**Remy** Katy Evans , Olga Hernández (Translator)

¿Qué motiva a un hombre como Remington Tate? Deja que él mismo te lo cuente

El boxeador Remington Tate es todo un misterio, incluso para sí mismo. Solo la joven Brooke Dumas ha logrado conocer algunos de sus secretos y pasiones más profundas. Desde el momento en que se fijó en ella, Remy supo que tendría que luchar por conseguirla.

Su intensa historia de amor pasa al siguiente nivel en esta novela narrada por Remy y que aún a deseo, necesidad, pasión y amor.

Con Remy, Katy Evans se adentra en la mente del atractivo boxeador para revivir su historia de amor con Brooke.

## Angie - Angie's Dreamy Reads says

When I received this book for review my heart was completely exhausted from Mine. I read Mine and Remy back to back, one after the other. I had a Remy weekend, so to speak. ALL REMY, ALL DAY, and it was AMAZING. Let me tell you, coming out of Mine (bk 2 in the Real Series) I was a MESS. I wasn't ready to let go of them. I felt HEART BROKEN. Almost as if there was a death in the family. I can't explain it. I felt pouty, raw, restless and just...blah. I love this series. I think it's one of those that imprints itself on your heart and mind. It's an intense experience. Remy is a man of very few words but the words that he does utter come from the heart. Getting in his head was heavenly. It gave me closure...well as much closer as one can get from this series because in all honesty I don't think I'd ever tire of reading about Remy and Brooke.

By this point you know that Remy is an ALPHA GOD. He loves Brooke with an unbridled passion. She is his SOUL. His other half. His heart beat. His life. She makes him want to live and be better. She gives him wings and helps him fly. The love that they have is ONE of a kind. It's special and beautiful and intense and ALL GOOD THINGS.

In Remy you get his POV from Real and Mine and more into the future. Now please, WHAT is better than REMY'S POV????? Nothing people. NOT ONE THING. God, this man...being in his head and seeing what he saw, feeling what he felt...it makes you...God, it makes you HAPPY, it makes you sad, it makes you BLISSFUL. He is such a gentle SOUL. He's perfection for me.

I've heard a lot of people say that there are REDUNDANCIES and there is REPETITIVENESS in the series....My opinion, I DON'T CARE. It's the CHARACTERS that BURST forth from the pages and infiltrate your heart and soul, the story that captures you and steals your breath. It makes you FEEL and LIVE, it makes you DREAM and God, it does so much for you. It's romance, carnal passion, sex, hurt, jealousy, love and PRIMAL goodness all wrapped into one. It's EVERYTHING.

What can I say... Remy is Remy's POV and Remy's POV is like a Christmas present for a fan of this series. It's HEAVEN wrapped into an incredible package. You're going to CRY. I did. I miss them. Shit, I miss them. It's a 10 +++ STAR read. I LOVED it.

## Kelena says

*"I won't let you fucking leave me."*

*I need to touch, smell, taste, claim*

\*full review to come\*

-----  
*Exclusive Sneak Peek into **Remy** by Katy Evans*

**Teaser from Remy's POV**

*"Take your clothes off, Remy."*

She flicks open her last button, parts her shirt through the middle, and my fingers spasm so hard the T-shirt I hold falls to the floor.

She's so beautiful my eyes devour the parting of her shirt and the smooth skin she just revealed. "*You have no idea what you're asking for,*" I angrily warn.

Her voice is soft and pleading. "*I'm asking for you.*"

*"I won't let you fucking leave me."*

*"Maybe I won't want to."*

My heart pounds so fast in my temples, I can barely hear her. "*Give me a goddamned guarantee. I won't let you fucking leave me, and you're going to want to try. I'm going to be difficult and I'm going to be an ass, and sooner or later, you're going to have fucking enough of me.*"

She tosses her shirt to the floor, then pushes her skirt down her hips. She stands in a cotton bra and panties, her chest heaving. "*I'll never have enough of you, never.*"

I'm being devoured on the inside with my need, and a low, hungry sound rips up my throat.

She stops breathing, while I'm breathing so hard I can hear myself in the room. I need to grab her to me so bad, I curl my fingers into fists at his sides as I speak roughly to her. "*Come here then.*"

The command makes her seem to tremble in place.

She looks at me helplessly, and I wait, my heart crashing into my ribcage. She takes the first step and my entire body tightens and awakens. My blood rushes through my veins. My skin feels taut and every cell open in anticipation of her touch.

My breathing escalates. Her pulse flutters and her nipples poke into her bra, and my mouth waters with the need to taste her, suck her.

She stops a foot away, and I snap. I tangle my hands into her hair and yank her head back and bury my nose in her neck, hearing myself growl as I inhale her scent. She shudders and scents me back, I lick a wet path up her neck as I engulf her in my arms. "*Mine.*"

*"Yes, yes, yes, Remington, yes."*

Her fingers sift through my hair as she rubs her nipples to my chest and I can't stop sucking her scent into my lungs.

I grab her face and drag my tongue from her neck, along her jaw, to lick the entry of her lips. I probe the seam and use my lips to part the lower one from the top. I nibble and a soft whimper full of need reaches me, muffled when I shove my tongue inside. I'm so fucking hungry I can't hold back anymore. Her response is instant, and her tongue tangles heatedly with mine, and holy god, I'm dying here.

We taste and suckle, and she melts into me, and I'm burning. I shove my pants down my legs and I ram my thumbs into the front of her bra, yanking it open until her breasts bounce free. I fill my hand with them and

lift it to my mouth. I wet it with my tongue, then scrape my calluses across her nipples, kissing her again as I fondle her.

I squeeze one breast and slide my hand to cup her between her legs, sifting my fingers under her panties. I rub her with the heel of my palm and I feel a tremor rush through her. I tear our mouths free and lean my head on hers as I watch my hand caress her. She's incredibly wet, and she feels so good, my airway is almost closed from my need. *"Tell me this is for me."*

I tease the tip of a finger inside her and she clenches me tight. *"It's for you."*

**\*unedited excerpt, not final version\***

OH Sweet Heaven Above!!!!!!

More Remy-nizing!!!!!!!!!!!!

#### **5 Remy-ness Stars (SPOILER FREE REVIEW)**

Reading Remy is like getting a feel of your favorite book for the first time, but twice.

I want to keep this review short, because if you are a Real fan, then you know basically everything, but there are a few points I want to hit.

FIRST - > You must read the books in order, Real, Mine and then Remy, there is no skipping. Remy is Remy's POV from Real.

When I first started Remy, it kind of reminded me of This Girl, it starts out present time and it goes “flashback” mode to Remy’s memories, so you get a little bit of extra if you know what I mean. Like everyone, I am not a huge fan of alternative POV books, HOWEVER, I do read them if I am a huge fan of the series. I loved This Girl and Walking Disaster, both were five star reads for me and Remy is no exception.

*Her scent works me into a lather. I need to find the source of that scent*

*I want to play you a thousand different songs so you get a clue of what... I feel inside me.*

*I want to be your fucking real. You get that? If I fuck you, I want you to belong to me. To be mine. I want you to give yourself to me-not fucking Riptide!*

I loved Real, it was six stars for me and I like I’ve said in my previous reviews, I am a Katy Evan’s fan for life. I really did want to read what went on in Remy’s head, especially when he’s having his episodes. Reading Remy is like reading about a love sick Hero on crack and speed, driving 200 MPH and I wouldn’t have it any other way.

Call me a sucker, but I love the can’t-live-breathe-die kind of love and Remy sure delivers. On top of that, we get bits of pieces of his POV from MINE, which I LOVED. There are two scenes in MINE where I really wanted to know what went on in Remy’s head and I got my answer. YAY for that.

Best part, was the last chapter and it leaves you off on a really high and “awe” kind of note.

So it’s really simple, if you are a fan of the series, then a def yes from me to you. BUT I really didn’t need to convince you did I?

**Catarina says**

**3 Possessive Stars**

Well, I’m not going much further on the description of this story because it’s basically Real & Mine compressed and read through Remy’s eyes.

Since the moment he saw Brooke to the moment he finally got her, this book tells how he lived the story, especially when blackness would take over him.

What can I say about this book?

It, unfortunately, disappoint me. I was not happy with it! \*stomping foot\*

Look, Remy was probably my favorite fighter so far. I loved him in the previous books. But, right now, basically all we had from him was a monosyllabic vocabulary.

All we would say / think / demonstrate towards Brooke and anyone around her was:

Do you understand?

Are we clear????

Yep. This sums it all.

Remy, I loved you before and you let me down. So;

---

## Michelle says

3.5ish stars.

Remy is a mix of both Mine & Real, told solely from Remy's point of view. This story jumps back and forth from present day to the past and retells the story of how Brooke & Remy fell in love. **The blues & the blacks.**

I remember when I first read Real, I was completely blown away with the way their story was told. I absolutely loved it. With Mine, I just came away with such a different vibe that left me completely lost. Brooke left me completely ready to murder a fictional character. I expected that getting back to Remy was going to feel like coming home.

I wanted to feel his strength and animal instinct take over and overpower me. But all the aggression and tension we saw through Brooke's eyes wasn't there. Sure he was the hunter stalking his prey, wanting to claim her - make her his. But I was overwhelmed with the vulnerability rather than getting a taste of a pure alpha-male in his element.

It's not that I was not wanting emotional. I actually was looking forward to the moment that Brooke left him the note and left him. Although he was black during this time and out for weeks, I wanted to get lost in his

pain.

I still love this series, although the last two books didn't do it for me. When I think about this series I always go back to the first book in the series. For me that story has carried the other two books. I really wanted this one to wow me though. We were tortured with tension in book one and then had to battle through Brooke, the scenting, petting and licking that was overwhelming in book two and I really wanted to something different with book three. A chance to see the core of Remy beyond what we already knew. But it just felt like I was reading the first two book again, without the fire of my first time reading Real.

I am looking forward to the next parts of the series were we change characters and get to experience something new from Katy Evans. So many have fell in love with this series, with every book. For me personally this just did not measure up to my own expectations.

---

### **Cristina | CristiinaReads says**

⇒ ***I KNEW IT! His filthy thoughts are all over miming and I cannot get over how PERFECT Remington Tate is...***

⇒ Remy is by far my favorite alpha male and will forever hold that title. His act of kindness towards the one person whom brings him a passion filled with love and admiration, is something that brings a sense of comfort to your heart when you read this incredible love story by Katy. She has not only brought a new meaning to a possessive and broken alpha but she has written a whole new genre filled with a unique sense of honor and care.

⇒ This is a short review because this is the same story line as REAL and MINE only in Remy's perspective. Overall, even though you are technically re-reading the same story, you should all give this one a try because it is INCREDIBLE!

### **Lady Vigilante (Feifei) says**

**2 stars**

It would have been better for me to DNF this, but I held out anyway. To make it easier on Ms. Evans and me in the future I won't be investing my time in this series anymore since 2/3 books were a miss.

Before I start, let me clarify a few things:

**1. I am not a Katy Evans hater.** I liked Real and gave it a 4. I met Ms. Evans at a signing a while back and

she is one of the sweetest authors you will ever meet. That being said though, Mine didn't work for me, and after finishing Remy, it didn't work for me either (You can read about my problems with Mine here). This doesn't mean it's a personal attack on the author.

**2. I think my main issue with this book was the wording.** For example, I would've preferred the characters to *smell* rather than *scent*, and I think I must be one of the few who didn't like the lion references. I don't know if it was supposed to make the characters more primal or **real**, but it rubbed me the wrong way.

**3. If you feel like my status updates are offensive and promote negativity, then easiest thing would be to ignore. Unfriend me. Voila.** But honestly? Unless Goodreads personally contacts me and says there is a problem with my updates, please don't go around telling me how I should read a book or hint at what I should or shouldn't post. These updates reflect my initial, honest feelings towards a particular scene/character/event, and sometimes I feel like it's necessary to add a gif in for effect. I may be snarky, sarcastic, or humorous, but bottom line is I'm honest. Like I said, don't like? The unfriend button is a click away.

~~~~~

After reading this book in Remy's POV, I've learned a couple of things.

Remy is actually very simple. This is what runs through his mind:

And when it comes down to his feelings for Brooke?

**A smile from Brooke**

**A look from Brooke**

**A *scent* of Brooke**

**A word from Brooke**

**You get the point.** He always has horny thoughts about Brooke. Not necessarily a bad thing, but I would've liked it more if every other line didn't involve just his horny thoughts.

How much he loves to fuck

I love profanity and all, but the amount of "fucks" in this book made me shrivel. It got to the point where almost everything I highlighted had a fuck in it.

**Fucking wives.**

**Fucking Brooke.**

**Fucking ridiculous.**

**Fucking T-shirts.**

**Fucking church.**

**Fucking love.**

**Fucking marry her.**

**Fucking bottles.**

**Fucking Scorpion."**

.....

You get the point. He  *fucking*  loves fucking.

Remy has a super nose

*"I want to smell the fuck out of her cause it gets me all cranked up and nothing has ever cranked me up like her scent just did."* <-- O\_O

*"I drag her scent to my lungs like a junkie..."* <-- why am I imagining this:

*"I dive hungrily to her lovely neck, brushing her hair to the side, and pressing into her spine, inhaling her like a madman."*

*"I taste her ear. I fuck it."* <-- Ummm how do you fuck an ear? Trying to picture that and no....

If you've gotten this far, thanks for reading. My quick two cents:

This was the exact repeat of Real, despite the difference in POVs. Maybe it's because the events got repetitive I found myself getting bored quickly. Similar to my feelings for Mine, I thought this book was 90% overwaxed descriptions and 10% story plot. The end.

*ARC provided by publisher via Netgalley in exchange for an honest review. Please note that all quotes are from an advanced copy and are subject to change in the final edition.*

## **Christy says**

### **4-4.5 REMY Stars!**

Remy... oh Remy! I love him! Just an fyi- \*If you haven't read *Real* or *Mine*, this review may have some small storyline spoilers. *Remy* is a collection of parts from the first two books, plus some new material all from Remy's pov. I love the male pov and it was especially nice to get into a male like Remy's head.

Remy's a complex character. Some of the things that went on in that head of his broke my heart. He has issues, we all know that. But they don't define him. He wants Brooke from the very start . He's never wanted anyone the way he wants her, but he's not sure what to do about it.

I don't delude myself into thinking she will accept me, but what if she does? What if she can understand me? The way I am? The two parts of me?

As Remy falls deeper and deeper into Brooke, his fears come to light. Because he's never felt this way, he's not sure what to do with these feelings. All he knows, is he's not letting Brooke Dumas get away.

"I won't let you fucking leave me."

I won't rehash the whole story, if you've read the first two books, you know it, and if you haven't, you can check out my reviews for the first two books, or better yet, read them for yourself! This is a series you don't want to miss out on!

What I love about Remy: Remy is primal.

I need to touch, smell, taste, claim.

He's a fighter. He's protective, possessive, and has all the fabulous qualities of an alpha male. But he is SO much more than that! Everything he does, he does fiercely. He fights fiercely, he loves fiercely. He kicks my damaged man loving heart in overdrive! I love how he feels music, how he just is who he is despite everything that's happened to him in the past. I just love him!

Emotional, moving, steamy, sweet. A great addition to the Real series. Remy's pov was great- I especially loved his perspective when he was speedy or in the black. The reason it wasn't a five- it was a little too short, and I feel that there were certain scenes that would have been ideal to put in from Remy's pov to better understand him. Still, an amazing read!

There are things you're certain about. That you'd bet your life on. Things that you just know. You know the heat of a fire will burn you. Water will quench your thirst. She is one of those things; the most unerring certainty of my life.

\*\*\*ARC kindly provided by publisher in exchange for an honest review\*\*\*

---

## Michelle says

ARC provided by the author in exchange for honest review

\*\*\*\*4-4.5 REMINGTON STARS\*\*\*\*

**\*\*FYI- Please read Real and Mine before reading Remy\*\***

*Remy is a collection of parts from the first two books, plus some new material all from Remy's POV.*

We all know that Remy is a damaged man. He's diagnosed as bipolar, but that doesn't define him. Remy is a fighter. He's protective, possessive, strong, passionate, and a total bad ass alpha male. Behind all these amazing qualities, there is much more to Remy, the **REAL REMY**. He expresses his emotions and thoughts through his music. He is a man of few words and finally in *Remy*, readers get an insider's perspective on his thoughts and feelings.

What I love about Remy is that he is not afraid to be himself. He accepts his faults; he copes and deals with his black and blue self. When this man loves, he loves fiercely. He goes beyond the means to make sure you know how much you mean to him. So when he laid eyes on Brooke, he made it his mission to pursue and make Brooke his. Getting Remy's perspective and POV was a great way to wrap up the series. Remy is not only a championship fighter but he is also winner in life. He finally gets his Happily Ever After. He got his little firecracker, Brooke and the family that he deserves.

Overall, *Remy* was an emotional, moving, sweet and steamy addition to the *Real series*. I loved that we get to know the real Remy; his thoughts, his feelings, his health and his perspective on his relationship with Brooke. I loved that he was trying to be the best for Brooke and he never wavered in his love and dedication

to her. He made it clear that Brooke was his and she belonged to him. This book consisted of flashbacks and present day Remy and Brooke's wedding day. Hands down reading Remy and Brooke's first night as husband and wife was steamy and romantic. Thank you Katy Evans for introducing us to Remington Riptide Tate. Remy was a great end to the Real series.

Katy Evans

†† ?aisy ♥ †† says

**REMY REMY REMY**

Remy was simply brilliant!!!!!!!!!! By the end of the book, my eyes filled with tears, their wedding and everything, mostly important REMY, took me into beautiful and emotional journey!

Katy Evans, I can't thank you enough for creating REMY!!! One book bf that will def stay in my heart <3

**"Remy... I've never had an affair before. I just won't share you. You can't be with anyone else while you're with me"**

**" When I take you, you'll be mine"**

**"I asked you a question, and I want an answer. Do you like it when other men touch you? "**

**"No, you jerkwad, I like it when you touch me!"**

Reading from Remy's mind was simply wowzer!!!! Definitely made a difference. I was glued from page one!

JUST READ REMY!!!!

***"Because I'm fucking bipolar! Manic. Voilent. Depressive. I'm a fucking, ticking time bomb, and if one of my staff messes up when I get another episode, the next person I hurt can be you"***

\*\*\*ARC provided by publisher\*\*\*

---

## Navessa says

That's this book in a nutshell. A few hundred and how many ever pages too many of Remy imagining his dick on, in, and around Brooke.

And let's not forget his weird obsession with semen play.

If you're looking for an interesting twist on the first story, you'll be disappointed. This is pretty much the EXACT same book as *Real*. Almost every piece of dialogue is reused and almost nothing is added EXCEPT FOR REMY'S INANE, REPETITIVE THOUGHTS ABOUT WHAT HE WANTS TO DO TO BROOKE.

No, I'm not exaggerating.

### THE WORD 'WANT' IS USED 614 FUCKING TIMES!!!

Some of the "fine examples":

*"Makes me want to throw the door down and kiss the hell out of her."*

*"I want her and I'm going to have her."*

*"I want to make her mine."*

*"I want to smell the fuck out of her..."*

*"I want the joy of looking at her and touching her and I want. To make. Her. Mine."*

*"...my body wants to cup her hips and draw her into me so I can scent her more."*

*"...I want to reach the very core of her being before she's mine."*

*"I stare at the top of her head and want to bury my nose in all that dark hair and sniff her until the worlds ends."*

*"I want her to smell me..."*

*"I want her."* <-- this little gem is used nearly 100 times. **O\_O**

I'm not even going to post all the WTFery in the form of awkward sentence construction and strange visuals other than to say that even though this book was allegedly edited it read a lot like the first and left me with the distinct impression that any book written by Evans needs more than one editor because of *reasons*.

## Gi's Spot Reviews says

### 5 Billion 'Soul Deep Love' Stars

First of all I'd just like to state, that years after I read these books and hundreds and hundreds after, **REMY IS MINE!!!** His love, devotion and heart gripping emotions towards Brooke made my ALL TIME best book boyfriend, the ultimate Perfectly Imperfect Hero, and I couldn't have loved him more.

Their story was one of the most soul touching, heartfelt, tear inducing (happy and sad) I've had the pleasure of reading, and again, years passed and a reread done since RACER is coming (OooooooMmmmmGgggg, I need it now!!!), and I never forgot, and never will! This kind of EPIC love, truly is as REAL as could be, and will be forever branded in your soul! As will Remy, the very definition of ROMantic Hero himself will, so don't go trying to steal my man, but if you haven't yet read this series, you NEED too stat! Now, counting down the days until Racer is here to see if it's really 'like father like son' and he will be up there on H Olympus! Not easy, having those high shoes to follow, and I Can't freaking wait!!!! <3 <3 <3 <3 <3
