Bikers

Excellent lots of romance, mystery and action. It has a great plot, I did not want to put the book down.

Kikki Cover says

It was good

It was good, a bit rushed, the whole relationship between piper and savage could have been developed a little more but otherwise it was a good story. I would recommend it to others. It's worth the read.

Savage

I really enjoyed this book. A biker bad boy with a good heart who finds love unexpectedly. The book wasn't too long and got all the character perspectives. Definitely recommend it to mc romance lovers.

Barb VanderWel says

I love this & I can't wait for more.

I will be also leaving a review on Goodreads @ Amazon.

And letting everyone know about it.

So i gave it a 5 Stars.

Maritza says

Nice fast read, but things progressed too fast for me. They went from seeing one another to falling in love with nothing in between.

Nice way to spend a few hours

Join a dirty talking biker and smart BBW nurse as they get out of trouble and get into bed. Enjoy a few laughs as fate seems intent on stopping them from hitting the sheets.

So I am gonna be blunt here.

I did not like it.

You probably guessed that already due to my low rating, and don't worry, I am gonna tell you why I did not find this book any good, just so you can't call me a total bitch. Fair is fair, and all.

- The writing style was my first big nope. There were so many POV's and it literally changed from one sentence to the next. It was messy.

Oh and some of the sentences made me cringe. See below..

“(The arousal that flushed her face left a sweet scent of femininity on his lips” from "Savage (MC Biker Romance)" by Lee Mae, A. Hunter, Melody Simmons)

That's kinda weird, right? Idk, I just can't.

- It's a biker (MC) book. (Hold your horses, I live and breathe for biker books) That was not my issue. My issue was at 21 % into the book Jace (main character and biker) tells Piper (the other main character and nurse) club business. And not only the vague mysteries kind. Nope! Flat- out tells the woman stuff that can implement the entire club! He has known her for like.. 10 minutes! I understand this is a rather short book, but you don't break number one rule of MC club! Club business is for members only!

- Insta-love. I am not against insta-love, I do like it occasionally, but it has to be executed right. I cannot say that this was.

- I felt no connection to any of the characters. They weren't exciting. I didn't feel the need to KNOW what happened to them. I didn't wanna be in their heads. Probably why it took me a long time to finish the book.

-Now everything wasn't completely terrible. The plot truly have something going there, but it was just not “well done”. And a plot can't hold a book up, if everything else is lacking, and especially if the plot itself

wasn't 100% spot on! And I am sad to say it did lack. It lacked a lot.

The cover is really badass though.

Will I recommend : No, I would not waste my time on it.

Ok read

This was an ok read. Good plot and storyline idea. Just too many diff pov during a chapter, confusing who was who. Not bad fpr a quick read, just the pov thing was off, for me

Kathleen Bradbury says

Great book!!

This was a great love story

It ended slightly unfinished but the characters Jace and Piper were well developed and the plot was well written. I just wish there was a little bit more to the story it kind of leaves you hanging.

Shaly says

Insta-love...insta-everything at its finest!

Thank goodness this was free because I would have been pissed if I paid for this...there wasn't enough character development to make this story good. The concept was interesting enough..the execution was poor.

Laura says

Good read

This is a good read for a lazy day. It's a stand alone and can bang it out in a couple of hours. The main characters have chemistry and the story is developed enough that the story keeps you interested.

J. Dorner says

Short, easy to read. A more-good-than-bad guy hooks up with his nurse. Written in third-person point of

view. Decent romance with some heat.

Angel Joy says

Mc romance

Savage is the ultimate bad boy, but he is trying to save his club. Piper is a nurse who was taking care of him. Good read

Kendra Banton says

Great summer read.

This book kept my attention. Only complaint, it was not long enough. I wanted more! Headed to buy more books. Great job.
