Redemption

Amy Brent

Redemption Amy Brent

I'd moved on. Until Ben Taylor walked into my camp.

I swore off men. Forever. Period. The end.

Ben Taylor was the cause - the perfect muscled military hero.

The green-eyed angel who stole my soul.

He claimed I cheated on him.

I told him I wouldn't cheat on the man who owned my heart.

I've moved on. I help other women now.

Women like me whose hearts have been smashed into pieces.

I offer them the space and support to heal. One day I might even heal myself.

Six years since I last saw him – still the perfect muscled military hero, now with a cute kid in tow.

Still my first and only love.

Still the man who didn't trust me enough to listen. The man who broke my heart.

I've sworn off men. For good.

And I've sworn off Ben Taylor.

Right?

Ann says

Just awful

At the beginning of the book, Ben felt raw and betrayed after his wife left him and their son 3 months before. Suddenly he is at the bar in what sounds like a nice restaurant getting drunk with his first ex that also supposedly betrayed him. Then they end up going back to her place to immediately have sex. There are actually 2 different accounts of how this happens. The inconsistency starts early and continues! He's wearing shoes when he gets there and boots when he leaves. There are so many of these errors throughout the book just go with it and don't go back and reread. It's just a mess so accept it.

He also moved on from 1st ex quickly to the next woman & married her and had a kid so you know he got over her fast - no maybe not- read on. His first ex stays true to him of course for 6 years even though he dumped her. Hate seeing whimpy females like this!

These guys are former Navy SEALs that giggle. Ben says he would scream if someone popped up in the bushes unexpectedly - really sounds like a SEAL - right! The guys have a survival training center and pair with a group of women from abusive and traumatic situations from a neighboring yoga, painting, nature, therapy group for combined self defense classes..... Sure .. that works.

The storyline is terrible and the characters are shallow and unlikable. The editing seems nonexistent considering the inconsistencies throughout the book. I don't understand how this book got such high ratings.

Cheryl Graham-Petit says

Amy Brent gives us a second chance romance story of first love, rumors, jealousy, betrayal, hot chemistry, heartbreak, healing, so many emotions, and moving on.

I volunteered to review an advance reader copy of this book.

Modern says

Redemption is the second chance romance between Ben and Lindsey. Though this book had its moments, it read more like a self help book. There was a lot of repetitive thought process. Aside from Nicole, it seemed like the banter cheesy. Even the "thoughts" were sophomoric and didn't belong in an adult romance book. It

didn't seem like any of the prior Brent books I've read. Needless to say, I was a bit disappointed with this one. I received this book for a voluntary, completely honest and non incentivized review.

Jennifer says

What can you possibly say about Ms Amy Brent that hasn't already been said? She crafts engaging characters and storylines that are so wonderful to read. You know how you choose to lose yourself in a great book, just to escape from your everyday problems? Ms Amy Brent is one of my go-to authors for romance. Redemption is an unbelievably delightful read centered around two people that really are perfect for one another. After being wrongly accused of cheating on the love of her life, Lindsey, picked up the pieces of her heart and decided that she could help others heal (even if her heart never truly mended). As a now single Father, this ex Navy Seal, Ben helps his Son the best he can, as well as others, through a survivalist camp. When following his partners suggestion to team up with another camp, Ben reunites with Lindsey. While neither stopped loving the other, he believed she betrayed him years ago. Can they work together? Could he of been wrong? Can they rekindle what was once perfect? The chemistry and passion between them is still there and the struggles they face are up to them to overcome. Can they fix past mistakes and heal together? Is it really a second chance if they never stopped loving each other? I found Redemption to be the perfect romance and strongly recommend reading this release.

I voluntarily requested an advanced reader's copy of Redemption in exchange for my honest opinion and I believe that you will enjoy it from cover to cover as I have done.

MJM says

Will She Give Him A Second Chance ?

Lindsay loved Ben. He supposedly loved her. But the first, and only, time that he is told by Chad [not a friend] that she cheated on him he just ups and leaves without giving her a chance to say what happened. He even blocked her from contacting him. never to see him for over 6 years. But now he's back from the Navy SEALs with his best friend, Paul, also an ex SEAL and they're building a business which will be aided by a therapist. Paul encourages Ben to make contact with this person and can you imagine his shock when he finds out it is his Lindsay. She hasn't really moved on with her emotional life as she was so heartbroken by his treatment of her. But the love is still there. But does he deserve a second chance? He also has a surprise of his own called Jacob. Can Lindsay forgive him for being so hurtful and immature? Beautifully written by Amy Brent and I loved the build up as to why he just upped and left. Though his Mum is the one who really lets on the truth behind it all. Great character development and depth of storyline. I received a reader's copy of this book and voluntarily leave my honest opinion of it here.

Most Definitely Recommended. I can't wait for her next romantic adventure!

Faith89 says

Ben and Lindsey were in love 6 years ago. Jealousy and mistrust destroyed their relationship. Ben joined the navy, got married had a son and got divorced. Lindsey seemed to not move on. Not a plus for me. Ben and

Lindsey get a second chance to have their HEA. They struggle to trust and move forward. It's a back and forth love hate relationship.

Redemption By: Amy Brent

Can He Find Redemption Within Her Loving Embrace?!

He needs Redemption, Absolution, Forgiveness, & a Second Chance!

He screwed up Six years ago, & he left the best thing that ever happened to him behind with a Shattered Heart....

Now, he's back, & he needs her help for his business, which forces him to face the past...

Did he make a mistake believing a friend over HER, or was he RIGHT to leave...

Everyday they spend together makes him second guess the past...

Can they MOVE on with Everything still hanging OVER their heads...

Will they survive the fallout of a confrontation over the past...

Will he find REDEMPTION in her arms...

I was granted an ARC of "Redemption" by Amy Brent; I can honestly say she's a gifted storyteller, & I'm happy to recommend this book based upon its own merits. All opinions expressed within this review are uniquely my own & freely given!

Until next time... Happy Reading!

Ruby Ap. says

Ben and Lindsey's story was full of angst, misunderstandings, mistrust, betrayals, first love, jealousy, false rumors, heartache, heartbreak, healing, a long journey to find each other back again, second chance at love, filled with emotions, self-doubt, self revelations, truths coming out, forgiveness, moving on from the pain and into happiness, realizing when your wrong and rectifying that error and above all else, a happy ending; this story had all of that and so much more. A wonderful second chance romance story by this author! :)

Melanie Milburn says

Ben and Lindsey were quite the couple six years ago, but when someone tells Ben that Lindsey cheated on him, he up and left to join the SEALs. She swore it wasn't true, but he didn't believe her. Now, they each are running camps to help people—hers to help women get over traumatic experiences, and his a SEAL style boot camp. When Ben reaches out to the lady running the camp for help with his guys having PTSD, he never expects to see Lindsey again. The sparks are still there but so is his distrust. Especially since his ex-wife not only cheated on him but also abandoned their son. This was an interesting premise, but Ben's unwillingness to believe Lindsey even in the face of her steadfast stance that she was innocent and the lack

of any real evidence to the contrary was such a mantra for him that I wanted her to just send him packing.

Terri Eaches says

A Great Second Chance Story With the One That Got Away

What are the chances of two ex lovers opening a c.o.d.side by side after six years after a harsh breakup???

Ben left without a glance back six years ago but now he's back divorced and with an adorable son. Opening a survival and self defence camp with his best friend Paul is the first step to putting his life together. Lindsey still hasn't gotten over Ben to the point agree has never been with anyone since Ben left. Lindsey runs a camp helping women to focus on the present to get over painful pasts from break ups, abusive relationships to low self esteem. What starts out with possible combining camp lessons turns into a chance to put the past to rest turns into a second chance. Can Lindsey convince Ben of the truth of that fateful night six years ago and come to terms with the fact Ben has a child??? What happens when Ben finally comes clean about why he left?? You must read this hard to put down story to get the answers!!! Curl up and get comfy with this one click second chance story. Can't wait for more from Any zBrent!!!

I voluntarily reviewed an ARC of this book

Thank you Any Brent

Nate says

Enjoyed Ben & Lindsey's story. It was an intriguing book. I'm voluntarily leaving an honest review for an arc of the book.

Ana says

I voluntarily reviewed an ARC of this book. Once I started I couldn't put this book down. Chemistry between Ben and Lindsey sizzles with each turn of the page. Another fantastic story by Amy Brent.

Angie McGuire says

Good book

This book was a good read. I liked the premise of the book...ex Navy SEAL making a life for him and his son. Lindsey was his first love that he couldn't get over. The one thing I would've liked more of is the conversation about their past happening sooner rather than later. It was mentioned so many times, but it happened so late in the book that it lost its luster. The way it was presented made the whole 6 year absence seem less important than it should've been. But that could be me. It is a good book and I'm glad I read it.

3.5-4 stars

Characters 4

Plot 3.5
Ending 3.5

Paula says

This is a HELL NO for me because of this review>>> <https://www.goodreads.com/review/show...>

Why must the Heros ALWAYS move on to OW while heroine stay frozen and take their sorry asses back???
For once, I'd like to see a romance in which Hero stays TRUE to the woman they are supposed to love –
even when they are apart! Is that too much to ask writers?????

I have not read this – nor do I ever want to – but based on reviews, this so-called “Hero” is a douchebros and
heroine SHOULD have kicked his sorry ass & send him packing!
