Forbidden Bite

Cynthia Eden

Forbidden Bite Cynthia Eden

“Don’t look into her eyes. If you do, she’ll take your soul.”

Werewolf Griffin Romeo has new prey—a sexy female vamp named Isabella has been hunting in Sin City, and it’s Griffin’s job to stop her. Tracking Isabella is easy work for an alpha wolf, but once he gets close to gorgeous Isabella...Griffin’s careful plans go straight to hell. Because with one bite, he’s absolutely hooked on her, lost...mated.

Vamps and werewolves are supposed to be sworn enemies. They aren’t supposed to feel a white-hot attraction that burns soul deep. Now that he’s found his mate, Griffin isn’t about to let Isabella go, especially not when he learns that Isabella isn’t the killer who is attacking humans in Vegas. Griffin’s mate has been set-up, and he’ll fight with a wolf’s fury to find the enemy who is working against them both. Someone wants Isabella to be judged guilty by the wolves in Vegas, but Griffin won’t let that happen.

Their mating may be forbidden, but Griffin and Isabella are about to show the paranormal world just how fiercely a vamp and werewolf can fight for each other—because mates bond forever. And nothing will come between them.

Author’s Note: FORBIDDEN BITE is a short, sexy story (32,000 words) about one hot werewolf and his sexy vamp mate. Lust comes first (and fast!) in this tale, and then love is close behind. If you enjoy a hero who will gladly sacrifice everything for his lady, hot times, and a happy ending...then maybe you should take a BITE.

From Reader Review *Forbidden Bite* for online ebook

Denna says

Really loved this. Hot safe read :)

Claire Robinson says

4 - **"For me... you're it."** Stars!

Cynthia Eden starts off her new *Bite* series as expected, with surprises, suspense, passion and plenty of sexy-times.

Griffin and Isabella's story was all about the insta! but the story worked because of it. Once a Werewolf meets his mate, it's for life and Griffin made sure Isabella was aware of that very quickly.

"I never asked to be what I am..."

"I rather like what you are."

But Vampires and Werewolves aren't supposed to be mates, and that in itself causes all sorts of problems for our pair, on top of the fact they are being pursued by a villain whose intentions are not what they initially assumed them to be.

"You fit me."

This was a quick and enjoyable read, having hit a major book slump this week, I knew reading something by this author would pull me back, and it did exactly what I wanted it to. So much so that I went straight onto the second book *Mating Bite* straight after finishing this one.

Leo (Queen of the Rants and the Crazy) says

5 Griffin ?!!!!

Can this novella be more perfect.? And I'm so in love with it..

It's no secret that I absolutely LOVE Cynthia's books and I'm happy to say that I can add this book to that list.

The hero in this book was perfect, he was very protective of the heroine even when he knew that it was forbidden to have a vampire for a mate.

Here's some quotes from the hero..

*"I was told...it was wrong. Taboo. It's not." He turned his head.
His glowing eyes met hers. "We're not. I'll fight anyone who challenges my right to you."
"You were meant to be mine. I was meant to be yours."*

"Some things in this world are magic. I happen to think I'm staring at something pretty fucking magical"

"She's mine. And I'll do anything to keep her."

"I love her. She's in me, and I am in her."

"I love you," he said again. "And I will love you forever"

"Nothing about us is forbidden. Do you hear me? We are meant to be. I was born to be yours, and you were born to be mine, sweetheart"

sigh this hero had me swooning the whole novella. And I can't complain about the heroine, she was also a good heroine she was protective of her mate but the one who stole my heart was the hero, he was everything. My only complaint is I wanted it to be longer.. ?

Safety: (view spoiler)

Marta Cox says

This authors paranormal stories never fail to entertain me and this Werewolf/ Vampire pairing is no different. It might start out with Griffin on a mission to take down the deadly woman killing Werewolves but very quickly he sees a different side to Isabella. Isabella is a rare Vampire, born and not made. It's always been taboo for the two species to intermingle but with one bite Griffin sets in motion the Mating bond. Now that's not going to go down well with his Pack but more to the point Isabella has been set up with an enemy creeping ever closer!

Oo I do love a passionate male and that's exactly what the growling, teeth baring Griffin is. It's completely over the top but such fun. Plus with all his Pack troubles Griffin has to step up which really changes the dynamics. As for Isabella she sees a man of worth when she looks at Griffin and she isn't about to let anyone take him away from her. Yes it's quite short compared to some books but it's steamy, shows that with love anything is possible and with a truly insane bad guy totally engaging. This story definitely perked up my afternoon!

Julia says

Cynthia Eden has some of THE BEST paranormal books. Keep doing what ya doing Cynthia!

Erin says

Entertaining, short, and sweet. Looking forward to the next!

Romance Between The Sheets says

I've read over a dozen Cynthia Eden books over the years, but it has been a few years since I last read one of her books. So when I saw she had a new series available through Kindle Unlimited, I thought it was a good time to re-introduce myself to her work.

FORBIDDEN BITE was a quick and enjoyable read, and I've already got the second book sitting on my Kindle. I liked that the reason behind why werewolves and vampires are enemies was explained quickly yet thoroughly. I think the only thing that disappointed me was that Isabella had a truly interesting past that wasn't delved into at all. Griffin and Isabella were very likeable characters and they made a powerful couple, even though their first meeting didn't go well.

"You wanted to kill me tonight. You had a stake."

True. "So we didn't have the most romantic start."

FORBIDDEN BITE is told mostly in dual POVs, but is also told in the POV of other characters. It's the first book in a new series, and while I assume each book can be read as a stand-alone, I think readers will get more enjoyment—and understanding of the series' world—if they read every book in order.

Carvanz says

Isabella was warned as a child to be careful of werewolves, they would gobble you up. Griffin had been warned to not look into her eyes or she'd steal his soul. However, once these two meet and share a lifesaving bite that they had been told was completely taboo, they learned that there was nothing forbidden between the two of them.

This was an excellent shifter vampire novella that kept me enthralled with its mystery laden tale. I absolutely loved Griffin with his over the top protective instincts. Once he's mated to Isabella there is nothing and no one that will take him from her. He was the perfect alpha hero for me and Ms. Eden checked all of my boxes for what I look for in a main male character. Despite Isabella having had some horrific life experiences, she made changes that showcased her inner strength. Together there is nothing, not even death that will keep them apart.

Awesome read full of plenty of action, secondary characters that I hope might get their own story, and plenty of steam.

I received an advance reader copy of this book from NetGalley in exchange for a fair review.

Dual POV

Safe

No apparent triggers

Kat Kennedy says

A bit rushed on the plot. The author was trying to fit a lot into 32K words. But otherwise a good read.

Alex ? says

Ha! Live and learn!

Now I know that vampire + werewolf = taboo!

“You bite me, and we’re going to fuck. I want you too badly.”

Kiki says

3.5 stars.

It’s not you it’s me. I prefer my vampire/heroines to be more dominant and stronger.

But book was definitely good.

Cassandra says

My Thoughts - 5 out of 5 Unicorns - I loved it!!!

***I choose what I read and review based on what intrigues me!! Yes, I received a review copy of this book, but no one tells me what to think, feel, or write about any book!

The cover is wow!! I love it a lot!

This is the first book in the Bite series! It is for adults only due to the steamy content. The book is about 196 pages long.

This is a mixed paranormal world which I really like. Werewolves and Vampires with a history that is very interesting. I couldn't put the book down once I started it. I loved all the action in the book. The relationship between Griffin and Isabella is full of tension as they both try to hold back especially Isabella. There were definitely some surprises that I didn't see coming.

Cynthia Eden creates a complex paranormal world, and keeps it exciting and mysterious as she goes. I need to read more because who her books are always awesome to read.

I highly recommend to any paranormal fans of werewolves and vampires especially if you love Cynthia's work!

Janie says

3.5 stars

Elizabeth Neal says

Griffin, a PI, accepts a new job, though he seriously has his doubts regarding the validity of some of his client's claims. The client, Felix, fully believes a woman named Isabella is a killer, and can entrap men with just a look. Griffin locates, and follows, Isabella for three nights, not seeing any signs of her murderous rampage. But, when she appears to be in danger, he doesn't hesitate to step in to rescue her...of which he quickly sees she can definitely handle herself.

"Don't look into her eyes. If you do, she'll take your soul." - Felix

Isabella is desperate to attack the man holding a knife to her face. Haha. No. She can only keep up the helpless act for so long. She quickly disarms, not literally, him and prepares to enjoy her reward. However, right as she's about to strike, you've figured out she's a vampire by now, right?, she hears a sexy voice that belongs to an equally sexy man, one that was prepared to save her.

Griffin shakes off her compulsion to forget her, and the way her everything impacts him, and let's her know, with a stake aimed at her heart, how serious he is, right before flashing his own fangs. Her fear surprises him as it seems real. When he stops the man intending to attack her, things quickly become dire for Griffin as he's stabbed with the man's Plan B, and it happens to be a silver knife. Yeah, Griffin is a werewolf, and though he is very quickly dying, he knows he can't accept Isabella's life-saving blood. It's forbidden.

"But his entire focus--even as his beast clawed for his freedom--his entire focus was on the sexy little vampire before him. The woman who'd just sealed both of their fates." - Griffin

Isabella can't believe she just met, and saved, a werewolf. She'd always been told to stay away from them, and now one had bitten her wrist and drank her blood until she'd had to force him to stop. As if that wasn't

enough to make her want to leave Vegas forever, she's now being held at gunpoint in her hotel room. But he doesn't want to kill her. He has other plans...for her kind.

Griffin, having recovered and shifted to human again, tracks down Isabella, only to learn she's been injured. When he finds her again, intent on taking her with him, he stops another attack on her. Isabella is his, she just hasn't accepted it yet.

"I was told...it was wrong. Taboo. It's not. We're not. I'll fight anyone who challenges my right to you." - Griffin

Griffin knows their mating is forbidden, but it's done and no one will take her from him, and many will try. Vampires and werewolves alike will revolt against their union. Well, they will try.

But their respective kinds aren't the only obstacles they'll have to fight. It seems fate wasn't the only thing ensuring they would meet.

What happens when a vampire and a werewolf, forbidden to mate, do so anyway? How will their people react? Why is finding Isabella so important to Felix? What are his motives for involving Griffin? Will Griffin and Isabella survive? Is this just the beginning over their very long lives together? Or will their mating end before it ever truly got a chance to start?

One-click now and follow along as two people, their kinds sworn enemies, defy the rules and fall deeply in love. I hope this book is the start of a new series and the next one features Carter, Griffin's packmate and friend.

I voluntarily read and reviewed an Advanced Reader Copy of this book.

Fatimama says

I wish there was more to the romance building but I guess this is more due to the genre of paranormal romance. I loved the H/h pairing. They are well matched
