Reinventing Jane Porter Dominique Adair

Her darkest fantasies are about to come true...

Jane Porter Series, Book 3

Jane's weekend of mind-blowing sex is drawing to a close. Only one event remains—a masquerade ball. Her masters, Antonio and Santos, will be her escorts, but the party isn't the only item on their agenda. They plan to show her what it really means to live the life of a prized submissive.

After tasting the heady decadence of true sexual freedom, Jane wonders if she can ever go back to her everyday life—or if Beauty will, finally and permanently, be freed from her shell.

Then there's the issue of a former lover lurking in the wings...

Jennifer says

I hope there are gonna be more books. Theres plenty more that the author could do in this series!

Melissa says

Loved the first two books, the and the third was just as Hot.I've thoroughly enjoyed getting to know each of the characters in this series and loved the sexual freedom that is such a prevalent theme throughout each individual story. Jane's relationship with Antonio and Santos could easily be just three individuals indulging in their sexual desires but it's apparent that their feelings go much deeper than they'd expected. Lily and Jean Jacques's heated encounters really got my heart pounding and definitely kept me in anticipation of each new scene. In Reinventing Jane Porter we're treated to more of the characters we love as well as a couple new ones you'll love to hate and an additional suspense element that clearly displays the depths of the feelings between the characters. I only wish there was more....

Tilly Slaton says

Reinventing Jane Porter is the third installment in the Jane Porter series by Dominique Adair.

I really appreciate the way this author writes. Her words flow nicely and her descriptions leave you wondering what the character is experiencing.

The Jane Porter series is fun. The first book grabbed ahold of me until I was consumed. The back-story is amazing and I could not wait for more. Unfortunately, the second book, Educating Jane Porter, was a total bummer. I was extremely disappointed in the 30 some odd minutes it took to read it.

This series is about a woman named Jane Porter. Betrayed by a former bastard of a master, Peter, she found herself suffering through two years of celibacy. Wow, right?

Her best friend, Lily was her partner is an event planning business. Organizing the birthday party for Antonio would help put them on the board. A seductive scene awaits her, she decides to end her celibacy and hopes to find a temporary lover.

Yadda yadda, she meets Antonio. He's this sexy stud muffin (aren't they all? heh) who sweeps her off of her feet and gives her a night of the best mind-blowing sex ever. Things become even more intensely delicious when Antonio introduces her to Santos, his friend and partner is shared sexual interactions.

BDSM displays, slave auctions, Peter making an appearance, this book is filled with adventure, fun, jealousy and envy.

One thing that somewhat frustrated me, was the lapse in relationship progression. One moment, Jane meets Santos. The next, she cares for him and they share an intimate and sweetly respectful relationship. One sex scene between them and then WHAM! .. It progresses and skips an entire day of hello there, where did the sex go?

This book ends better than most erotics. I am looking forward to reading the fourth installment, Hot for Teacher. There is mention of a book surround the relationship between Lily and her handsome Frenchman. If it has been released, I have been unable to locate it.

I recommend this book to those reading this series. This series is for mature adults ONLY. Extreme sexual content, off the wall not for the faint of heart, this book ventures into the world of “alternative lifestyle” and should not be read for the prudish soccer moms. Or, perhaps, those soccer moms need a break from their boring reality? lol ..

~Happy reading!

Tia says

Somewhere I read this one before and yet I did not have the book in my inventory, so weird! It was pretty good to read and I can't wait to read the fourth book now.

Sassafrass says

this was good. the last one was better, but this was still enjoyable. I find that I'm looking forward to reading about Jean Jaques and Lily. I actually think I liked reading about them a bit more than Jane, Santos and Antonio this time. I'm a bit hooked on the series though, so it's on to book 4 for me. I will say that I would like to see them get more into the BDSM in the next book. I feel that it's keeps getting touched on but there's nothing serious being done. Just a bit of spanking and calling people Master. I keep wanting more!

Carrie says

Quick and spicy read! Sexy characters and the story is full of fun fantasy.

DeMi Harrison says

loved the 3rd book in this series.

SydneyGen says

Same as last
Like the length - easily readable in a day

Mary says

Dang

Typical ending. Bad guy and gal shockingly face. Hero's come to rescue. The main characters live happily ever after. It was okay.

Nicole says

ADULT Book
So good! Very sexy!

Nicole says

I am in absolute love with Santos!

I just wish that these books were a little bit longer because I love the stories, and oh have I mentioned 'I love Santos'. The sex is amazing, and the detail is descriptive in such a way that as I read I can easily visualize the story playing out as I read it; which is what really makes me love a book-- if I can see it in my mind as I read, then the author really did an excellent job in writing it!

KyBunnies says

The book was good. I would of liked it a lot more if there was more BDSM in the book.

Kerry sullivan says

wow well just wow. I was not expecting the ending regarding the ex. I kind of guessed that she would get to keep them. It would have been sacrilegious for her not too. I am glad I own all three of these books because I would be an unhappy bear if I had had to wait to find out what happened next. Dominique Adair is my new favourite author all I can say is yum yum yum.

Martha says

Nook.

Karen Davis says

Again, the Jane Series is NOT for everyone! WARNING-VERY SEXUALLY GRAPHIC!!
