Bound by the Billionaire

Juliana Conners

Bound by the Billionaire Juliana Conners

This Christmas, the only thing I want tied up under the tree is *her*.

For some, Christmas in New York means ice skating in Central Park. But for men like me with forbidden fantasies and money to fulfill them, it means a secret party at Club Expose, where Paige seems out of place. She's young and innocent, with both dreams and curves she tries to hide. When I find out she plans to make a name for herself by ruining ours, I decide to punish her for spying on our festivities. I expect her to submit to my rough discipline, even though it's her very first time. But I don't expect to want to top off our evening with a bow on top of a gift that can't be opened for nine months.

Bound by the Billionaire is a standalone holiday romance in the *69th St. Bad Boys* series. It has no cliffhanger, no cheating and a happily ever after. It features a dominant alpha male and his submissive yet feisty BBW. It can be read on its own but if you like Manhattan billionaires and the women who win their hearts, be sure to read the rest of the series!

From Reader Review Bound by the Billionaire for online ebook

Nicki - The Overflowing Bookcase says

Going undercover as a reporter in a sex club, Paige gets one night of pure lust with a masked man only to leave her phone behind. Finding the phone in the room, Wyatt thinks he can be sneaky and have an interview with the reporter, not knowing that he was the masked man. Instant sparks and hot chemistry between the two lead them to relationship built from lies. But will a former sub put an end to their love before it can grow? Or will Wyatt throw away the relationship thinking Paige used him only to get her story? With great characters and a super sexy plot, this book should not be missed. Once again Juliana Conners does not disappoint.

Gladys says

Bound by the Billionaire (69th St. Bad Boys Book 5) by Juliana Conners is a very good read. Paige and Wyatt create a lot of steam and share a blistering chemistry. When Paige goes undercover to expose what happens on at Club Expose she meets and has a mind blowing encounter with Wyatt. When Wyatt discovers what she's been up to he plans to punish her. What happens when emotions become involved and an unexpected consequence rocks their world? Fun, sexy, steamy and passion filled, this well written and entertaining read is a winner. I am posting an honest review after reading an ARC copy of this book.

Sara Oxtan says

Bound by the Billionaire by Julianna Conners a five-star read that will leave you tied in circles. This is the fifth book in the 69th street bad boys but each book is by a different author and can be read as stand alone. Julianna never fails to disappoint, she does what it says on the tin. This story is a fun flirty forbidden read. Wyatt is a strong man who will melt your underwear and Paige starts as a young woman who starts out trying to prove herself as an investigative journalist and soon gets in very deep, but will she sink or swim? The joy in finding out was well worth the read.

Laila Viking says

AMAZING. Short but true. This is just an amazing story and plot. It is so well written and captivating all through to the last page. Can you please send me the address of CLUB EXPOSE. I really want to go there. This is a steamy story with hot scenes but I do not expect anything else from Juliana Conners. She is the master in writing stories like this.

This story is written in dual POV, which I like because it gives the thoughts and feelings of both the main characters to the reader. There are twists and turns that are unsuspected and emotional ups and downs. Hot chemistry and steaming scenes. The story has suspense, lust, love and a emotional roller coaster.

The main characters in this story are Paige and Wyatt. They are well described and develops nicely. I like their characters because they are strong and dares to take what they want. The hint of BDSM and dom/sub is well balanced with the story and only gives it an edge. Absolutely a story that I will come back and read

again.

I received an ARC of this book and I am voluntarily leaving a review.

Patricia Baxes says

Ohmigod...what an amazing read!! I literally could not put it down—which is why I was up to 2AM finishing it! I'm telling you, it hooked me from the opening paragraph. The storyline was awesome; the characters fully developed; some strange twists and turns kept you flipping those pages. The journey to the HEA was painful...and not always pretty. But Wyatt and Paige found their way—and since Love Always Wins—happiness was found. Don't delay...1-Click this bad boy today! (I voluntarily reviewed an advance reader copy of this book and loved it!).

What do you do when you try to expose the secrets of Club Expose and then find out you are the one being exposed in more ways than one... you go with the flow. Undercover reporter Paige Matthews needs this job to get ahead in the reporting world. Little does she realise how her life will change when she meets sexy hot Dom Wyatt Palmer. Problem is, there are people working behind the scenes to expose their little secrets to get what they want.

A brilliant story of both Paige and Wyatt learning the one thing that is important in their relationship...TRUST. Getting to know one another, Wyatt teaching Paige how to trust her emotions and in the process, healing his own broken heart. Fantastic story, loved it.

Judy says

This series of alpha billionaires living at the Avalon on 69th Street are some of the sexiest men who live for money, power and amazing sex on their terms! Wyatt has been wronged in his past by the one he loved and has become some what cold and removed. He does enjoy his membership at Club Expose and his Dom role. This the perfect place with their non-disclosures to protect the identity of all who attend and what they enjoy sexually. Paige is a reporter and wants to make a name for herself and decides to go undercover at the club. She finds her research helps but nothing can prepare her for the masked man standing in front of her and her willingness to act as a sub. Paige finds herself doing what is asked of her and the Master knows right away she is innocent and does not take things too far. Later he finds the one item never to be inside the club and decides to do what he can to protect her and get her to drop doing the story. I enjoyed how he gets her to admit what she wants and he learns to open up to her. Lets not forget Vivian and Alec who turn this relationship upside down. Will they destroy Wyatt's trust in Paige and will Paige ever recover from how her life has unraveled to being alone in one week? This is another steamy Bad Boy story! I voluntarily reviewed an Advanced Reader Copy of this book.

Tracy Fritts says

Good story

I enjoyed reading about these two characters and I thought it was well written and I look forward to reading the next book.

Ann (Fanni Ann) says

Loved this book by Juliana Conners, 5th in the 69th Street Bad Boys series. This story focuses on Wyatt and Paige, she's a reporter and is at the club hoping to do an expose, it's there where she meets Wyatt and they have a fabulous night, the next day Wyatt finds out and why she was really there and tries to stop her, but they find that they really like each other but there are many secrets and lies, will they break before they have a chance to really get to know each other. I was hooked from the start and the chemistry between them was electric.

It can be read on its own but if you like Manhattan billionaires and the women who win their hearts, be sure to read the rest of the series!

MJM says

This is the fifth book in a fantastic new series, 69th Street bad Boys, with each book being written by a

different author. Juliana Conners is one of my favourite authors so I knew that I was in for a great entertaining read even before I started. Settle yourself down as this is a wild ride. We meet Paige who is an undercover reporter in New York and she is setting out to expose a sex club called Expose Club and it is there, using an invitation, that she is taken by a bouncer to a room where she meets a charismatic and dangerous man who is masked. The man being Wyatt who is a multi billionaire with a dark domineering side to his personality. He doesn't do relationships but is looking forward to punishing Paige when she accidentally leaves her phone and he finds out who she really is. The one thing that they both know was that they had a fantastic first evening together that they both cannot forget. The chemistry between them was off the charts and yet so sweet in this world where he lives of BDSM. They are both so drawn towards each other and whilst Paige is so new to this lifestyle choice he isn't and a figure from the past could destroy their relationship before it's been given the chance to evolve and grow. I loved how Juliana weaves their growing affections for one another and she is so clever how she draws you into the story that you just don't want to put it down. This is a very moving story about two people who find the missing part of themselves when they meet each other. This is another page turning winning story by Juliana Conners. I thoroughly recommend it to all you lovers of romance and if this is the first book you've read by her, then she has many more equally fantastic. I received an arc of this book and voluntarily leave my honest review of it here.
DEFINITELY RECOMMENDED.

♥?Fantasy Land Book Reviewer♥? says

I think this is one of Juliana's best books. Paige and Wyatt are such wonderful characters and this story is just awesome I really could not put it down. Paige goes to Club Expose having a little idea of what she will find, but not expecting to be sent to a room with a man in a mask. That man just happens to be Wyatt. Wyatt waiting for his sub is surprised to see Paige walk in. What transpires between them makes for this wonderful story of great romance, heartbreak, and finally, love. I voluntarily read an advance reader copy for my honest review.

Di says

This read by Juliana Conners...loved it...loved it...loved it. The story of a billionaire, Wyatt, and a reporter, Paige, who meet when she goes undercover at Club Expose (a BDSM club) to get a story on the happenings behind the doors to get her investigative reporting career off the ground. What she doesn't expect to find is Wyatt, the man behind a mask to make her feel and want things she never would have known otherwise. Oh man..oh man...oh man...what a steamy steamy spine tingling read but there was more to this read than just the steam. Wyatt was burned before and now just enjoys the lifestyle and doesn't get emotionally attached to anyone, until Paige. His inner struggle, trying to deny what he feels and why he shouldn't and then finally doing the one intimate thing he hasn't done with anyone in many many many years...swoon. I loved reading how this man who is control of all his emotions, lets it go for Paige. Paige is no pushover, she's sassy, witty, smart, beautiful and she also has an inner struggle, she's not sure about BDSM but it brings out desires in her that she tries to fight. I loved how she pushed "Master" when in the room and how she stood up for herself when she learns the truth about who her Master really is. Just because she is a submissive behind closed doors does not mean she's one outside of the bedroom...loved it. The ending is what did it for me, the author didn't waste much time to get to their HEA...it didn't drag on and on...loved it. The entire read was amazing and the story flowed perfectly and what sealed the deal and

the reason I bought this book even though I received an ARC...what Wyatt does for Paige when he learns the truth at the end....a seriously swoon sigh swoon moment.

Sharon Jones says

This is the second book in this series I have been able to read and I have just loved them both!!! Juliana has written quite a steamy read, but then again it is something that I always expect from her and luckily for me she always delivers.

This is a quickish read, but the story certainly packs a punch. You get an unusual romance, a bit of underhandedness and a conniving ex sub, which all adds up to a book that is practically impossible to put down.

I voluntarily reviewed an advanced readers copy of this book

Karina says

I voluntarily reviewed an ARC of this book. This was a great sexy read by Ms Connors. In this next installment of the 69th St Bad Boys we meet Paige and Wyatt. Paige is a new reporter trying to follow in her father's footsteps in investigative journalism. Wyatt is another resident of The Avalon and is a more involved member of Expose Club. He is definitely a sexy alpha Dom. Paige gains an invite to the masquerade holiday party being held at Expose hoping to get a story. Little does she know when she gets to Wyatt's room what lies in store for her. Wyatt doesn't expect to be taken by all the feelings Paige brings out in him. This was a sexy steamy and a bit naughty read. I loved the whole story line. It is well written and the chemistry between Paige and Wyatt is great. There is a little drama caused by two others but it is dealt with wonderfully and both are able to get the HEA that they have been wanting.
