The Hour That Changes the World: A Practical Plan for Personal Prayer Dick Eastman , Joni Tada (Foreword)

A classic book with a 21st century challenge.

More than two million Christians around the world have revitalized their prayer lives through the step-by-step plan of prayer outlined in this book. You'll be challenged to spend one hour each day in prayer by dividing the hour into twelve five-minute "points of focus," such as praise, waiting, confession and Scripture praying.

In this special 25th anniversary edition of *The Hour That Changes the World*, Dick Eastman also extends an invitation for believers everywhere to help form continuous walls of prayer in their communities-saturating neighborhoods and nations with nonstop, focused intercession.

Whether you join a wall of prayer or simply apply the twelve-points plan, this book will transform your prayer life. As Joni Eareckson Tada writes in the foreword, "Through these pages the Lord Jesus catapulted me into a whole new dimension of joy. . . . Dick Eastman's book is arguably the most significant book on prayer written in modern times."

A PRACTICAL PLAN FOR PERSONAL PRAYER INDEED!

As a pastor's wife, I needed this spiritual rejuvenating tool as never before. Focused prayer strategies are so simple everyone can do them. Please read this book, no matter how great a prayer warrior you believe you are, we can always increase our learning.

This second time reading this book was even more meaningful than my first time through in the 1980s. If you want a practical plan for learning to pray daily in answer to Jesus' question, "Could you not watch with me one hour?", then this is the book for you. The book is rich with quotes from prayer warriors who have made a difference in the world through prayer.

This book was recommend at a recent leadership gathering I attended. It sounded interesting to me because I was trying to re-establish a more regular pattern of prayer, because it offered a 'structure' that walked through different types of prayer, and among those types were some periods of being quiet and listening. I've read through the whole book now and have practiced the form of prayer recommended during that time, adding a

segment to my prayer time as I read each chapter describing that part of the prayer time. The variety and changes of prayer focus have been helpful. There were certain sections I struggled with, like 'Waiting' which I have a hard time distinguishing from 'Listening'.

I'm not sure I agreed with all that the author shared about prayer, but I have found the book helpful. I have decided to alter the suggested order and focus more on some areas than others, but I'm thankful for having the model the book presents that I could then take and modify.

I don't want my times of prayer to be too structured, but I consider myself in a time of training to be more consistent in prayer and in different forms of prayer, so the structure is helpful in that training, for now. In time, I can probably break from the rigid structure I'm using and more freely pray, but still be practicing all the different forms of prayer I've learned.

If you are in a place where you need to grow or be refreshed in prayer, this book may be a help to you, as well.

Amazing Read

I was able to read this book in just under 2 days. I would recommend this book to anyone looking to start their journey of Prayer or even shake up their current routine. This book offers powerful practical tips that can be edited and amended to work for any prayer time. I have recommended this read to our church Prayer leader and will continue to recommend it to friends and other individuals as the Holy Spirit gives room. I'm now looking forward to take the challenge to watch with the Lord for one hour!
