This was a fun inside information about our favorite Trek series. I'm really happy she made this because it actually cleared up a few things for me , especially the books order. I recommend you read this after you've read all the other books.

It's short. It's really, really short. [The first two stories only total 75 pages between them.:] That's a good thing.

Story #1 [Dementia:] has an Earth girl poofed to the jungles of Dementia where she is pursued by a gorilla warrior. [And no, that is not a misspelling - think Planet of the Apes.:] He catches her, wild sex ensues.

Story #2 [Never A Slave:] has an Earth guy [30 year-old, good looking and virginal guy:] poofed to Gallis where he is captured by women warriors who sell him as a breeder slave. He's purchased, he resists, she calls him 'her feisty one', wild sex ensues.

Part #3 is the insiders guide to the Trek M'Quan universe.

From the publisher's website:

Jane Stewart says

Excellent stories within the Trek series.

This book includes two stories and a reference guide. For a listing of all books in the Trek series see my 5 star review of "The Empress' New Clothes, " posted on 3/11/08. I recommend reading them in order. Following are my reviews of the stories in this book.

5 stars for DEMENTIA.

Fun, crazy, erotic sex. Loved it!

Dee is a human catapulted to the planet Dementia, where the men look like the apes from the movie "Planet of the Apes." General Zaab is an ape/man who is chasing her through the jungle. A predatory plant catches her in order to drink her juices. Zaab then takes her from the plant.

Data:

Sexual language: erotic. Number of sex scenes: seven plus. Setting: current day planet Dementia. Copyright: 2002. Genre: erotic paranormal science fiction romance.

5 stars for NEVER A SLAVE.

Fun and different. Liked it!

Julian was married for 5 years to a lesbian who then left him for a woman. Julian is transported to the planet Galis, where females hunt and enslave males. Julian is chased through the jungle for 7 days until he is caught. He is sold at auction for breeding purposes. At this point, Julian is 30 years old and still a virgin. There were some entertaining and clever lines. This author is great at combining creative stories with erotica.

Data:

Sexual language: erotic. Number of sex scenes: three plus. Setting: current day earth and 6049 Yessat Years on planet Galis. Copyright: 2007. Genre: erotic paranormal science fiction romance.

Fannie says

This is not a book with a story. This is only a guide to the Trek Mi Q'an galaxy and series. Although there are few new or more detailed explanation about the series, but I also found some explanation that cant be called as explanation as it is only stated : referenced in xxxxx. I would expect a lot more details about the world where our heroes and heroines live.

Ladyacct says

sexy short stories

Dawn ♥ romance says

Two very short extremely erotic sci-fi stories. 1) Slave woman Dee caught in Zaab's world of men. 2) Slave man Julian caught in Klykka's world of women. Equal time given to bonus material about author and series that I skimmed through.

Lady Raven RAVE! says

I really don't have much to say. However, loved the first story, love the series. I think Jaid Black did a good job. Demenita's story was interesting and intense when Julian enters the picture. I am enjoying this series.
