*Sadie Plant*

## **The Most Radical Gesture: The Situationist International in a Postmodern Age** Sadie Plant

This book is the first major study of the Situationist International. Tracing the history, ideas and influences of this radical and inspiring movement from dada to postmodernism, it argues that situationist ideas of art, revolution, everyday life and the spectacle continue to inform a variety of the most urgent political events, cultural movements, and theoretical debates of our times.

### **Tosh says**

Sadie Plant does a great job in framing the Situationists with others in the 20th Century. It's a good basic book to start on for those who want to dip their toes into the world of Guy Debord and Co.

---

### **Eivi Pop says**

La gracia d'aquest llibre consisteix en fer un recorregut per la trajectoria dels situacionistes i fer-ho de manera que quedi clar, per fi i per a tothom, què c\*\*\* era la Internacional Situacionista. Davant d'altres textos obscurs, aquest assaig és a la vegada rigurós, entenedor i especialment divertit -sobre tot quan parla dels dadaistes i grups posteriors afins com els Angry Brigade-.

Per si algú té curiositat: "El gesto más radical" al que fa al·lusió el títol té a veure amb una visió pesimista? realista? de la tesi dels situacionistes: qualsevol gest o acció, fins i tot el més radical, serà absorbit pel sistema.
