J. A. Whiting' s Cozy Mysteries

This is an enjoyable paranormal mystery. You care about the characters and what they are going through to solve the murders. The main characters are the Roseland sisters and their dear friend, Mr. Finch. They all have different paranormal ability that help them solve the murders. Also there are two special cats who help them. The book is very entertaining and moves at a fast clip. I definitely recommend this book.

This series just keeps improving, volume by volume.

The Roseland Sisters, Tom, and Mr. Finch are set off on another murder case when a trip to the Dentist goes awry. The Dentists never show...why? Well, Angie and her Sister go to try and find them, worrying about a possible car accident...it's murder and there will be more to discover.

The entire cast is back and I was glad to reunite with them. I love the gentle interaction between all.

If you haven't discovered this cozy series yet, or any other by Ms. Whiting, you are missing a darn well written set of books.

Very good

I love this sisters, Mr. Finch and all the boy friends and Tom. I hope that you'll write more stories with these characters. There's always a murder but it's never gory details. I hope to read more of your future books. Thank you for entertaining me.

Good book! Worthy of reading, interesting story and characters

This book had a cast of main characters that were well developed as well as several characters that had smaller, though interesting, characters that were good additions. The mystery that blended across two states with numerous twists and turns keeps the reader engaged in the story. Even the side stories by the lesser characters of their own personalities made the reader laugh or wonder if it was a clue to the mystery. I never like to put so much specific information in a review, just enough so you can decide whether or not to read it for answers and details.

The crime solving team from Sweet Cove has another case and not solving it quickly could mean tragedy for a close family friend.

When married dentists are murdered and another body is found in one of the victim's car, it is the beginning of a "whodunit" that will keep you guessing !

I enjoyed the book and love the way the series has evolved. The addition of friends and the sometimes quirky (or guilty!) guests at the B&B is always entertaining. There is romance (Mr. Finch & Betty are sweet!), humor, action, mystery and a paranormal element that makes the series a little edgy - but just enough to be a part of the mystery and it enhances the series! And of course, we can't leave out the cats!

I'm looking forward to the next adventure in Sweet Cove!

The problem I have with this book is that after 10 previous books we are still not going anywhere. yes, they have powers, yes, they have intuition. But that is it. The story is trying to wrap 5 main characters plus their significant other around the Chief and his murder of the month. There is no depth and as a reader I am not engaged with their lives and the story. Basically, each book follows the same pattern: powers detect crime, powers investigate crime at the scene and by having suspects stay at the B & B, cats solve crimes with sisters help, significant others have no impact but appear in cameos, sisters (or in this case someone else important) in danger, crime solved. It was cute for a couple of books, but it was a lot more boring in this one.

Sweet Time

The girls and Mr. Finch are back on the case. This time they are helping Chief Martin find the murderer of two dentists and their dental hygienist. A great read, that you won't put down until the end.

The Roseland sisters are back

.....

in this their 11 th mystery. It is best if you are new to the series, to read it from book one, as characters and events develop throughout their stories.

This story starts with the sisters being apart as Jenna enjoys time with Tom. Courtney however, has a bad day.

Courtney's accident means a trip to the dentist, something Courtney has trouble with, so Angie goes along for support. Angie and Courtney both feel uneasy in the outer office, with no sign of either dentist, they investigate, calling Chief Martin when they get overwhelmed whilst outside the house.

The Chief arrives to find 3 dead and a new case opens up for Chief Martin and the Roselands.

There are quite a few characters that pop up. The story for me was a little slow in the flow. I was also a little disappointed with the ending having figured out the killer early on and hoping for some twist in the tale.

In the story a loved one nearly dies bringing deeper reflection and depth to the main characters. This time the boyfriends and others make a reappearance which was wonderful to see.

Overall the story continued the Roseland sisters' stories and was a great read.

A jealous person care be very deadly!!!!!!

20 stars!!!!!!

Angie and her sisters, Mr. Finch are incredibly remarkable.

Two new dentists moved to Sweet Cove to set up a practice doing well, but something wasn't right about the situation.

Angie couldn't figure out, when Courtney had to go to the dentist for a chipped tooth to get fixed.

That is when all heck broke loose, in Sweet Cove.

Chief Martin had a real rough case that everyone in the gang had got involved in to help.

You have to read this book. I stayed up all night to finish this book.

WOW, YOU WON'T BE DISAPPOINTED!#!!!!!!,

I have now completed the entire series. I liked the fact that every book in the series explained everything.

Therefore for those not reading them in order still wasn't lost. However I'm glad I read from book 1 to book 11. Can't wait until book 12 comes out. Well written, easy to follow and just really enjoyed this series.

Angies feelings

I chose this rating because this book held my attention so much. I so enjoy reading about all the sisters and their adventures. Of course, Mr. Finch is always a big part of the story. Just totally enjoyed the book. Look forward to another sweet cove adventure.

Darlene Ramsey says

Sisters are a force to reckon with.

The sisters are all feeling something is in the air. They don't know what it is, but it is an energy that can be felt but can not be recognised. A ghost appears but then disappears, two bodies are found. Murder victims. Mr. Finch feels the energy too. Whose going to be in danger? The girls, some of their friends? Need to read to find out. I could not put this book down.

Debbie Mccollum says

Sisters to the rescue

I have enjoyed all the books in this series. Each sister has a chance to use their special talents, as before they are in the middle of another murder, but this time someone special to them come face to face with death.

Diane Montagnino says

A wonderful series

A wonderful series of love, friendship and murder. Reading each installment of this series is a visit with old friends. A Victorian B&B, sweet shop, bakery, lovely sea side setting, what more could any reader ask for...maybe a glass of lemonade and a cozy chair!

Sweet Tie in Seconds

This is Book 11 in the Sweet Cove mystery series, but is definitely well able to stand alone. I don't believe I've read any of the other books in the series but had no dangling questions. The story was surprisingly good. Surprisingly because sometimes series books become rote and dull - boring. I enjoyed this book and felt the story and characters were interesting and contained spurts of originality. Yep, I think you should read it.
