PART 5 BBW Vampire Serial M/F/M

SPOILER ALERT - Read Part 4 before you read this description

Still trapped firmly between her kings, it's not the fun-filled vampire sandwich Tanya had envisioned. Things get especially difficult when she realises she has little fangs instead of 'normal' teeth. She's also seriously freaking thirsty. *For blood.* Her stomach churns at the thought yet her eyes keep dropping to the pulse at Zane's neck. She has the insane urge to drool when she catches Brant's enticing scent. *Maybe just one little taste...*

It's clear that their plan worked, she must be pregnant with the next royal heir.

One teeny tiny problem, the news is making her males all the more possessive of her. Even level headed Zane is not thinking rationally anymore...at least...not where his female is concerned.

With the new moon on the horizon and a mating ceremony to plan, Tanya is oblivious to the brewing storm around her.

Red Lust is Part 5 of a 6 part serial and is approximately 20,000 words/80 pages.

The story contains strong sexual themes/language and is not intended for readers under the age of 18.

Part 5 of 6

As the mating ceremony draws closer can Brant and Zane really work out their differences and put their egos behind them for Tanya's sake.

Tanya is pregnant but has no idea which of two is the father, not that it really matters if they're going to be joined as one.

Stephany is still not back but it seems Lance is finally coming to his senses but it could be too little too late, we'll have to see.

Esral is realising that her life may not be as bleak as she thought and if Tanya is to be believed she actually has a say in her future.

So with Tanya pregnant, Stephany on her way home and Esral coming to terms with her life with the vampires all eyes turn to the mating ceremony.

Enjoyable read now onto the final book.

SO FREAKIN FANG-TASTIC! Great balls of fire! I am so in love with this series! Ms. Hartnady continues the magical journey of this series with Red Lust, the fifth installment and it just gets better and better! This is, hands down, one of the best series I've ever read. Exciting! Action Packed! Fast Paced! Smart! Original! Suspenseful! Powerful! Gripping! Riveting! Thrilling! Addictive! Captivating! Funny! Endearing! Arousing! Romantic! Sexy! Steamy! And did I say hot? Oh yeah! This story has it all. Ms. Hartnady has once again demonstrated her exceptional writing ability and talent by delivering a masterpiece of wonder, thrill and entertainment. Both the story and dialog flow beautifully, twisting and turning with surprise elements at each turn. Such a delight! The characters are well developed, intriguing and engaging. They come to life and jump off the page while teasing and enticing your imagination. The story entralls you with its magic and fantasy. I was on the edge of my seat the entire time. Such a wild and wonderful ride! Two handsome, sexy, alpha vampire kings, Zane and Brant, totally different but both desirable-each longing to make the same human woman their mate and queen. Beautiful, sassy human, Tanya, now pregnant and torn between love for both men. Will Zane and Brant make it through the mating ceremony without killing each other? And which of her lovers is the father of her baby? And can she love either if they try to destroy each other? Then, throw in a nympho best friend who wants to have sex with every vampire in sight and a beautiful elven princess given by her Father to the Vampire Kings and oh my! What a recipe for disaster! Wonderful cast of amazing characters-check! Mystery, suspense, romance and steamy sex-check, check, check and check!!! That and a whole lot more, in spades! Oh yeah! This is the fifth installment in this series so it is not a stand alone book. Do yourself a solid and read them all. But I just love serials. The anticipation and excitement created by each installment is like having great sex with a blindfold! And then you can't wait to do it again! Hubba! Hubba! I can hardly wait to read the next and final installment!

Amazing book

This book was amazing. I stayed up all reading because I couldn't wait for the next day to finish it. It just getting better and better. Anxious to see if Brant and Zane, will work together or lose their queen! I'm so ready for the last part.

WHAT A BLINDING CLIFFHANGER!!!!

BOOK 6 HERE I COME.....

Jill says

Fast read

I hope the best friend can get around the law that vampires and humans cannot be together. That would be a great twist to the story or even make it her own story! Great installment of this series.

BookJunkie777 says

The kings take one step forward and a giant leap back. The dress was likely lovely and the ceremony one to remember, but the boys really messed up. Will they win her back & will they ever be able to get along?

Marianne says

Still loving this serial and Tanya's two royal beefcakes, who are growing more possessive by the minute. Always more than willing to please their little human, even though the annoying rival always seems to be in their way. I must say that I personally prefer Zane in Red Lust. Having never witnessed true from his dysfunctional parents growing up, he's amazingly tolerant and supportive of her unconventional arrangement. Brant is a little over the top for me in this one.

Loved the side stories as well, both Xavier's little elf problem and Stephany's lust for vampires - and their lust for her. Ross and Griffin's obvious attraction to the enticing human has me rooting for Ross's petition to to rut with humans. (If only they would change the name) Stephany seems perfectly suited for the virile vamp guards, except for her human breakability, of course.

I'm detracting one star because the wolf situation, which seemed to be a big deal in the last novella, just like

the elf situation before it. Then, all of a sudden and without much explanation, the issue is resolved, just like that. Also, Zane and Brant suddenly seem to forget that they need both Kings to mate and reproduce to ensure the future and stability of the two covens. On the plus side, their lustful *taught* gazes are finally gone. Let's hope it stays that way!

Part 5:

All the feels!

Tanya is planning her mating ceremony. Is she going to choose Brant or Zane? Maybe both? Yet, NOTHING goes as planned! I am so invested in this series you have NO idea!

Will I recommend : If you have followed my last 4 reviews of this series you will know the answer is a big fat yes!

I received an ARC in exchange for an honest review.

YOU STUPID VAMPIRES NOW LOOK WHAT YOU'VE GONE AND DONE! My mind rambling through Part 5

I actually read through the Part 1-4 just so I could review this ARC. I was already a fan of the Demon Chaser series and I had this one sitting on my To-Read shelf for a month or so. I was not disappointed. Charlene Hartnady's stories are short but always packed to the brim with thrills, action and romance. Looking forward to the finale Part 6

Iris (Paranormal Cravings Book Reviews) says

I look forward to read one of the other series from this author!

....

This one made me so happy to start with. I was on top of a cloud and I was so into the book that I had no clue that the author was going to toss the inevitable trouble at the reader. Then I was feeling it. I knew that something was coming. Our boys Zane and Brant were acting off. Even during the ceremony they were being silly and they were trying to get Tanya to doubt--to reconsider. If I was here I would've looked at both of them then and been like, "Um... wtf!" But she was in the moment, getting married/mated, and I get it! Then WHAMO! I cried... I was so hurt for her and I wanted to snatch her up and allow her to cry in my arms because she was totally justified in being as upset as she was. They don't get it. Well, I think Zane does get it but he was wrapped up in the whole 'Being the last one standing thing' and, le sigh... I'm jumping right into the final book now, its really late but I need to know what's going on like NOW!

I read a copy via Kindle Unlimited

One HOT vampire series! What will she do when they go behind her back and make plans? Will she walk away? MAN this was a true cliffhanger - cannot wait for last book in the series to come out!

Michelle says

Chosen by the vampire kings

Wow. After everything she's been tough. These two could not come together and put things to rest and get along. Now she put her foot down. What is to come next

Patti Ashley says

The mating

You just knew that Brant and Zane would mess up. They go through with the mating but agree behind Tanya's back to fight to the death. The elf princess has decided she wants Xavier but they are doing the dance of dislike. I really hope that the law against other vampires mating with humans is abolished.

Stephanie says

Okay so let me start this review off by saying- I received an ARC of this book for an honest review!

Now on to the good part....I ABSO-FREAKING-LUTELY LOVED PART 5 OF THIS SERIES!!

I read a LOT of series and stand alone books, and this is definitely one of my favorites!

Tanya is just about to tell Zane and Brant some FANTASTIC news! They take it well and you think everything is GREAT, and then Mrs. Hartnady rips your little heart to shreds. (In a good way of course :P)

The story flows well through out this entire series and has continued to do so in Part 5: Red Lust. I have a deep seated interest and love for Tanya, Zane, Brant, Xavier, Stephany, and all the others! The books are extremely easy to get into and read! There are little to no grammatical errors which is a big deal for me when reading a book!

I HIGHLY RECOMMEND YOU READ THIS BOOK! It has honestly been one of my favorite shorter reads, and it is entirely worth the \$.99!! :)
