Fire Warrior

Brenda Trim , Tami Julka

Fire Warrior Brenda Trim , Tami Julka

Breslin Tarakesh isn't your typical Vampire Princess. She loves designer clothes and bling, but is at home in her fighting leathers with her sais in hand. Court politics are not her thing and she eschews everything to do with the simpering suck-ups that want to use her family to gain favor. She's meant for more than elaborate crowns and parties. She wasn't given the power to wield fire simply to light candles. She prefers frying demons instead. As the only female Dark Warrior in the Seattle compound, she is accustomed to dealing with males and their quirks. If only centuries of living with flirtatious males prepared her for meeting her Fated Mate. She has never dreamed of being wooed with hearts and flowers, but she imagined her mate would be loyal and true. Enter her sexy fire demon and her survival hangs by a singed thread.

Rhett Kaufman loves the company of females as much as he loves to go on his walkabouts. Staying in one place and with one female smothers the fire in his veins. And, for a fire demon there is no worse fate than losing their life force. So when he discovers he's Breslin's Fated Mate, he packs his bags and leaves. He isn't mate material and she is better off finding another. Unfortunately for Rhett, Breslin haunts him every waking minute. Will he be able to stay away from the one female that ignites an inferno in his system?

From Reader Review Fire Warrior for online ebook

Debbie Storms says

This book was very exciting and fun to read. I rather enjoyed reading it. Made me want to get the next book in the series. But no can do I am on a budget. Anyway, Brenda did a wonderful job in making the characters come alive. I recommend reading it to anyone. Lovely job writing the book. I got this book in a give away. It was so to me that I wanted to write a review on it.

Michelle Randall says

Fire Warrior is book 14 in the Dark Warrior Alliance Series. That in and of itself is an amazing feat in that most series have to tap out at five or six books because they start becoming repetitive. Authors Brenda Trim and Tami Julka have not ran out of ideas yet and they are able to craft yet another book in the series that engages the reader as much as the first.

Fire Warrior is finally Breslin's story, and it has its own ups and downs.

In addition to fBreselin, we still get to keep up with the rest of the residents of Zerum and it is so much fun to see what is going on with them all and what new things are happening in the general population.

Joanne Lyons says

Fire and More Fire!

Breslin in Rhett have their story but man the twist turns and heartache and happiness just about wore me out. If you have not read this Dark Warrior Series by Benda Trim and Tami Jullka you are missing a very wild ride of emotions. I have read many books but this series has stood out in my heart. I look forward to the next book in the series

Judy says

NOTE May contain spoilers and is a cliffhanger.

I want to start my review with this, I've read all of the books in this series and as Breslin is the only sister in the Tarakesh Family, I've been waiting for her story for 13 books. She is the kick ass sister, the upbeat positive force in the family welcoming her brothers fated mates into the fold. I wanted her to have a great love and knew there would be obstacles but Trim and Julka really threw me on this one. All the characters in the series are so different from each other and I thought I knew Breslin and I sure wasn't expecting her to let Rhett walk away without a fight. I cried and I laughed as I read their story and I ended the book upset with the authors but also, impatient for Ramiel's story. I can't wait for the next book! Fire Warrior is definitely one of the best books in the series!

Carol says

Hot and cold

Is what I would have called this book. The couple zig and zagged throughout the store. Between yes I love, and am committed and hate, anger, need to leave and walk about alone.

Ending chapters could have used changes. Frankly don't feel like they are fully committed. Maybe one couple adventure where it demonstrated their commitment would have done it, not just sex.

Last was the erratic powers after joining. Not fully explained.

Kasie Cupp says

So AMAZING AS USUAL

OMG THIS BOOK IS FLIPPING WONDERFUL! I CAN NOT WAIT TO SEE THE FALL OUT FROM THIS DAMN ARCHDEMON! BETWEEN ELSIE, ZANDER, & RAMI, ISOBEL BETTER BE BROUGHT BACK IN ONE PIECE!

JodyL says

Keeps getting better

Rhett is a fire demon that has lived on his own for over a thousand years. Breslin is a vampire who has the power of fire while her twin brothers' power is ice.

Breslin has been attracted to Rhett for a long time but hasn't said anything because she thinks that he is a player. One day she gives in and finds out that Rhett is her mate. Since Rhett doesn't know anything about mates, because fire demons don't have mates, he asks for her to explain. When she does he starts feeling overwhelmed because he is used to only being responsible for himself. He tells her that he needs to leave to see his mother and go on a walkabout. She yells at him and tells him fine, leave. What she doesn't tell him is that she now can only drink his blood. She won't be able to ingest anything else.

So, when he comes back six months later she is very weak. She takes his blood but doesn't want anything else to do with him.

Rhett has to prove to her that he cares and that their relationship deserves a second chance.

All this is going on while the blue demon Crocell is stealing children to have enough power to bring her sister back. Rami is fighting with his archangel boss who won't let him help find Crocell in order to protect Izzy.

I love the DWA books. This one is no different except I wish Breslin would have owned up to the fact that she had a part in why Rhett left for so long because she didn't tell him all the truth about needing his blood. She blamed him for everything but some of it was her fault.

I am so excited about Rami's book coming next, he deserves a HEA. I hope that this series continues with more stories maybe even council members getting mates.

InD'tale Magazine says

Breslin and Rhett's love is rocky and raw at times, as they learn how to trust each other with their hearts.

Read full review in the 2018 May issue of InD'tale Magazine.

Karen Bennett says

Up in Flames

Breslin and Rhett may be fated mates but they fight that fact with all their might. Can Breslin believe that will Rhett to give up his womanizing ways and stay devoted to her? Will Rhett ever believe in fated mates. Great story

JoAnn says

Oh Wow!!! Hot, Hot, Hot!!! (Pun intended!) This is a fantastic paranormal romance story and a great addition to the continuing saga of the Dark Warrior Alliance series. I read this book in one sitting as I couldn't put the story down. Loved the story of Rhett and Breslin! It had the perfect combination of romance, misunderstandings, mystery, and angst. Can't wait for the next book in the series as the cliffhanger at the end of this story left me wondering: "Oh No!!! What will they do???" I received this book as an ARC review from the authors and am voluntarily leaving this well-deserved review!

Becki says

Fire Warrior

Another good warrior book. This is a great series in that they are all stand alone reads but connected so that the storyline continues with each book. Heroes and heroines all strong but vulnerable in their own way completing each other as they find their mates.

Georgianna Skinner says

Wow!!

I have loved every book in this series but this is the best one yet. I was totally emerged in the story and shocked at the ending. Very seldom does a story allow me to get so invested into the characters that I am shocked. It leaves you wanting more.

Karen says

As always Trim and Julka have hit it out of the park with another awesome Dark Warrior Alliance book. We have read about almost everyone of the warriors and this time it's the Princess of the Vampires Brestin Tarakesh she is flashy and loves her clothes and shoes. She's the kick ass princess with tons of taste. Brestin has been dancing around one of the warriors Rhatt Kaufman for quite awhile but neither one of them want to give in. Rhatt takes a walkabout to clear his head but Brestin is still there, it's the same with Brestin. This book is full of sex, fighting and defending the humans. Trim and Julka have a way with making their books such a page turner you don't sleep for a few days. And wonder what's next. Now, lets see who going to get a mate next.

vamsally says

Another good one in the series

A fire demon and a vampire with fire power are match made by fate. The story have all the good elements of parnormal romance: action, fire power, steamy connection between the characters. The story is one in a series of books written in the same world. I haven't read all the previous stories, but planning to do so.

Veronica LaRoche says

This series gets better and better. I couldn't wait too read Breslin & Rhett's story. Their chemistry is off the chat but Rhett is a wanderer and never stays in one place that long but being around Breslin he may finally found his home. Breslin & Rhett will take you on an emotional rollercoaster. And the ending holy shit I need the next book ASAP. Definitely a series you will absolutely want too read.

I voluntarily reviewed this Advanced Reader Copy of this book.
