Aún no sé porque he leído esta serie.

No es nada del otro mundo, está plagada de clichés y es predecible todo el tiempo.
Pero al menos cumple su cometido de entretener.

Brandi Porter says

This is just the cherry on top of a great sundae. I love this series. Kara and Simon are taking their relationship to the next level and their just so in love. Simon SHOWS Kara just how much he trusts her and WOW! That was the best part of this book. I loved it!!!! Also, the added bonus of the start of Sam and Maddie's story and I can't wait till their story comes out.

Bridget Williams says

Before you read this book, make sure you read the previous 3 parts of the trilogy first so you can truly get the feel and understanding of the characters and what is going on. This book begins one year after the last of the of the other three, you find thrilling sexy scenes, you find sadness, you find romance, love and compassion. Never a boring moment in this book or any of them in the series. If you love erotic reading, this series will be perfect for you!

I truly got lucky! I stumbled onto this complete box set on sale and it turned out to be priceless!
Kara is a struggling student/waitress and Simon is a man totally taken with her. 2 problems with this as he see's it. She doesn't know he is alive and he has major trust issues!
One of the best love stories and I got them all at a great price! I would have paid what ever just to read them!
5 outta 5 and worth so much more.

SIMON & KARA ARE BACK!! If you already can't tell by my enthusiasm from the exclamation marks and all caps, I am beyond excited.

First off, this is the fourth installment of the series. Thus, I would recommend reading the previous three installments (MINE FOR TONIGHT (The Billionaire's Obsession), MINE FOR NOW (BOOK II: The Billionaire's Obsession) (The Billionaire's Obsession Trilogy), MINE FOREVER (BOOK III: The Billionaire's Obsession) (The Billionaire's Obsession Trilogy)) first as they are needed to be read in order to make sense of Kara & Simon's story. Not only that, but this latest one, MINE COMPLETELY, takes place one year after MINE FOREVER so reading all the previous books will help the reader get better acquainted with Kara & Simon.

I absolutely LOVE author J.S. Scott's The Billionaire's Obsession trilogy. So, when I saw that she had released this latest one, I was ecstatic! I dived right into Mine Completely and was not in the least disappointed. Mine Completely was a great continuation of Kara & Simon's story. I can never get enough of this lovely couple. After one year together, they're getting married and are expecting a child.

What I also loved was the secondary story that we get from Sam and Maddie. They're an interesting pair and from the glimpses that we get in this story, I cannot wait to see what's in store for them. The epilogue of this book sets up their story nicely and I cannot wait to read their story in "The Heart of the Billionaire."

Again, Ms. Scott has produced another winner with Mine Completely. I gobbled this story up like chocolate because it was just so good. Not only do I love this latest installment, but the whole series as well. I cannot recommend it enough for fans of romance. It's definitely a series worth checking out!

Thank you J.S. Scott, for giving us the perfect ending to Simon and Kara's story. Thank you for showing us that no matter how rich you are, the simple things in life, like Heart Wishes, are sometimes the most special!!

Great book, great series, I highly recommend it to anyone who likes to read romance with a little heat and a whole lot of heart!!!

A year later- they are still going strong. It's Valentine's Day, Kara is feeling off kilter, Simon is anxious. He wants to get married now! Kara is still helping Maddie at the free clinic. She wants a pre-nup to protect Simon he says no way. They argue, she goes to the clinic. She tells Maddie about the fight. Maddie helps her to see Simon's point of view. Kara has never had money- Simon has never been in a real relationship, they both have their things to work out. Kara has Maddie do blood work on her because she has been feeling so bad and out of sorts. Turns out she is pregnant. That explains her emotional state the last few days. She is worried how Simon will react. After leaving the clinic she decides to go shopping since she will need new clothes once she starts showing. After her shopping spree she goes home to Simon. Simon has signed the papers to make her happy. She tears them up- lets him know she spent a lot of money (this makes him happy as she NEVER spends money)and bought a new wardrobe. She tells him she is pregnant and surprising to her he is happy. This is such a sweet story. I love Simon and Kara.

4TH AND FINALE BOOK IN THE "BILLIONAIRE'S OBSESSION SERIES", LOVED IT. I REALLY LIKED ALL OF THE CHARACTERS THEY WERE WELL DEVELOPED, THE DIALOG BETWEEN THEM WAS HILARIOUS LOL AT TIMES. LOVE SHAIRED BETWEEN SIMON & KARA WAS BEAUTIFUL, IT JUMPED OFF THE PAGES IN WORDS THAT REALLY MOVED ME. I WAS SORRY WHEN THE BOOK ENDED, EACH BOOK WAS A VERY SHORT READ BUT THE SEX SCENES WERE SMOKIN HOT. SWOOOOON!!!! EROTICA TREADS A FINE STORYLINE, OR JUST SEX FOR SEX SAKE, BECAUSE WITHOUT A INTERESTING PLOT THAT'S WHAT IT'LL TURN INTO. THIS AUTHOR WALKED THE LINE WELL, SHE HAD THE RIGHT RECEIPE, JUST ENOUGH OF BOTH. BRAVO!!

5 out of 5 Stars

Mine Completely was a really nice novel concluding Simon and Kara's story from the previous The Billionaire's Obsession books. You should have read those before as this is not a standalone.

The part before that had a bit of an abrupt ending and Mine Completely rounds the story up quite nicely with the exact and right amount of steamy and romantic. It also leads straight into Sam and Maddie's story, which I cannot wait to read about in the next book!

This novella is obviously quite short and so is my review, but I definitely recommend reading this book!

Cassie Hess-dean says

Kara & Simon are to be married in a month. She has one thing she wants-for him to sign a prenuptial agreement. When she brings it up, he totally freaks out.

She has been so emotional lately that she asks Maddie to run some blood work. The results are surprising. You have to read it to find out...

Oh & yes there is more Sam & Maddie in this book...can't wait to read their story!!!
