## **Wegkomkans** Marita van der Vyver

Tien vriende wat oor 'n tydperk van tien jaar byeenkom – en onder andere emigrasie, spermteellings, oudword en seksuele frustrasie bespreek – is die spil van hierdie roman.

*Wegkomkans* is 'n roman oor die verhouding tussen tien vriende oor 'n tydperk van tien jaar, wat strek van die politieke noodtoestand in die jare tagtig tot die demokratiese bevryding. Soos in 'n stadige dans beweeg hulle om mekaar, nader en verder, en weer nader, en deel in mekaar se ekstase en smart, vrese en fantasiee. Hulle ontmoet mekaar tydens "wegkomkans" by die see, gewoonlik in 'n strandhuis, en praat oor politieke geweld en emigrasie, seksuele frustrasies, spermteellings en plooië. Soms met spot en selfspot, soms hartstogtelik. Die huwelik loop vir byna almal in die groep op 'n fiasko uit, nuwe verleidings en verhoudings volg, en die vreugde en risiko van ouerskap word 'n nuwe gesprekstema. Tegelyk begin die jeugdige glans verdof, en pynlike werklikhede keer die blik na binne. Uiteindelik is dit vriendskap wat die aanslag van tyd en trauma deurstaan; wat 'n skans teen verlies vorm. *Wegkomkans* bied prikkelende insigte in mense se versugtinge en ontnugteringe; in die verraderlikheid van die hart.

## **Mareli Thalwitzer says**

Nog 'n Marita van der Vyver boek wat ek al vir die derde maal + lees. As jy die grootste gedeelte van jou bestaan in jou verbeelding deurbring, kan die werklikheid erg vervelig begin lyk.

---

## **Heidi Malan says**

Lank gelede die boek geles, my laat dink aan mense met "fomo" en eet helemal te veel uit mekaar se borde uit...was een van my minder aangename leesstof

---

## **Rendier says**

Excellent reading - takes you back to those years....

---

## **Janet says**

I was captivated by this book in a way I haven't been captivated for a while. Kept me up late reading. A page turner, a book that introduced me to new friends, wonder what is happening in their lives today! Loved it.

---

## **Rita Kruger says**

It's been ages since I read Marita's novels, but I'm so glad I picked this one.

This novel is about a group of friends trying to negotiate life in a changing South African political environment. We meet them on ten occasions when they go away for a weekend spaced over ten years. But it is not only the politics that are changing. We also see the changes in them across the years, physical, emotional and spiritual.

I loved this novel! The characters became my friends, and when tragedy touched them I shed a tear. I wanted to fight their battles with them, and comfort them in times of hardship.

Highly recommended. A page turner.

## **Nelda Hazelhurst says**

---

**Debbie Lilley says**

Set in South Africa over ten years about the relationship between 7 friends and how their lives are affected by the changing time in South Africa between 1990 and 2000

---

**Onika says**

Fantasties.

---

**Nicolette Coetzee says**

Met tye raak dit vervelig. Dit is baie herhalend.

---

**Nevanthri says**

I enjoyed reading this book. However, I found the French words and French food to be out of place. It did not seem likely that a bunch of Afrikaners?, especially men, would be making Bouillabaisse. I read about the author and she lives in France which explains all the French references. Other than that, I found the book very enjoyable. The characters had a lot of depth and personality.
