, and there is now only one Quincy left, Ury? Ishida. Despite his hatred of Shinigami, Ury? eventually becomes friends Ichigo, and even travels to the Soul Society with him.

This only scratches at the surface of the series. I have only seen ~50 episodes of the anime, but what I have seen follows the manga very closely. I highly recommend checking out the series, it's fun, interesting, and has some great cosplay opportunities.

### **Tomás says**

Excelente final para las saga, entretenido y con unos cuantos "no me esperaba eso" para repartir en varios momentos.

---

### **Kati says**

We finally found out what was going on, what Kuchiki's death sentence was all about. And Kuchiki's brother finally did something good, huzzah for him!

---

**Angela Auten says**

Just got to the end of season 2 basically. Can't wait to read the next volume! I skipped last weeks volume. So I get to read the next one!

---

**Krista Ivy says**

Finally, the truth of what is happening has come out. Aizen isn't dead after all, he faked it. there are three Captains that have been the head of the conspiracy. The story is rolling along.

---

**Harman Kaur says**

I was surprised that neither Ichigo nor Renji could properly save Rukia! In the end Inii-sama did it lol!!! I wasn't expecting that. And I thought that Rukia's brother was actually the bad one but no...
