Sammy says

I was completely obsessed with this series of books when I was a child and my aim was to read every single book. They are a really good children's series.

Taylor Troncin says

Loved this series when I was younger. Still a huge animal lover and would like to read the rest of this series!

Jessie says

Mandy and James help Brandon Gill raise a runt piglet named Ruby after Brandon's father tells him that they can't keep her.

Twyla says

In Piglet in a Playpen, Brandon Gill who lives at Graytops Farm was taking care of a runt piglet named Ruby. Then his father tells him that since she needs special care, Brandon has to get rid of her. Brandon hides her in an old playpen in the hay barn. Then the whole herd is threatened. Mandy, James, and Brandon with the help of Lydia have to help save all the pigs and piglets, including Ruby. Auryl 12 years old, 2015

Rea says

I really enjoyed this whole series as a child. Back then I'd devour each of the books as soon as I could get my hands on them.

Danielle Schutte says

I learned a bit more about pigs in this one. It is a good series for kids to find out more about animals and some vet care.
