Loved the art as a kid!!

Kali says

The Four Abdallahs is heart-warming, the one about Long John the whale hilarious...wish the author were alive for me to listen to.

Edwina Callan says

Me and my inner child both loved this book.
Much fun getting lost in the world of mermaids and mermen!

Christy says

I loved this book growing up.
Probably checked it out from the library twenty times.
I had a strong, sudden desire to own it and keep it on my bedside table for the rest of my life. I hunted one down through eBay.
Some of these stories are melancholy...which I like.

Megan says

I finally (finally!) found this book after loving it as a child. These stories gave my sister and me so many happy memories. The new edition is nice, but I liked the original illustrations and you can't beat that old-book feel.
