Hearth, Home, and Havoc R.J. Blain

Dakota never intended to become the single mother of a goddess. To make matters worse, her daughter hadn't quite figured out her role in the grand scheme of things.

Havoc isn't supposed to be part of Hestia's portfolio, but where the young goddess of the hearth and home goes, trouble surely follows.

When Dakota's ex-husband barrels his way back into her life, a heavy dose of havoc is just what the doctor ordered. She just never expected to find love in the midst of murder.

Hearth, Home, and Havoc is part of the *Legends and Lore* box set.

Anita says

R. J. Blain is a very hit-or-miss author for me. When she's writing about crazy situations that the characters get themselves into, the stories can be hilarious. When she's writing dialogue, they are torturous. And when she tries to explain how the magic works, the contorted explanations don't always make sense. I like the world she's built, and I like the slapstick, crazy-mishaps humor. I HATE the repetitive dialogue. If two characters have a conversation, then one of the characters calls a third character, under no circumstances should the reader be subjected to the first and third character having the exact same conversation the first and second character JUST HAD. The author does this ALL THE TIME. It's infuriating to read. Every time I read a passage where she makes this mistake, I waiver on whether it's really worth it to keep buying and reading the stories in this series. When she does focus on action, they can be really funny, but ONLY when she cuts down on dialogue and focuses on action. Her dialogue is MUCH too repetitive and all the characters have the exact same sense of humor. I'm on the fence.

This one was better than some, but a little forgettable. A mom divorces and loses most of everything, including custody of her son, then gives birth to a goddess due to a one-night-stand. The goddess ages VERY quickly. Then she runs into a friend of her ex-husband and he starts bothering her. He uses illegal enslavement magic on her and she's assigned a CDC operative to help with her recovery. But the ex has his sites on her, and the operative is very into her.

Chant says

Loads of fun!

Cory Cravens says

I really enjoyed this one. It starts fast then just keeps gaining speed. I must say I really enjoy the world this book is in. You have a winner R.J.

Kathy says

Not what I expected

I smiled all the way through this novella. Although you never learn Dakota's back story the plot pulls you in. Think of going to a dive of a restaurant only to find a bit of heaven in the food. I would love to know more about these characters but I have to admit I don't mind that they are people I can keep the story going in my head for too.

Denise Fisher says

Grab this book! This book kept on surprising me.

Dakota and Victor are great characters!the whole time you're reading you are wondering how this is going to turn out. The world RJ Lain has created is as unique as can be. She comes up with such vibrant ideas. I but every one of her books because I can't stand to miss even one! Couldn't put it down. I say this about all her books because it's true!

Sandra says

[Viktor was Hestia's father as soon as we saw Hestia having dinner with him and Dakota said he was her dream guy(view spoiler) and that actually kind of annoyed me by how pat and predictable it was. (hide spoiler)]

Emma Fearon says

Another great read!

I am so glad I found this series of books and I cannot recommend them highly enough.

A great new universe, fantastic and funny, but still twisty and turny(?) enough to keep me entered throughout.

Jimette Ross says

This is a quick, entertaining read. Really enjoyed.

Crystine Fujimoto says

Great as usual.

Although I enjoyed this book thoroughly, I was disappointed at the length. I would have really enjoyed a longer story.

I will still recommend this book highly for a "Magical Romantic Comedy (with body count)". I love this series!

Tânia says

My favorite

How can I not think this is my favorite, when the hero and Verizon's pillow talk is on how to hide a body, this is awesome.

I was a bit confused when our heroine didn't explain how she ended up with two kids and one of them was a Goddess, but the story moved at a decent pace and I wasn't constantly asking myself, what was going on, and we, the reader were enlightened to the whole story

Kathryn says

Much shorter than the other books in this series at only 75 pages, this is still a very good story.

Dakota is paying child support to her rich husband for a son he won't allow her to see. After she divorced him, a one night stand led to a daughter, of 2, who is growing into her powers as a goddess and already a young woman.

Her Ex tries to step back into the picture, after 10 years, even though she has a restraining order against him. He's not going to let that stand in his way. How will Dakota survive him and have the life she never dared to dream of?

Kiley Soule says

A Terrifically funny romance

True to her other romance with a body count books. Another new favorite to add to my collection. Can't wait for the next!

Tclikes2 says

Liked it but it was way too short. Felt rushed. This won't stop me from reading more of from this author.

Natalie says

Be very very quiet, we're hunting children.

Slow start, it took a while to figure out what was happening. Dakota has two children, one not in her custody and the second a two year old fully grown goddess. Favourite character was Viktor. Plenty of bad influences, holes and at least three people that need killing.

Lissa Hawley says

Beginning to sense a theme with some of these.
