Kings Claire Farrell

Set between books five and six in the Chaos series, **Kings** is a brief look into the lives of Drake and Brendan.

After sealing the rift, Drake hears word of his wife's sickness only to find that the cause is exactly what unites his enemies against him.

Brendan's journey across unexplored waters is only beginning, and if he finds what he's looking for, he'll owe a determined woman a throne by his side. But can he do it?

Whatever course of action is taken next, they will change their world.

Mary says

More depth to characters & plot added in this book.

Shaly says

It was nice to read from someone else's POV, since the entire series is strictly from Cara's side only..

Rachelle Ballinger says

Book #14 of the EBN Challenge at my library.
Challenge Topic: A book you can finish in a day.

THis was a quick read and gave more insight into the two kings in the Chaos Series.

Victoria says

It is a great book to read

Holy shit balls. I have no words. This was everything I needed in this series and everything a bridge novella should be.

For such a short work, these pages brim with adventure, angst, and suspense. Finally, we get insight into the minds and feelings of the two leading men in this series! Two kings who have chosen very different paths.

Not to mention, there are murderous giants, sea creature mutants, a bloody palace coup, a mysterious fiancé, and a surprise pregnancy! What's not to love?

Going into this, I was solidly Team Brendan, and I still am; however, the biggest surprise of this novella for me was Drake. I truly felt for him. Farrell helps us to understand the fear, loneliness, and paranoia he experiences in the Silver Court, and his reasons for his treatment of Cara. I can finally see why he chose the destructive path he is on, although it's hard to condone. But we see moments of Drake's strength and goodness, of his potential, despite the darkness that he has surrounded himself with.

Ugh, and that ending. Heart wrenching and gorgeous. Can't wait for the final installment!

Bravo, Ms. Farrell.

Well I think this book actually made me dislike Brendan, and dislike Drake even more than I already do. This author has a knack for making me lose all respect for her characters.
