**The Assignment 1** Abby Weeks

**What would it be like to be a high-class prostitute?**

That is what Lacey Garner is about to find out in this sizzling new series from one of Amazon's sexiest new romance writers.

**Lacey Garner** is an idealistic young reporter who seems to have it all. She is beautiful, successful, and works for one of New York's most prestigious news magazines. Beneath the surface however, she is struggling to live with devastating memories.

A new assignment challenges every feeling of guilt and shame that haunts her past. She is forced to go undercover as a high-class call girl and expose one of the city's most secretive and expensive boy's clubs. Her editors want her to do whatever is necessary to uncover the sordid and erotic entertainments the club engages in.

Will she be able to do what is required to get this story? And what if she begins to enjoy the degrading and humiliating sexual encounters, so familiar to the world of cheap prostitutes she was forced to grow up in?

This assignment will test Lacey to the very core of her being.  
Will you be with her on her journey?

## From Reader Review The Assignment 1 for online ebook

### Mary Mooney says

I received a copy from the author in exchange for my honest review, so here it is. Another great beginning to a great story by Abby Weeks. Lacey is a journalist, she is trying to not turn out like her mom. Her mom was a whore and while they were living in a motel, Lacey saw more than any child should see. When she turned 16, her mom moved her into an apartment and got her a job as a waitress and that was the last time she saw her mom until her funeral. She did not want Lacey to be like her. Now Lacey is living in New York and has a great job working at The Pulse, a great magazine. When the assignment of her life is put in her lap. She is to pretend to be a call girl to infiltrate the Boy's Club and learn the secrets of this club. When she decides to take on the assignment, she finally tells herself that is about the job and not her being a whore. I really enjoyed this one and can't wait to read more and find out what happens to Lacey.

---

### Herman says

"If you want to leave the past behind you have to do it through your actions. You have to lay down in deeds, every single day, the person you want to be. If you want to be a courageous young woman, a woman in control of her life, who sets her own destiny, who writes her own story, then you have to do it one deed at a time, one difficult decision at a time. It's about the blood and sweat you're willing to spill, day after day."  
Lacey

There were a few bad reviews of this book and it gave me pause as to whether I wanted to spend the time (So little time so many books) but I read her Twister Rose saga and was impressed by the writing in that one so I thought what the heck give it a try. So this is only part 1 I don't actually know what happens for the first book is only setting the stage. A very long setup or tease what I like about this writer is she writes dark fiction life's underside, bikers, slaves, rapist, prostitution, etc. but she approaches the main characters the women as if they are undergoing a spiritual challenge. This writer knows all about exploitation, objectification of women, humiliation, and power transference, what she doesn't do is wallow in it create a story just to serve base male urges, and that is unusual in erotic storytelling where formula is usually predictable and the point of view is almost always male. Here we see Lacey a reporter with personal conflicts related to her past. The writer does not give us flashbacks or go into detail about Lacey's past beside a general outline that shows a difficult youth going up in poverty with a prostitute mother living in cheap hotels which ended up in her working for one of her mother's pimps. I suspect more backstory in part two will explain more about how a 16 year old prostitute came to become a New York magazine writer. One thing I didn't like so much about the first part of this saga was the reiteration of her fundamental conflict that she enjoys the power and control of her role in the sex games but rejects the abuse and the shame of the sex worker. This is what sets her books apart, it's what I enjoy about her characters that they have this depth in them but the repetition of this emotional conflict was a little boring after awhile (OK I get it lets move on) still wasn't bad a bit drawn out and slightly boring especially if you were expecting a lot of hot dirty sex maybe in the next part it's worth reading if you have time for a filler book but so far this one didn't totally gab me not as good as her Twister Rose series at least not yet.

## **Veronica Buckler says**

### **Intriguing Read**

The Assignment - A Call Girl's Fantasy, Book One in a trilogy got off to a bit of a sluggish start, but ended in a doozie of a cliffhanger.

Lacey is a bit of a sad creature who is struggling to figure out who she is and doubts her self-worth. Her assignment through the magazine she reports for is quite intriguing, unnerving and potentially dangerous. I am anxious to get book two so I can see where this adventure takes her.

---

## **Mellissa Hamley says**

A journalist with a rocky childhood is given the opportunity to join an escort service that caters to a club full of the most rich and powerful people in the hopes of discovering the biggest story of her life.

This book is merely setting the scene and if you want to read more you have to buy the rest in the series. Not a fan of writers doing it this way. It didn't blow me away so I'm unlikely to pay for the rest of the set.

---

## **Patsy Fox says**

Not what I usually read so I thought it might be fun to try something different. This writer has you feeling sorry for Lacey and her lack of self confidence. Which makes Abby Weeks a good writer. What a bad childhood Lacey has overcome and now her boss has thrown her into the very thing she was trying to get away from. This story has some very disturbing scenes. I feel like these things really do go on but we just don't hear about them. Disappointed the book ended so soon. I must read the next one to see what happens to Lacey.

---

## **Kimberlyn says**

### **DNF**

Couldn't get through all the repetitiveness and slow-moving story. Could not finish this book. Also, sex does not equal an emotional connection. I wish writers across the line would stop perpetuating this myth.

---

## **Riri says**

Personally, I believe this book is bad in sooo many levels.

What is up with her and Ric? You just could not do that >:( Where is your digniiiiityyy??

Also, with the job. I just don't get it. Why do you have to sacrifice yourself just for the assignment?

Reporters may go undercover and all that but that was just too much. And that thing with the dog... too disgusting that I can't even mention it here. Also, I do not want to spoil it to others :p lol

---

## **Meleka Taylor says**

### **Great story with character development**

I like how Lacey is a down to earth, simple woman. She likes a manly man. A man who can assert himself. I like how when she was waiting for Ric she was thinking about having date at McDonald's with the maitre d'.

I love the character development in this story. You get the background of who Lacey never wanted to be. Knowing that her mother was a prostitute and that she was forced to do things that she didn't want to do you get to see the struggle going on in her mind. Is being a whore hereditary? Her mom instilled a mindset in her that helped her both positively and negatively. She gave her advice that helped her deal with people in her personal life and in the professional world.

You get to see how real this woman is. She is beautiful, social, and successful but all she sees is a whore. She is so hard on herself. Harder than anyone else is. She goes through thoughts and emotions a woman goes through on a daily basis. She is just a regular woman. To me is what most men want, a woman in the street and a freak in the sheets.

I love when she decides to take advice to live as the person she wants to be. It finally solidified for me when she finally stood up and became strong to make the decision to not be the woman Ric wanted to portray her to be. She is not just a slut to be used but a woman worth something. And I see that she is going to have more struggles trying to find out who she is. That's why I want to continue reading this story. I want more.

## **Mummy's Naughty Corner says**

Book gifted from the author in exchange for an honest review.

Cover :- 3 stars

Sex/steamiiness :- 2 stars

Story line :- 3 stars

Characters :- 3 stars

Overall rating :- 2.75 stars

Personal rating :- 3 stars

Book Pairing:- M/F

Did it give me a book hangover :- No

Is this a review book or personal read :- Review read

Why I chose this book?

I got given an arc

What I liked about this book.

\* The writing was good.

\* The storyline has potential.

What I didn't like about this book.

The book just didn't do it for me.

Would I read more from this author?

Yes

Would I recommend this book?

Undecided

---

### **Dirty Dayna says**

1 star.. it sounds like a terrible review to give. I think this book if it had been longer would have easily placed this a 3 star I can tell something is building and it would totally capture my attention. the book ends and its really not a cliff hanger.. you really just don't care about any of the characters.. it just falls flat.

---

### **Shellie Johnson says**

Cliffhanger series.

This is the first book I've read from this author and I don't think I will be reading anymore. I will not be reading the rest of this serial series. The writing was just ok. The story sounded good but it fell short. I really couldn't get into the character she was to weak and I didn't feel that sorry for her. she was dwelling in the past to much and how could she let Ric do what he did to her?

Overall I never got hooked on this story. Only reason I finished this book was for a reading challenge.

Boring read sorry to say. I would not recommend this book to anyone. It was a good concept but no follow through.

---

### **jean collins says**

**Don't even bother with this one**

**Don't even bother with this one**

if you like cheap sex novels this is for you, I personally don't and thought this book was disgusting from the

first few pages. Plus being short, which maybe these type of books are. The last chapter only begins the next sexual setting so I suppose one needs to purchase the next book, and so on. I will stick with my murder mysteries.

---

### **Yeji Kim says**

After picking up a free copy on Amazon, I didn't really know what to expect. It is kind of along the lines of 50 Shades of Grey stories that are pretty abundant around now, but it was a decent fast read. The main character is likable and the story-line is interesting. The rest of the series would be interesting to read if only for the story-line of this underground "Club" and who are involved in it and why.

---

### **Quentin Stewart says**

A young lady attempting to escape her past has landed a job at a prestigious magazine in New York City. She has left behind a mother who was a prostitute and who tried to save her by getting her to move out of where they lived and start on her own at an early age. Before that could occur she had already been turned out by a pimp at an early age. With her mother's death there was nothing that held her there so she fled to NYC. Here she is befriended by an editor of the magazine and she lands a job that she hopes will help her truly escape her past.

She is lonely and her benefactor keeps fixing her up with different dates hopefully to help her find a boyfriend. One such date ends with running away but the next evening he invites himself over and uses her in a way that makes her wonder if she is not really a prostitute and not a magazine writer. She had used her charms to get him to make love to her but he used her and left as if she was a whore.

With this on her mind the managing editor of the magazine asks her to go undercover to investigate an exclusive men's club in the city where some of the ruling politicians and high rollers are said to be using prostitutes for some off the wall pursuits. She knows she can handle the investigation but does she truly want to tempt her inner self by going back into prostitution, even for a brief time. Is she tempting fate by accepting the job?

This book ends with her first trip to the exclusive club. I look forward to the second in the series to see how it all comes out. Very good and interesting read.
