Dark Creations: The Hunted Jennifer Martucci , Christopher Martucci

Gabriel and Melissa were enjoying their time together in Harbingers Falls. Months had gone by with no sign of activity from Dr. Franklin Terzini. Their lives had returned to normal, or as normal as could be expected. They knew that as long as Terzini lived, however, they would never be truly safe. Yet they tried to enjoy each day of safety that passed. Working and planning for college distracted them from the never-ending threat that loomed on their horizon. But jobs and future plans are jeopardized when they discover pregnant women have been disappearing across the country. Their discovery means their days of peace have ended. Gabriel suspects the disappearances are related to Terzini. To be sure, he and Melissa, along with Yoshi and Alexandra, travel to California to see for themselves. While there, they discover that the geneticist has, in fact, been busy in his absence, and that the missing women are just the beginning of an elaborate plot to eradicate humankind. Gabriel's journey leads him to the small town of Santa Ynez, California. There, he learns that the community has been compromised, infiltrated by a legion of Terzini's creations. Members of the new race walk among the general population, work, even hold positions of power. All the while, its citizens remain unaware. Except one. Army Staff Sergeant Jack Downing has returned to Santa Ynez after completing his final tour of active duty in the Middle East. The impending birth of his first child and adjusting to civilian lifestyle had him feeling nervous and excited; until he saw his wife, Dawn. Dawn melted his every worry. Wrapped in her loving arms he knew their future would be bright. But his warm homecoming is cut short when two police officers arrive at his home and abduct his pregnant wife. Worlds collide in this heart-pounding continuation of the Dark Creations series. Pregnant women are being targeted, a geneticist is being tracked, and abductors will be hunted. Will Gabriel stop Dr. Terzini before he overtakes humanity? Will Jack rescue his wife and unborn child, or have their fates already been sealed?

Samantha says

Too much repetition and detail on things that don't matter, and not enough feeling from the story and it's characters.

Chrissy says

Once again, Jennifer and Christopher Martucci have blown me away. Each book in this saga is better than the last. This book is my favorite so far. You really get to see how relationships have bloomed into a rock solid union between some of the characters. You get to see the softer side of the tougher characters, and the tougher side of some of the more delicate ones. Each book in the saga picks up where the last left off, but it's fresh and intriguing. There are so many twists and turns and unexpected events, I was on the edge of my seat when reading it. It is the perfect combination, of action and romance. I think there isn't anyone that wouldn't enjoy the books in this saga, there is truly something for everyone in them.

I am glad they left it open for another installment. Can't wait for it. Very good book; it kept me reading.

S.M. Yair-Levy says

Thrilling, scary and freaky! The authors still had some word vomit going on but not as bad in this book. In the other books I always found at least one chapter completely boring or irritating to read but this one had none! Can't wait for the next one!

Spoilers LoTS!

Gab and mess end up hooking up but before she's worried he doesn't like her that way and during the whole book gab is worried he's not a real person in her eyes. Then Yoshi discovers random kidnappings of pregnant women in Cali. So Gabriel, Melissa, Alexandra, and Yoshi travel to Cali to take down Terzini and his creations. Terzini is experimenting on these women and falls for his latest pregggo woman. The fantastic four find Jack (preggo woman's husband and ex military) they hunt down the creations then Jarrod, Terzini's first in command, is in love with himself *literally* and tries to kidnap Alex to rape her. Then they hunt Jarrod down, save Alex and get him to coerce Terzini to meeting spot. The four get all of the 60 creations to a place rigged to blow and what we don't know is that a person EVEN worse than Eugene, Jarrod and Terzini combined is waiting at the laboratory....

Overlooking the typos (wish I could work as a proof reader) I can tell you that I loved reading this book and I can't wait to read the next installment!

Lynn says

I've enjoyed this series, but am put off by the large numbers of typos and completely wrong words being used. Not sure if this problem is only in the kindle versions, which I read. This is something that definitely needs to be fixed.
