## Swan (Modern Fairytales) Aria Cole

With out of control curls, a smattering of freckles, and glasses hiding her dark eyes, Chrissy Masterson has always been the ugly duckling. She never thought she was pretty enough to garner the attention of her crush, Trent McAvoy. With countless nights spent dreaming of just one kiss from the tall, enticing quarterback, she's devastated when he leaves abruptly, their chance at love vanishing as quickly as the crowd after a football game.

Six years after leaving, Trent returns to his hometown hoping to find the girl that once stole his heart way back when, her wavy dark hair and gorgeous smile haunting him for all the years since they've been apart. He catches a glimpse of his curvy beauty one afternoon in the midst of her dance routine and is stunned to find that she's even more gorgeous than he remembered--she's blossomed into a devastating beauty in his absence. From the moment their eyes lock, he's smitten all over again. He'll do anything to get Chrissy in his arms and under his body, making up for all the lost time between them and taking chances he didn't have the courage to take last time.

Warning: Swan is an 11,000 word fairytale short story. It's all about syrupy sweet second chances at first love, and stolen kisses in the moonlight with a swoonworthy virgin hero and the woman he never could quite forget. Enjoy!

## From Reader Review Swan (Modern Fairytales) for online ebook

### Janie says

Short sweet and beautiful. Insta love at its best. Loved both main characters. Trent's mom was a hoot. Aria Cole's books are seeming to work for me each time.

---

### Chantal ♥? says

Love that they are both virgins and saving it all for each other.

Wow just great and hot but way too short.

The whole mama boy thing I don't see it as a problem because he respects his mother and it's sweet.

He treats her right and that's the way you want to be treated.

Respect and affection are not signs of a mama's boy to me. I guess I see it differently because I have 3 boys myself. It lost a half star because I could not understand how a man with no experience could be as OMG hot in the bedroom or any other room?

I mean wow really?!

4.5 stars

I just don't get that.

Keeper.

### Nicole says

What a beautiful and sweet story, i suppose almost everyone had a huge crush in their lives well Aria Cole brought this subject up by creating this lovely story Swan. Chrissy always thinking bad about her appearance and not be very bold but more like a mouse since she was little she had a crush for the quarterback Trent McAvoy and never expected that he will see her as she sees him, but six years later Trent is back and Chrissy is about to one Big surprise about that.

Trent wow Trent i loved his possessive, bold character the sexy male wanted her for many years back and now he will seize the chance he is been given to fill for all those years/time he missed. Their story is like a fairytale indeed like the "ugly duck who becomes a swan and wins the beautiful, sexy prince", it was very enjoyable and the author definitely will become one of my favorites, the ending was fantastic and sweet like a candy. I definitely recommend this beauty and i'm looking forward to read the next book the author will write!!!

**Diksha says**

[2.75 stars

The hopeless romantic in me wishes they had not dated others during separation :P but both remained virgins so i think that makes up for that ;)

i liked it, short satisfying read!

Sweet epilogue. I'll read more from this author(view spoiler)

**Mercedes says****3.5 Stars**

Swan was such a cute read. Chrissy and Trent were so sweet with each other. After so much time had passed they managed to find their way back to one another. They had gone to high school together and the sweet need had a crush on the schools star quarterback. Unbeknownst to Chrissy, the star quarterback had returned her affections but was too shy to make a move. They find each other again and sparks fly between the two.

This one is perfect if you're looking for something quick, sweet, and a bit sexy.

\*\*I received an ARC in exchange for an honest review

**Donna ~ The Romance Cover says**

There is short and there is short...this was too short. This has the potential to be a great story but it moved so fast, unbelievably fast that it just didn't give credence to anything that happened. It could still be a short story but it needs a little fleshing out in places so that you can at least know something about the characters. Took me less than half an hour to read, so you blink and it's over.

**Bookloverme says**

What a beautiful and sweet quick read. My first book of Aria Cole and definitely not the last. In fact, I'm so glad to say that she's an auto-read for me because her books will always be safe from cheating, love triangle, sex outside the H/h, menage/sharing and abuse/rape. Plus her books will always be HEA.

The story was about Trent and Chrissy, both 22.

Trent left six years ago to study and he got his degree in sports medicine. Now he's back in town for good as the new coach and he wanted Chrissy to be his.

Chrissy was a nerd and an ugly duckling at the time but Trent wanted her even before he left. And now that he's back, he wanted her even more.

Everything happened so fast but they already wasted six years and they didn't want to waste time anymore.

He was so good to her. They were so good together. And there's a cute epilogue. I can't wait for more Aria Cole's books.

**Tink Magoo is bad at reviews says**

There was nothing wrong with this one in regards to the writing or story, it's just that my personal preference is for more of a manly man. Trent was too soft and too much of a Momma's boy for me. I like a slightly grumpy, commanding, rugged and possessive man. Not to mention that the two sides of his character - the soft sweet Momma's boy and the dirty talking man - didn't feel like they meshed together very well. That meant that the sex wasn't sexy and the whole thing fell flat.

And that epilogue caused me to develop a spontaneous toothache. Sweetness overload. Jeez

Can someone please tell me if all this author's stories are like this one, because if they are it's best I just avoid them.

**Gi's Spot Reviews says**

**IT'S LIVE!!!**

Both virgins and the most fantastic Hero?! Perfection!!! What an amazing surprise short story!  
Trent... Virgin and such a dirty mouth... (\*cue dreamy eyes\*) ♡?

---

**warhawke says**

**Genre:** Erotica

**Type:** Standalone Short Story

**POV:** First Person - Dual

**Rating:**

Chrissy thought herself as an ugly duckling. She hid behind her glasses and quietly fawned over the high school star quarterback, Trent McAvoy thinking he would never notice her. She was disappointed when he disappeared out of town. Six years later, he's back and ready to claim her.

*There was nothing standing between us anymore, and even if something did, I'd move hell and high water to make her mine.*

This one was a cute read. The quiet girl who thought no one ever seen her lusting after the popular boy only to find out later that she had been on his mind since the beginning.

*"God yeah," he groaned as his body tensed beneath me, his hands around my waist, his head cradled between my voluminous breasts as he shot jets of white hot cum into my body.*

And to add glitter sprinkles to it, not only she's a virgin, but he was too! [*insert aww sound effect*] But rest assured, that doesn't stay long because they were at each other as soon as they reunited haha!

Swan is an adorable quick read about finding love and recognizing one's own beauty. It's perfect for when you want something short and sweet.

## **Deserie williams says**

3.5 stars! So this was a sweet, too short sexy read. It was a bit rushed and I wish there was more to their story but I enjoyed it! The hero was exceptionally sweet and I loved him !Love their epilogue:) I'll definitely be reading more from this author as long as she stays safe for me:)

Safety gang safe

both virgins

both dated others

No details on what they did with others but it seems that they were true virgins and never did anything but kiss others:) I'll take it!!!

heroine did have a bf off and on for a year and was broken up with him for 6 weeks at the start of the book. he shows up once and texts her a few times but she doesn't want him never really did!

---

### **Jenny says**

Even though I don't like reading about virgin heroes that was a sweet and sexy story. Epilogue with twin babies was nice.

---

### **~Nichole~ Sizzling Pages Romance Reviews says**

Super sweet story about two people who were separated by life's circumstances. Years go by but the spark lit immediately again once they stumbled upon each other . Sexy times with sweet and super romantic banter kept me smiling . This author puts a smile on my face and sweetness in my heart.

---

### **Barbara? says**

Short and sweet. Not enough to really get a feel of who the characters were but still enjoyable and enough to hit the spot.
