### **Deborah says**

kind of embarrassing

---

### **Sandra Mackintosh says**

the fire fighters are very busy in Busytown, great book but the text is very small.  
Grades 1-2

---

### **Dianna says**

Poor Mr. Frumble just can't stay out of trouble. He keeps the firefighters busy!

---

### **Asho says**

Another fun Richard Scarry book with charming illustrations and plenty of things to talk about on every page. What's not to love?  
ETA: Read to L in May 2015

---

### **Suki says**

Review by 5yo: I think it was funny because of the part where the firefighters say "I think you have enough water, Mr. Pickle"!

---

### **Rosa Cline says**

Mr Scarry's books are always 'busy' so if you have a child that gets overwhelmed easily then you might pick something different for them to look at or to read to them. For those that can tolerate lots of action and illustrations per page then this is a fun book. The poor firefighters start their day out to try and eat breakfast but a call comes in and they have to go to...they go and help their neighbor then they try and eat lunch and again they have to go out... neat book to help children know what firefighters do and how important they are.

---

### **Dewi says**

Ow Mr. Frumble!

Mengapa dia selalu tertimpa 'kemalangan' :))

Cerita tentang sepasukan pemadam kebakaran yang tak sempat sarapan gara-gara panggilan darurat. Dan hampir semuanya untuk menyelamatkan Mr. Frumble.

---

### **yaya says**

The picture have a strong personal style. I really love the way he draw the food. Doesn't the stew looks good!

### **Modboy says**

An entertaining read as we watch a typical day in the life of Busytown's firefighters. As per usual with Richard Scarry most of the fun is in looking at the detailed pictures. The ridiculous pickle car, the worm wearing a shoe, and all the anthropomorphic side characters. I think everybody knows what I'm talking about and if you don't you should pick up at least one Busytown book.

---

### **Jocelin says**

Richard Scarry's creates the best stories. Great admirer of his since I was a young girl of 7 (Wow, it's been that long). Great little story about a busy day in a fire brigade. They are always there to help and they are generous with their time.

---

### **George says**

As a preschooler I was a big fan of Richard Scarry books. I loved how the illustrations were so full of amusement and action. (Still do.) I would ask my mother why one character would drive a pickle car. (The pencil car, cheese car, and even ketchup bottle car seemed to need no explanation.). But why the pickle car? My mother had no sure answer that satisfied my curiosity. I knew there was something more to this. And there was!!! Today (decades later) the answer presented itself in this book I read with my preschooler. Mr. Frumbles is always "in a pickle."

**Leah says**

My dad was a firefighter so my family always has firefighter stuff. Plus they are just cool. This book is for kids who are a little older as the illustrations are smaller and there is a lot more happening on each page. But it is a fun book and I think my nieces will enjoy it for years.

---

**Lauren says**

Cute book for young children!
